#### HONORING DAVIE PIÑA, OF CALIFORNIA

##### HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 12, 2007*

Mr. THOMPSON of California. Madam Speaker, I rise today to recognize Mr. Davie Piña who is being honored by the Napa Valley Grapegrowers as their Grower of the Year on Friday, June 1, 2007. Mr. Piña is being recognized for his outstanding contribution both to the wine grape industry, and to the larger community of the Napa Valley.

Mr. Piña is a sixth generation farmer in the Napa Valley, where he was born and raised. After attending California Polytechnic State University at San Luis Obispo, he took over and has substantially expanded the vineyard management business begun by his father, John Piña, Sr., over 40 years ago. Today he operates the thriving vineyard management group and is a partner running Piña Napa Valley winery as well as involving himself in numerous groups in the community.

Piña Vineyard Management has been at the forefront of sustainable farming practices in

the Napa Valley for many years, incorporating ecologically friendly agricultural techniques with sophisticated technology to help clients ensure the long-term quality of their vineyards. Mr. Piña's environmental consciousness extends beyond his work in the vineyards, as he has cochaired a local environmental project referred to as the Rutherford Dust River Restoration Team that is working to restore the watershed of the Napa River as it passes through the Rutherford area. He is part of an excellent leadership team that has brought about significant and ongoing changes to the quality of the habitat along the river.

Mr. Piña has also served as the Assistant Fire Chief for the Rutherford Volunteer Fire Department for the past 18 years. During this time he has taken on numerous responsibilities, including storing the department's fire engine on his own property while spearheading the project for a permanent Silverado Fire Station that opened in 2006. As a professional vineyard manager, he was keenly attuned to problems in the industry, and last year he helped organize local farm managers, and ultimately facilitated the Vineyard Managers Facilities Ordinance. This important work has allowed the legalization of vineyard management operations, and will help ensure regulation and quality in Napa Valley agriculture.

Madam Speaker and colleagues, it is appropriate at this time that we thank Mr. Davie Piña for the hard work he has done on behalf of the Napa Valley. As a respected manager and now winemaker, he has advanced the reputation of Napa Valley grapes and wine, and he has also been a model citizen and superb steward of the land he lives on.
