

Riverside, Illinois. Richard Scheck will be retiring in April after having given 20 years of dedicated public service as the mayor of North Riverside.

Richard Scheck was first elected to his post as mayor in 1989. He has garnered statewide recognition for his excellent record of financial management and achievement, effective communication with residents and businesses, and earnest work for the health and wellbeing of the North Riverside community. I have been honored to work with Mayor Scheck on numerous issues to help our constituents. Richard Scheck has been a true public servant, selflessly giving his time and energy to his community while also running a successful engineering company. Through his 20 years as mayor, he has made North Riverside an even better place to live.

Richard Scheck has also been very successful in his philanthropic work to raise money to fight breast cancer. Through the "Betty Scheck Walk for Cancer," the "Betty Scheck Shuffle," and other fundraisers, he has helped raise over \$1.2 million for the American Cancer Society. And in 2007, Seguin Services—which helps children and adults with disabilities—awarded Richard Scheck the President's Award for "his support as a community leader, a donor, an employer, a connector and as an inspiration to others."

I ask my colleagues to join me today in recognizing the many achievements of Mayor Richard M. Scheck. It is my honor to acknowledge him for his outstanding leadership and commitment to public service in the Village of North Riverside and the Third Congressional District of Illinois.

HON. ROBERT J. WITTMAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 10, 2009

Mr. WITTMAN. Madam Speaker, pursuant to the House Republican standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 1105, Consolidated Appropriations for Fiscal Year 2009.

Project Name: Chesapeake Bay Oyster Recovery

Account/Amount: Army Corps of Engineers (ACOE): Construction, \$2,000,000

Requested By: ACOE Norfolk District Capability/Virginia Institute of Marine Science

Project Description: Project will contribute to multi-agency and private efforts to restore oyster populations in the Chesapeake Bay. The project elements include; development of decision documents, construction and rehabilitation of oyster reefs to create sanctuaries and spat on shell production areas, development of capability to produce disease tolerant broodstock and spat oysters for seeding, planting of the disease tolerant spat and brood-stock oysters in locations which best foster oyster reproduction and health, and oversight of project monitoring by the Virginia Institute of Marine Science (VIMS). Construction of the first phase of reefs in the Lynnhaven river was completed in 2007. Reefs have added approximately 200 million oysters to the Great Wicomico system.

Financial Plan: FY09 funds would be used to initiate and complete construction and monitoring of approximately 30 cares of oyster reefs in the Lynnhaven and Great Wicomico rivers, and partnering with the Baltimore District, ACOE, for development of the bay-wide Oyster Restoration Master Plan Decision Document. The ACOE estimated on 2/5/09 that the estimated federal cost is \$50,000,000 and the estimated non-federal cost is \$66,700,000. The project received \$19,213,000 through FY07 and \$1,968,000 in FY08.
