

do so will require substantial leadership and cultural change within the FAA. However, it is meant to serve notice upon FAA that we will not continue to tolerate the lax environment that has been allowed to develop over the last few years. I urge my colleagues to join me in working to pass this important legislation.

HONORING THE SPECIAL
OLYMPICS

HON. PETER T. KING

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 15, 2008

Mr. KING of New York. Madam Speaker, today I rise to acknowledge the Special Olympics, an outstanding organization which provides 2.5 million children and adults with intellectual disabilities an opportunity to participate in year-round, Olympic-style, athletic competitions.

July 20, 2008, will mark the Special Olympics' 40th anniversary. Thanks to hard work from thousands of dedicated volunteers, families and athletes, the Special Olympics has grown from its humble beginnings in Eunice Kennedy Shriver's Maryland home to over 200 programs located throughout 180 countries. The Special Olympics provides its athletes with 30 Olympic-style games—varying from alpine skiing to bocce—and includes children as young as 8.

In my home State of New York, the Special Olympics has a great tradition as one of the leading charitable organizations for the intellectually disabled. For this, the New York Special Olympics plays an irreplaceable role in the National Special Olympics Program. Today, New York is home to an astounding 43,000 athletes who participate in over 400 Olympic-style competitions.

The benefits of the Special Olympics go far beyond gold medals. The skills and relationships built during the athletes' participation give them the courage, self-confidence and ability to excel on and off the field. Not only does the Special Olympics serve the athletes, but also families, volunteers and communities who gain respect, tolerance, and understanding for persons with disabilities.

I would like to thank the millions of volunteers, the organization of the Special Olympics and, most importantly, the athletes, for providing the world with an invaluable service.

IN HONOR OF SEAN D. TUCKER

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 15, 2008

Mr. FARR. Madam Speaker, I rise today to honor Sean D. Tucker, an aerobatic pilot from Salinas, California, who this month joins the Wright Brothers, Neil Armstrong, and Charles Lindbergh in the National Aviation Hall of Fame in Dayton, Ohio.

Tucker started out as a crop duster in the Salinas Valley before transitioning into air show routines, where—despite an early fear of flying—he has over 1,000 performances at more than 400 airshows under his belt. Performing his stunts in his Oracle, a one-seat bi-

plane designed for him by his team, he is regarded as one of the world's top civilian aerobatic pilots, as well as a highly respected ambassador for the sport. In the 20,000 hours of flight time he has logged, Sean has created maneuvers with his plane that have never been replicated by another aerobatic pilot. His innovation and technique have led to numerous titles, including the Championship Air Show Pilots Association Challenge 4 years in a row. Even with his accomplishments, though, his election to the Hall of Fame still took him completely by surprise. Said Tucker, "I was so stunned I didn't even tell anybody. I'm just this guy who likes flying upside down."

In addition to performing in front of millions of fans, Tucker founded the Tutima Academy of Aviation Safety, an institution committed to improving the standards of aviation safety in aerobatics as well as aviation in general by teaching seasoned and aspiring pilots the tricks behind completely controlling an aircraft. For his dedication to safety and unique flying style, Tucker has received all of the airshow industry's highest honors, including the privilege of being named one of the Living Legends in Aviation. He is also the only civilian performer ever to be allowed to fly in close formation with the Blue Angels and the Thunderbirds.

Sean wants to continue his craft and be a role model to the community and aviation industry for as long as his body and plane allow; the day after the ceremony he will perform at the Dayton Airshow. Said executive director of the Hall of Fame Ron Kaplan, "He's a real asset to the aviation community. Overall, he's just a fantastic role model and ambassador for aviation, having performed for years and years for millions of people." One of those he has inspired is his son, Eric, who works alongside him on Team Oracle.

Sean, who was selected out of 200 nominees, will be introduced by his close friend, Joe Kittinger, a Vietnam prisoner of war who set a world record for parachuting in 1960.

Madam Speaker, Sean Tucker is being honored by the aviation industry for an esteemed career and unwavering passion to test the boundaries of aerobatics. I wish to join the aviation community and the city of Salinas in honoring his dedication and accomplishments and wish him continued prosperity and safety in the future.

RESOLUTION TO RECOGNIZE ACTIONS OF CHINESE INDIVIDUALS WHO HAVE BROUGHT RELIEF TO VICTIMS OF THE SICHUAN EARTHQUAKE

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 15, 2008

Mr. MORAN of Virginia. Madam Speaker, I rise to introduce a resolution that recognizes the actions of Chinese individuals and non-governmental organizations that have brought relief to victims of the Sichuan earthquake. The resolution also recognizes and encourages a potential new era of openness by the Chinese Government.

Following the tragic earthquake in Sichuan Province on May 20, we have heard and read accounts describing the generous response of

thousands of individuals and hundreds of NGOs who have raised money, delivered food and tents, and provided direct hands-on assistance to the survivors. Foreign journalists and China's new generation of media have been granted unprecedented access into the earthquake stricken areas and reported on the quake with an intensity and professionalism once thought impossible.

Contrast what has happened in China today with what happened following the Great Tangshan earthquake of 1976. The Chinese Government blocked foreign access and even tried to hide from its own citizens the tragedy that took the loss of more than 250,000 lives.

There are many human rights concerns in China I share with my colleagues. Notwithstanding these concerns, we need to recognize and encourage actions that bring about positive change and plant the seeds of a better civil society. I encourage my colleagues to support this resolution.

MEDGAR EVERS COLLEGE AND THE UNIVERSITY OF THE WEST INDIES UNITE

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 15, 2008

Mr. RANGEL. Madam Speaker, I rise today to enter into the RECORD a July 8, 2008 New York Carib News editorial entitled: "The Path to Success in Education: University of the West Indies and Medgar Evers College Join Hands." The partnership came about as a result of the CARICOM Conference in New York that brought together Caribbean heads of government as well as the titans of the New York City financial community.

Medgar Evers and UWI have existing ties because of the similarity of the populations they serve. "UWI is a regional university serving the English-speaking Caribbean population and MEC is the college most closely associated with the Caribbean-American community within the CUNY system and the New York City metropolitan area." The strong connection between the two universities will be mutually beneficial and it will give UWI, the most prestigious institution of higher learning in the Caribbean, tangible ties to an American university that can give greater opportunities for exchange in both university communities.
