Name of Project: Westminster (East Garden Grove) Watershed, CA

Account: Corps of Engineers, General Investigations

Legal Name of Requesting Entity: County of Orange, CA

Address of Requesting Entity: 300 N. Flower St., Santa Ana, CA 92703

Description of Request: I received \$860,000 for Orange County's Westminster (East Garden Grove) Watershed project. Flood damages along the East Garden Grove-Wintersburg Channel affect residential, commercial, and industrial development located in an 81 square mile watershed, impacting eleven cities in Orange County. Over 20,000 property owners are currently required to participate in the National Flood Insurance Program, while aging levees jeopardize thousands of additional property owners. The study will investigate innovative methods to provide flood protection in combination with improved ecosystem functioning and water quality. Over 20,000 property owners are currently mandated by the Federal government to pay flood insurance because of inadequate flood protection in this watershed. Taxpayer funds are used to rebuild private property and public infrastructure every year that flood damages occur. This comprehensive study is developing innovative, sustainable solutions to flooding, water quality, and environmental problems in this watershed. Those solutions will provide more cost-effective approaches than currently exist, and contribute to the National Economic Development as well as National Ecosystem Restoration Plan. It is the mission of the Army Corps of Engineers (Corps) to provide flood protection, navigation, and ecosystem restoration in meeting these criteria. It is my understanding the County of Orange, CA will contribute \$1,740,000 to the project. I certify that neither I nor my spouse has any financial interest in this project.

Description of Request: The entity receiving the money (\$2,280,000) is the Kentucky Transportation Cabinet in Frankfort, Kentucky, but the money will be used between Hopkinsville, Kentucky and the Interstate 24 connection near the Kentucky/Tennessee border. The Pennyriple Parkway Extension project will provide a critical missing link in the highway system of Western Kentucky. By connecting the Pennyriple Parkway, a National Highway System route, with Interstate 24 near Fort Campbell, both routine regional travel and special
