

adopting progressive energy policies that promote the use of clean energy technologies such as wind, solar, wave, and biomass energy; and

Whereas, Act 234, Session Laws of Hawaii 2007, placed a binding statewide cap on Hawaii's greenhouse gas emissions by requiring Hawaii to reduce its non-aviation greenhouse gas emissions to their 1990 levels before 2020: Now, therefore, be it

Resolved by the Senate of the Twenty-fourth Legislature of the State of Hawaii, Regular Session of 2008, That in recognition of Hawaii's overwhelming vulnerability to global climate change, the President of the United States is urged to use the January 30 and 31, 2008, Major Economies Meeting on Energy Security and Climate Change, which is being hosted in Hawaii, to commit to an economy-wide reduction in greenhouse gas emissions in the United States; and be it further

Resolved, That the President of the United States is urged to consent to binding and quantified commitments for the United States under the United Nations Framework Convention on Climate Change that would result in the rapid stabilization and decrease in atmospheric greenhouse gas concentrations; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, members of Hawaii's congressional delegation, and the Secretariat of the United Nations Framework Convention on Climate Change.

POM-290. A resolution adopted by the Senate of the State of Michigan urging the Congress to establish stricter standards for the drug approval process; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 134

Whereas, Americans are justifiably concerned about the safety and efficacy of the drugs and medications they take. In recent years, the FDA has received consumer reports of safety concerns and harmful side effects after the use of drugs approved by the FDA. In some cases, the FDA or manufacturer response to these reports has not been timely and consumers continue to risk harm; and

Whereas, The FDA is responsible for protecting public health by assuring the safety, efficacy, and security of human and veterinary drugs, biological products, medical devices, our nation's food supply, cosmetics, and products that emit radiation. Accountability rests with the FDA to require stringent testing and trials before a drug can be approved for marketing; and

Whereas, Incidents of harmful side effects raised concerns that the FDA post-marketing monitoring needs strengthening. Although American drugs are arguably the safest in the world, allegations of detrimental consequences from FDA-approved drugs show that there is room for improvement. Stricter standards for the FDA's investigation and response to consumer reports of harmful side effects should be established to enhance the safety of drugs approved by the FDA and on the market. The FDA must immediately investigate consumer reports of harmful side effects and act quickly to protect the public. In this way, Michigan's tort law and strict FDA standards will ensure that Michigan residents can have confidence in the drugs and medications they take; now, therefore, be it

Resolved by the Senate, That we memorialize the United States Congress and United States Food and Drug Administration to establish stricter standards for the drug approval process; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, and the Commissioner of the United States Food and Drug Administration.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. INOUE, from the Committee on Commerce, Science, and Transportation, with an amendment in the nature of a substitute:

S. 602. A bill to develop the next generation of parental control technology (Rept. No. 110-268).

S. 1578. A bill to amend the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 to establish vessel ballast water management requirements, and for other purposes (Rept. No. 110-269).

S. 1889. A bill to amend title 49, United States Code, to improve railroad safety by reducing accidents and to prevent railroad fatalities, injuries, and hazardous materials releases, and for other purposes (Rept. No. 110-270).

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mr. AKAKA:

S. 2683. A bill to amend title 38, United States Code, to modify certain authorities relating to educational assistance benefits for veterans, and for other purposes; to the Committee on Veterans' Affairs.

By Mr. DODD (for himself, Mr. SCHUMER, Mr. REED, Mr. MENENDEZ, and Mr. BROWN):
