PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-15. A resolution adopted by the House of Representatives of the State of Missouri urging the United States Congress to reject the Freedom of Choice Act; to the Committee on the Judiciary.

RESOLUTION

Whereas, the 111th United States Congress is considering the Freedom of Choice Act, which purports to classify abortion as a "fundamental right", equal in stature to the right of free speech and the right to vote—rights that, unlike abortion, are specifically enumerated in the United States Constitution; and

Whereas, the federal Freedom of Choice Act would invalidate any "statute, ordinance, regulation, administrative order, decision, policy, practice, or other action" of any federal, state, or local government or governmental office, or any person acting under governmental authority that would "deny or interfere with a woman's right to choose" abortion, or that would "discriminate against the exercise of the right . . . in the regulation or provision of benefits, facilities, services, or information"; and

Whereas, the federal Freedom of Choice Act would nullify any federal or state law "enacted, adopted, or implemented before, on, or after the date of its enactment" and would effectively prevent the State of Missouri from enacting similar protective measures in the future; and

Whereas, the federal Freedom of Choice Act would invalidate more than 550 federal and state abortion-related laws, laws supported by the majority of the American people; and

Whereas, the federal Freedom of Choice Act would specifically invalidate the following commonsense protective laws properly enacted by the State of Missouri:

- (1) A parental consent law for minors seeking an abortion;
- (2) A prohibition on government funding or use of public facilities for abortions;
- (3) Health and safety regulation for abortion facilities;
- (4) A twenty-four-hour waiting period and informed consent law that provides an opportunity to consider the gravity of a decision to abort a child;
- (5) A partial birth abortion ban (Infant's Protection Act);
- (6) A requirement that only physicians can perform or induce abortions and that such physicians maintain medical malpractice insurance;
- (7) Conscience protections for doctors and hospitals not wanting to perform or induce abortions;
- (8) A prohibition on performing or inducing abortions in order to use fetal organs or tissue for transplantation or experimentation;
- (9) Licensing of most abortion clinics as ambulatory surgical centers to ensure basic health and safety of patients;
- (10) Alternatives to abortion programs to encourage and support women who do not want abortions; and
