

seen massive floods throughout Texas and in the Midwest as well, particularly in Kansas and Missouri. While all these events are all uniquely tragic, it is my hope that the devastation experienced in Fort Collins, Colorado 10 years ago can serve as an example to the many other communities across the country that are not as far removed from their storms: that there is a light at the end of the tunnel, and as insurmountable as a natural disaster may seem, life will and does go on.●

IN MEMORY OF MATT BURTON
AND SCOTT DESMOND

● Mrs. BOXER. Madam President, it is with a heavy heart that I ask my colleagues to join me today in honoring the memory of two courageous firefighters, captain Matt Burton of Concord, CA and fire engineer Scott Desmond of Brentwood, CA. Captain Burton and Fire Engineer Desmond were heroes who died in the line of duty in San Pablo, CA on July 21, 2007. Captain Burton was 34 and Fire Engineer Desmond was 37.

Both men were dedicated firefighters who served in the Contra Costa County Fire Department for more than 10 years. They were killed while battling a residential fire in a neighborhood outside of San Pablo. The two residents of the home, Delbert and Gayle Moore, were also killed in the blaze.

Captain Burton and Fire Engineer Desmond are remembered by friends and colleagues as cheerful and full of life as well as seriously dedicated to their profession. The men served the community with enthusiasm and a commitment to protecting the residents of Contra Costa County.

Captain Matt Burton and Fire Engineer Scott Desmond risked their lives every day to make Contra Costa County safer. We will always be grateful for their brave service to their community and the State of California. Our hearts go out to their families, friends, and colleagues who struggle with their loss.

Captain Burton is survived by his wife, Chantel, and his two children, Megan and Joshua Matthew. Fire Engineer Desmond is survived by his wife Carolyn and his 17-month-old son Tyler.●

50TH ANNUAL BAT FLIGHT
CELEBRATION

● Mr. DOMENICI. Madam President, I would like to honor and give special attention to the 50th annual Bat Flight Celebration Breakfast, at New Mexico's beautiful Carlsbad Caverns. Every evening over 300,000 Mexican free-tail bats exit the caves to feed, only to return in the early morning hours. It is in these early morning hours, once a year, that visitors gather to observe the return of these thousands of bats to their homes inside these incredible caves. On Saturday July 28, 2007, for the 50th time, over 600 visitors gathered and enjoyed a New Mexican break-

fast while witnessing this magnificent in-flight return to the cave.

Created by inland sea between 250 and 280 million years ago, the limestone caves of Carlsbad were declared a national monument in 1923, and the surrounding area was made a national park in 1930, in order to preserve its unique beauty and geology. Carlsbad Caverns National Park has more than 100 known caves and covers over 46,000 acres, with approximately 33,000 acres designated as wilderness. The park's most prominent feature is the cavern itself, which contains one of the world's largest underground chambers and countless spectacular geological formations, many of which are easily accessible along a 3-mile paved underground trail.

The next time you happen to be in New Mexico, I encourage you to come visit and take some time to enjoy all New Mexico has to offer. From the beautiful rock formations, the stalagmites and stalactites, the wildlife, the culture and the history—the unique caverns near Carlsbad, NM, have it all. New Mexico is a great place, and the Carlsbad Caverns help make it so. To all, past and present, who have worked hard to preserve Carlsbad Caverns and showcase the annual bat flight celebration, I extend a heartfelt thank you.●
