DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
October 25, 2007.

I hereby appoint the Honorable JOSÉ E. SERRANO to act as Speaker pro tempore on this day.

NANCY PELOSI,
Speaker of the House of Representatives.

PRAYER

The Chaplain, the Reverend Daniel P. Coughlin, offered the following prayer: Lord of the heavens and the Earth, the skies over California are red and black. We beg You to drown the fires that beset thousands with Your compassionate love.

You, O Lord, with gentle winds of mercy and the mighty force of nature, combined with the bravery and ingenuity of firefighters from across this Nation, can put an end to this hellfire.

Then, may this crucible of the Golden State become the ultimate sign of commitment by this Nation. Lead us through global warming to become a leader in the world community clearing the heavens and providing hopeful vision for all Your people to praise You for Your creative glory both now and forever. Amen.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain up to five requests for 1-minute speeches on each side of the aisle.

RECOGNIZING THE SKILL, DEDICATION AND SACRIFICE OF OUR NATION'S FIRST RESPONDERS

(Ms. LORETTA SANCHEZ of California asked and was given permission to address the House for 1 minute.)

Ms. LORETTA SANCHEZ of California. Mr. Speaker, I rise today to recognize the skill, the dedication and the sacrifice of our Nation's first responders. In particular, I would like to honor and thank all of the first responders who are on the front line perilously

right now fighting the fires in Southern California.

We rely on our first responders to help us survive the most difficult and the most challenging experiences that we face. I am proud that when we passed H.R. 1 this year, Congress took critical steps to provide Federal support for our Nation's first responders. These steps included increasing the amounts of funding available to States and localities for hazardous preparedness funding, what we are facing in California right now, and establishing a stand-alone communications interoperability grant program so that our first responders could speak to each other as they were on the front line in these emergencies.

The Federal Government must continue to provide States and localities with all the resources that they need to effectively respond to these emergencies. Please keep all of our first responders and the residents who have been affected by the Southern California fires in your thoughts and prayers.

PUTTING SUPERBUGS ON THE DEFENSIVE

(Mr. TIM MURPHY of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TIM MURPHY of Pennsylvania. This Tuesday, a Wall Street Journal article written by Theo Francis started off by saying, "Hospitals are prime breeding grounds for antibiotic-resistant 'superbugs' that kill tens of thousands of Americans each year. But most people have had no way of knowing how well their hospital keeps these bacteria—and infections in general—under control."

Nineteen States have some version of requiring reporting of infection rates in hospitals, but there is no overall plan for this, and thus there is a great

deal of confusion. That is why I introduced H.R. 1174, the Healthy Hospitals Act, to help our Nation's citizens understand the infection rates in hospitals and get these under control.

Here are today's sad statistics. So far this year 1.6 million people have developed an infection in a hospital. There have been 73,000 deaths and a cost of over \$40 billion. It is time we get these under control, and I ask my colleagues to help support by signing on as cosponsors of H.R. 1174. Let's stop these deadly diseases that are killing so many in our hospitals.

SCHIP

(Ms. JACKSON-LEE of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON-LEE of Texas. Mr. Speaker, it gives me great privilege to be able to rise on the floor of the House today to challenge all of our colleagues to stand for our children. We are going to do it again, and that is to put on the floor of the House the Children's Health Insurance Program, \$35 billion for 10 million children.

Forty days in Iraq will equal insuring 10 million children in giving them and providing uninsured low-income children with health care, insuring the lowest income children, pregnant women will be covered. Parents will not be covered. Mental health will be covered. Preventative care, saving the lives of our children, giving them the opportunity for a vigorous and prosperous future. Protecting our soldiers on the front lines when they can't pay for their children's health insurance. This has to be the road we take, the journey to help our children. Let us do it in a bipartisan manner, joining with two Houses, putting it on the desk of the President of the United States. What will this Nation do for her most precious resource? I hope we will pass the SCHIP bill together, united for all of our children.

SCHIP

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BLACKBURN. Mr. Speaker, it seems like we have a fact and fiction problem that is taking place right here in the body of the House. It is about SCHIP 2.0 that is coming before us today. Well, here are the facts. SCHIP 2.0 will not prevent illegal immigrants from receiving children's health care benefits. It will not prevent adults from receiving children's health care funding, and it will not prevent the government from crowding out 2 million people from the private health care market.

The bill actually covers 400,000 fewer children than SCHIP 1, and it spends 500 million, yes, a half billion dollars more and still leaves out 800,000 eligi-

ble children. Yet under SCHIP 2, adults will constitute 10 percent of all SCHIP enrollees in fiscal year 2012 when the program has a major funding problem. Under SCHIP 2.0, 2 million people would lose their health care coverage, according to the Congressional Budget Office.

Let's get straight on the facts. Let's vote against SCHIP 2.0 and make certain we put the children of the working poor first.

THE CITY OF SCHERTZ, TEXAS

(Mr. CUELLAR asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CUELLAR. Mr. Speaker, I rise today to honor the City of Schertz for being named one of the top 100 best places to live by Money Magazine. The city of Schertz was founded in 1843. It is the largest city in Guadalupe County, which encompasses part of my 28th Congressional District. Schertz is located between the areas of San Antonio and Austin but has retained its small town community feel, which was noted by Money Magazine.

Schertz is the home to over 34,000 Texans. Part of the growth we have seen in this city is attributed to the city's vibrant economy, its schools, and the quality of life enjoyed by the residents and its leadership. It is clear why Schertz was named 40th in the top 100 best places to live by Money Magazine, and the State of Texas is ranked number 1 as the place to live.

Mr. Speaker, I am honored to recognize the city of Schertz for being named one of the top 100 best places to live by Money Magazine.

MOTION TO ADJOURN

Mrs. BLACKBURN. Mr. Speaker, I move that the House do now adjourn.

The SPEAKER pro tempore. The question is on the motion to adjourn.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

Mrs. BLACKBURN. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 158, nays 220, not voting 54, as follows:
