

families of those harmed and the families of those who were murdered there at Virginia Tech. We do extend our sympathies.

It seems like it would be inappropriate to bring up legislation that we are going to have a hearing on today, hate crimes. The hate crimes bill we take up will say we should protect more those with gender identity issues, with homosexuality issues, things like that, than college students, because the message of the bill is this: the hate crimes legislation says the majority of the Congress says that if you are going to hurt someone, if you are going to shoot them, brutalize them, please, make it a random, senseless act of violence like in Virginia. Don't hate them while you're hurting them.

That is a ridiculous message to send with legislation and I hope we will rethink it.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. ROSS). Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote is objected to under clause 6 of rule XX.

Record votes on postponed questions will be taken later today.

WILD SKY WILDERNESS ACT OF 2007

Mr. GRIJALVA. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 886) to enhance ecosystem protection and the range of outdoor opportunities protected by statute in the Skykomish River valley of the State of Washington by designating certain lower-elevation Federal lands as wilderness, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 886

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Wild Sky Wilderness Act of 2007".

SEC. 2. ADDITIONS TO THE NATIONAL WILDERNESS PRESERVATION SYSTEM.

(a) ADDITIONS.—The following Federal lands in the State of Washington are hereby designated as wilderness and, therefore, as components of the National Wilderness Preservation System: certain lands which comprise approximately 106,000 acres, as generally depicted on a map entitled "Wild Sky Wilderness Proposal" and dated February 6, 2007, which shall be known as the "Wild Sky Wilderness".

(b) MAP AND LEGAL DESCRIPTIONS.—As soon as practicable after the date of enactment of this Act, the Secretary of Agriculture shall file a map and a legal description for the wilderness area designated under this Act with the Committee on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of Representatives. The map and description shall

have the same force and effect as if included in this Act, except that the Secretary of Agriculture may correct clerical and typographical errors in the legal description and map. The map and legal description shall be on file and available for public inspection in the office of the Chief of the Forest Service, Department of Agriculture.

SEC. 3. ADMINISTRATION PROVISIONS.

(a) IN GENERAL.—

(1) Subject to valid existing rights, lands designated as wilderness by this Act shall be managed by the Secretary of Agriculture in accordance with the Wilderness Act (16 U.S.C. 1131 et seq.) and this Act, except that, with respect to any wilderness areas designated by this Act, any reference in the Wilderness Act to the effective date of the Wilderness Act shall be deemed to be a reference to the date of enactment of this Act.

(2) To fulfill the purposes of this Act and the Wilderness Act and to achieve administrative efficiencies, the Secretary of Agriculture may manage the area designated by this Act as a comprehensive part of the larger complex of adjacent and nearby wilderness areas.

(b) NEW TRAILS.—

(1) The Secretary of Agriculture shall consult with interested parties and shall establish a trail plan for Forest Service lands in order to develop—

(A) a system of hiking and equestrian trails within the wilderness designated by this Act in a manner consistent with the Wilderness Act (16 U.S.C. 1131 et seq.); and

(B) a system of trails adjacent to or to provide access to the wilderness designated by this Act.

(2) Within two years after the date of enactment of this Act, the Secretary of Agriculture shall complete a report on the implementation of the trail plan required under this Act. This report shall include the identification of priority trails for development.

(c) REPEATER SITE.—Within the Wild Sky Wilderness, the Secretary of Agriculture is authorized to use helicopter access to construct and maintain a joint Forest Service and Snohomish County telecommunications repeater site, in compliance with a Forest Service approved communications site plan, for the purposes of improving communications for safety, health, and emergency services.

(d) FLOAT PLANE ACCESS.—As provided by section 4(d)(1) of the Wilderness Act (16 U.S.C. 1133(d)(1)), the use of floatplanes on Lake Isabel, where such use has already become established, shall be permitted to continue subject to such reasonable restrictions as the Secretary of Agriculture determines to be desirable.

(e) EVERGREEN MOUNTAIN LOOKOUT.—The designation under this Act shall not preclude the operation and maintenance of the existing Evergreen Mountain Lookout in the same manner and degree in which the operation and maintenance of such lookout was occurring as of the date of enactment of this Act.

SEC. 4. AUTHORIZATION FOR LAND ACQUISITION.

(a) IN GENERAL.—The Secretary of Agriculture is authorized to acquire lands and interests therein, by purchase, donation, or exchange, and shall give priority consideration to those lands identified as "Priority Acquisition Lands" on the map described in section 2(a). The boundaries of the Mt. Baker-Snoqualmie National Forest and the Wild Sky Wilderness shall be adjusted to encompass any lands acquired pursuant to this section.

(b) ACCESS.—Consistent with section 5(a) of the Wilderness Act (16 U.S.C. 1134(a)), the Secretary of Agriculture shall ensure adequate access to private inholdings within the Wild Sky Wilderness.

(c) APPRAISAL.—Valuation of private lands shall be determined without reference to any restrictions on access or use which arise out of designation as a wilderness area as a result of this Act.

SEC. 5. LAND EXCHANGES.

The Secretary of Agriculture shall exchange lands and interests in lands, as generally depicted on a map entitled "Chelan County Public Utility District Exchange" and dated May 22, 2002, with the Chelan County Public Utility District in accordance with the following provisions:

(1) If the Chelan County Public Utility District, within ninety days after the date of enactment of this Act, offers to the Secretary of Agriculture approximately 371.8 acres within the Mt. Baker-Snoqualmie National Forest in the State of Washington, the Secretary shall accept such lands.

(2) Upon acceptance of title by the Secretary of Agriculture to such lands and interests therein, the Secretary of Agriculture shall convey to the Chelan County Public Utility District a permanent easement, including helicopter access, consistent with such levels as used as of date of enactment, to maintain an existing telemetry site to monitor snow pack on 1.82 acres on the Wenatchee National Forest in the State of Washington.

(3) The exchange directed by this Act shall be consummated if Chelan County Public Utility District conveys title acceptable to the Secretary and provided there is no hazardous material on the site, which is objectionable to the Secretary.

(4) In the event Chelan County Public Utility District determines there is no longer a need to maintain a telemetry site to monitor the snow pack for calculating expected runoff into the Lake Chelan hydroelectric project and the hydroelectric projects in the Columbia River Basin, the Secretary shall be notified in writing and the easement shall be extinguished and all rights conveyed by this exchange shall revert to the United States.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Arizona (Mr. GRIJALVA) and the gentleman from New Mexico (Mr. PEARCE) each will control 20 minutes.

The Chair recognizes the gentleman from Arizona.

GENERAL LEAVE

Mr. GRIJALVA. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Arizona?

There was no objection.

Mr. GRIJALVA. Mr. Speaker, H.R. 886, introduced by the gentleman from Washington State, Representative RICK LARSEN, would designate a 106,000-acre wilderness on national forest lands in the State of Washington. The proposed wilderness, to be known as the Wild Sky Wilderness, has probably been more studied and reviewed than any recent wilderness considered by the Natural Resources Committee.

This is not a new matter. Nearly identical legislation was approved by the committee in the 107th Congress. This message was subject to a hearing in 2004, at which time the administration testified they do not object to its passage.
