

also providing public recreational opportunities and environmental habitat.

Pursuant to the Republican Leadership standards on earmarks, I am submitting the following information for publication in the CONGRESSIONAL RECORD regarding earmarks I received as part of the Commerce, Justice, Science section of the FY09 Omnibus Appropriations Act, Department of Justice, OJP-Byrne Discretionary Grants Account for Putnam County for the Children's Advocacy Center.

I have received \$330,000 in the FY09 Omnibus Appropriations Act. The entity to receive funding for this project is Putnam County, PO Box 758, Palatka, FL 32178. The FY 2009 funding will assist Putnam County, FL to renovate and equip a new 2500 sq. ft facility to address child abuse cases in this affected area. This new facility will provide children, their families, case workers, detectives and advocates a safe central location where they can meet in a nonthreatening environment. This project has not received federal funding previously, but is authorized under P.L. 109-162—the Edward Byrne Memorial Justice Assistance Grant Program.

The purpose of the Children's Advocacy Center in Putnam County provides an environment for multiple agencies to interview, examine, investigate and treat cases of child abuse in Putnam County. These funds will be used to renovate and staff a new 2500 sq. ft facility. This new facility will provide children, their families, case workers, detectives and advocates a safe central location where they can meet in a non-threatening environment. Providing this space for concurrent interviewing and interagency conferencing enhances the communication between agencies on mutual cases.

Pursuant to the Republican Leadership standards on earmarks, I am submitting the following information for publication in the CONGRESSIONAL RECORD regarding earmarks I received as part of the Commerce, Justice, Science section of the FY09 Omnibus Appropriations Act, Department of Justice, COPS Law Enforcement Technology for the City of Maitland. I have received \$170,000 in the FY09 Omnibus Appropriations Act. The entity to receive funding for this project is City of Maitland, 1776 Independence Ln, Maitland, FL 32751. The FY 2009 funding will assist the City of Maitland in the purchase of an upgraded computer aided dispatch system that will better coordinate law enforcement and of first responders. This project has not received federal funding previously, but is authorized under P.L. 109-162—the Edward Byrne Memorial Justice Assistance Grant Program.

The funding will form a multi-agency radio interoperability system comprised of the City of Maitland, City of Orlando and the University of Central Florida, and for critical technology upgrades for the Maitland Police and Fire Department. Funding is for Maitland's portion of the multi-agency radio interoperability system. Additionally, the need for timely records, Drivers License, Criminal History, and photo identification information is critical for public safety. Mobile Data Terminals (MDT) provide immediate access to this critical information and funding will allow for their full provision to Police, Public Safety (Fire EMS), and connection to the Public Safety Records Management System (RMS).

Pursuant to the Republican Leadership standards on earmarks, I am submitting the

following information for publication in the CONGRESSIONAL RECORD regarding earmarks I received as part of the Energy and Water section of the FY09 Omnibus Appropriations Act, Army Corps of Engineers, General Investigations Account for the St. Johns County Shore Erosion Control Project.

I have received \$263,000 in the FY09 Omnibus Appropriations Act. The entity to receive funding for this project is St. Johns County, 4020 Lewis Speedway, St. Augustine, FL 32084. The FY 2009 funding will allow the Army Corps of Engineers to lessen down drift shoreline impacts caused by the federal navigation channel at St. Augustine Inlet, and to provide storm damage protection to the shore.

St. Johns County is located on the East Coast of Florida, approximately 30 miles south of Jacksonville and 200 miles north of Miami. The ocean shoreline of St. Johns County is approximately 42 miles long. Due to tropical storms and major hurricanes, particularly Hurricane Floyd of 1999, the shorelines of St. Johns County have been subject to significant erosion prompting a request to the federal government for assistance. The feasibility study area will include all of St. Johns County, including the South Ponte Vedra Beach area.

EARMARK DECLARATION

HON. BOB GOODLATTE

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 25, 2009

Mr. GOODLATTE. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information for publication in the CONGRESSIONAL RECORD regarding earmarks I received as part of H.R. 1105.

Requesting Member: Congressman BOB GOODLATTE

Bill Number: H.R. 1105

Account: USDA, Animal and Plant Health Inspection Service

Legal Name of Requesting Entity: USDA Animal and Plant Health Inspection Service—Wildlife Service

Address of Requesting Entity: 105 B Ponderosa Drive, Christiansburg, VA 24073

Description of Request: \$140,000. Increasing coyote population poses a direct threat to producers due to livestock losses. This funding will allow the Wildlife Service to administer a livestock protection program to protect animals from coyote predation in western Virginia.

Requesting Member: Congressman BOB GOODLATTE

Bill Number: H.R. 1105

Account: EPA, State and Tribal Assistance Grants

Legal Name of Requesting Entity: City of Lynchburg, Virginia

Address of Requesting Entity: 900 Church Street, Lynchburg, VA 24504

Description of Request: \$500,000. Combined Sewer Overflow (CSO) occurs when older sewer pipes carry both water and sanitary sewer. During storms, the system capacity is reached and overflows raw, untreated sewage into the nearest stream, creek or backyard. The City of Lynchburg began implementing a long term CSO Control Plan in 1993 when a Special Order, sought by the En-

vironmental Protection Agency, was signed, requiring the City of Lynchburg to address its CSO problem. This funding helps accelerate the program's completion.

Requesting Member: Congressman BOB GOODLATTE

Bill Number: H.R. 1105

Account: Corps of Engineers, Construction—General

Legal Name of Requesting Entity: U.S. Army Corps of Engineers, City of Roanoke, Virginia

Address of Requesting Entity: City of Roanoke, 215 Church Street, Roanoke, VA 24011
Description of Request \$1,029,000. When completed, the project will provide flood damage reduction to industrial, commercial, and residential property.

Requesting Member: Congressman BOB GOODLATTE

Bill Number: H.R. 1105

Account: Cooperative State Research Education and Extension Service

Legal Name of Requesting Entity: Virginia Polytechnic Institute and State University

Address of Requesting Entity: 219 Burrell Hall, Blacksburg, VA 24061

Description of Request: \$868,000. Funds for the Biodesign and Processing Research Center (BPRC) at Virginia Polytechnic Institute and State University will enable the BPRC to continue conducting research for the conversion of agricultural crops and agriculture/animal wastes to value-added products such as fuels, bio-oils, fertilizers, and other industrial products.

Requesting Member: Congressman BOB GOODLATTE

Bill Number: H.R. 1105

Account: USDA, National Resources Conservation Service

Legal Name of Requesting Entity: USDA Natural Resources Conservation Services

Address of Requesting Entity: 1606 Santa Rosa Drive, Suite 206, Richmond, VA 23229

Description of Request: \$160,000. The Buena Vista Watershed Plan will ensure that the NRCS has necessary resources to maintain its flood protection initiative along the Maury River in Rockbridge County, Virginia. This plan is an effort to prevent flooding on interior streams and stream bank erosion. This project is necessary to protect homes and businesses in Buena Vista and minimize long-term environmental degradation to the entire watershed area.

EARMARK DECLARATION

HON. BRIAN P. BILBRAY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 25, 2009

Mr. BILBRAY. Madam Speaker, pursuant to the House Republican standards on earmarks, I am submitting the following information for publication in the CONGRESSIONAL RECORD regarding earmarks I received as part of H.R. 1105.

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 1105 FY 2009 Omnibus Appropriations Act

Account: CDC, Public Health Improvement and Leadership

Legal Name of Requesting Entity: County of San Diego, Public Health Services

Address of Requesting Entity: 1700 Pacific Highway, San Diego, CA 92101

Description of Request: I received an earmark of \$476,000 to implement a management system to allow the County of San Diego to track medications, vaccines, supplies, equipment and people used during a health emergency response. The County is vulnerable and at high risk for such incidents due to its status as a border community and military town. The Emergency Preparedness and Public Health Management System (EPPHMS) will provide real-time visibility in the day-to-day and emergency management of pharmaceuticals, vaccines, consumable and capital assets, materiel and human resources, program management and patient tracking. Many County and local programs and agencies will use this management system concurrently for daily and emergency management in single-site, multi-site or mobile facilities, while integrating with the County's main Emergency Operations Center. This HIPAA- and PHIN-compliant system will mitigate a gap in County readiness and infrastructure, as identified by the Center for Disease Control and Prevention in 2007.

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 1105 FY 2009 Omnibus Appropriations Act

Account: Department of Transportation, Federal Highway Administration, Transportation, Community, and System Preservation Program

Legal Name of Requesting Entity: City of Carlsbad, California

Address of Requesting Entity: 1200 Carlsbad Village Drive, Carlsbad, California 92008

Description of Request: I received an earmark of \$237,500 to proceed with the design work to construct a replacement for the Encinas Creek Bridge. This is a critical section of the historic route Coast Highway 101 and it is the regional road alternative to Interstate 5. CALTRANS has indicated in two major reviews that this bridge must be replaced as soon as possible to meet seismic standards and repair the failing support structure. Bridge lanes have already been rerouted temporarily for public safety. This stretch of Coast Highway provides direct access to public beach parking, pedestrian access, coastal bicycle trails, state campgrounds, and several tourist serving commercial facilities. Public funding to support this very heavily utilized public road is vital to ensure traffic flow, safety, and the economic development of the region. 20% of funding will come from local or state sources, and this project is part of the State of California's transportation improvement plan and has been identified as an eligible project critical to the region.

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 1105 FY 2009 Omnibus Appropriations Act

Account: COPS Technology

Legal Name of Requesting Entity: County of San Diego, Sheriff's Department

Address of Requesting Entity: 9621 Ridgehaven Court, San Diego, CA 92123

Description of Request: Per my request, San Diego County has received \$1.35 million for the ongoing upgrade of the San Diego County Sheriff's Department's Regional Communications System (RCS). This funding will be used for Phase 1 of migration to P25 ca-

capacity, which will move the County and its cities forward in the implementation of an effective, efficient regional interoperable communications system. This system will be critical both in terms of daily, routine communications and during disaster emergencies and other events that demand that all public safety agencies be able to communicate effectively. It will benefit California and other States and Federal agencies by providing voice radio interoperability with those entering into the region providing mutual aid. Ultimately, it will enable San Diego County public safety agencies to seamlessly integrate with surrounding Counties as it is built out to a "network of networks."

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 1105 FY 2009 Omnibus Appropriations Act

Account: Army Corps of Engineers, General Investigations, Miscellaneous

Legal Name of Requesting Entity: Scripps Institution of Oceanography, UC San Diego

Address of Requesting Entity: 9500 Gilman Drive, La Jolla, CA 92093

Description of Request: I received \$500,000 for the Coastal Data Information Program/Southern California Beach Processes Study within the Army Corps of Engineers. Through this program, high-resolution wave data and forecasts are disseminated in real time via the internet to the National Weather Service and to tens of thousands of diverse users each day. Sea state and surf warnings are issued based on this information for the protection of life and property. In addition, beach elevations are monitored and analyzed, and this information is provided to coastal communities online where local governments and engineers use it for making educated policy decisions for protecting and enhancing local beaches. This request is consistent with the intended and authorized purpose of the Army Corps of Engineers, which has the federal responsibility for shoreline protection and uses this data for coastal dredging and construction projects. This program is critical to marine safety and operations for the coastal United States and there are no competitive funding sources available.

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 1105 FY 2009 Omnibus Appropriations Act

Account: Army Corps of Engineers, General Investigations

Legal Name of Requesting Entity: The City of Solana Beach

Address of Requesting Entity: 635 South Highway 101, Solana Beach, CA, USA 92075

Description of Request: I received \$375,000 to complete the feasibility study for the Solana Beach-Encinitas Shoreline Protection Project. The protective beaches throughout the Solana Beach area are severely eroded, leaving residences, portions of Highway 101, and public access points susceptible to dangerous wave attacks and beachgoers subject to falling rocks as bluffs are destabilized by erosion. This Shore Protection Project will build up the protective beaches along the coast, preserving public access, recreational areas, and as well as public infrastructure and private homes.
