

Washington Mutual and in spite of the fact that their \$700 billion is now not likely to be disbursed exactly this weekend.

We have a few days to craft a good solution, one that limits the power of the administration, limits the amount of money we spend, and limits the pay of Wall Street executives receiving bailouts. Let's get it right this time.

**A WORKOUT, NOT A BAILOUT**

(Ms. FOXX asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. FOXX. Madam Speaker, I agree with some of my colleagues on both sides of the aisle; we need to work on this together. We have a problem in this country in terms of our financial situation, and it should be a workout, not a bailout. However, it is important that we establish who is responsible for this happening.

There is responsibility on both sides of the aisle, but it is primarily on the side of the majority in this House because they failed over the years to recognize that you cannot continue to spend, spend, spend, and not have a day of reckoning.

We were given a proposal at the beginning of the week by the administration, and I liken it to a sick patient who is told by their doctor: You are going to die if you don't take this experimental treatment. If you take it, it may kill you; if you don't take it, you may die. You will have scars on your body forever.

We needed a second opinion. Most people would get a second opinion if they were facing that, and that is what we have to offer the American people now, a second opinion.

**MCCAIN AND HIS POLITICAL SHOW IN WASHINGTON**

(Mr. PALLONE asked and was given permission to address the House for 1 minute.)

Mr. PALLONE. Madam Speaker, last week Lehman Brothers filed for bankruptcy and the stock markets fell 500 points. Senator MCCAIN's response? He declared that the fundamentals of the economy were strong.

What a difference a week makes. Senator MCCAIN must have had an epiphany on Wednesday when he decided to suspend his campaign so that he could come back to Washington.

And what exactly created this epiphany? How about new poll numbers that show Senator OBAMA leading Senator MCCAIN by nine points.

This was a political ploy. Senator MCCAIN is trying to distract the American public from the fact that he was part of the Washington gang that helped create this mess in the first place. He has proudly proclaimed that he is the biggest supporter of deregulation in Washington, and that is what created this problem. When you take

the referees off the field, the game gets out of hand. Case in point: Wall Street.

Madam Speaker, Senator MCCAIN represents more of the same in Washington. Change is needed, and that is not Senator MCCAIN.
