

and facilitates the professional growth of insurance and financial services providers and promotes their public image. This award is presented to individuals who have demonstrated outstanding service to their industry and their community.

John began his career in 1963 and has been a major contributor both to his own company as well as to NAIFA. He is currently president and CEO of Financial Protection Life and Annuity Corporation. As a Life Underwriter Training Council Fellow, he serves as secretary of the NAIFA-Dallas Board of Directors, chairman of the Governmental Relations Committee, and will become President of the Association in 2010. He is a life member of the Million Dollar Round Table and has served on the boards of directors of the Dallas Association of Life Underwriters, the El Paso Association of Life Underwriters, and the El Paso General Agents and Managers Association, where he also was president.

Additionally, John has served as a member of the Richardson City Council, a founder of Richardson Sports Incorporated, and has served on various other community boards. He was the Regional Director for John B. Connally for President, Campaign Manager for Wayne Connally for Lieutenant Governor and Preston Smith for Governor. He also served as a Lay Leader for Custer Road United Methodist Church.

John and his wife, Erna, have been married for 35 years. Their family includes Kelle, Katie, Dan, Jaelyn and Brad. John is a Texas Tech graduate, where he earned a BBA in finance, played football on an athletic scholarship and was a member of the Pi Kappa Alpha Fraternity.

Madam Speaker, I commend John M. Connally, Jr., for his service and commitment to the financial industry, his family and his community. He comes from a great Texas family that has contributed so much to our state and Nation, and their legacy continues in his life and in the lives of his children.

IN RECOGNITION OF QUALITY ROAD, OWNER-BREEDER EDWARD P. EVANS AND SPRING HILL FARM IN CASANOVA, VIRGINIA

HON. ROBERT J. WITTMAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 21, 2009

Mr. WITTMAN. Madam Speaker, I rise to recognize Quality Road, the winner of the Florida Derby on March 28, 2009. Breaking a track record for nine furlongs with his 1:47.72 performance and winning by 1¼ lengths, Quality Road emerged the number one seed from the Southeast Regional for the Kentucky Derby.

Quality Road was foaled on March 23, 2006 at Spring Hill Farm. The three year-old Virginia Thoroughbred colt gets his speed from his sire, Elusive Quality, who was not only a world-class miler, but also sired Smarty Jones, the 2004 Kentucky Derby winner and Raven's Pass, last year's Breeders' Cup Classic winner. His damsire, Strawberry Road, was a worldwide multiple Group I winner, and his dam's full sister, Ajina, won the 1997 Breeders' Cup Distaff and Coaching Club American Oaks.

Located in Casanova, Virginia, Spring Hill Farm is owned by Mr. Edward P. Evans and is recognized nationally and internationally for its accomplishments in Thoroughbred breeding and racing. Mr. Evans has bred leading sires and broodmares in the Thoroughbred industry for more than thirty-five years including Horse of the Year Saint Liam.

The impressive win at the Florida Derby displayed Quality Road's ability to win at the 1½-mile distance and establishes him as a formidable contender for the Kentucky Derby.

Madam Speaker, I rise today to commend and congratulate Edward P. Evans and Spring Hill Farm on the accomplishments of an impeccably-bred horse, Quality Road. I invite my colleagues to join me in wishing Quality Road continued success in the 135th running of the Kentucky Derby and the first leg of the 2009 Triple Crown Series.

HONORING THE BATON ROUGE GENERAL

HON. RODNEY ALEXANDER

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 21, 2009

Mr. ALEXANDER. Madam Speaker, I am proud to honor the Baton Rouge General for earning the tremendous honor—for the fifth time—as the Hospital of the Year by the Louisiana State Nurses Association.

The Baton Rouge General, established more than 100 years ago as the first hospital in the Baton Rouge area, is still committed to serving the residents of this community. This hospital boasts a legacy rich in clinical achievement, timely and responsive technological advancement, and dependable yet creative approaches to the delivery of quality care and services to those it serves.

The Baton Rouge General aids a nine-parish region as a teaching hospital for both physicians and nurses, and provides the community with an extensive range of services, including one of only two Regional Burn Centers in the state of Louisiana.

Moreover, the Baton Rouge General's Pennington Cancer Center became the first in the nation to treat patients using the ARTISTE™ the most advanced cancer-fighting technology available today. This technology allows cancer patients to remain close to home for treatment—surrounded by friends and family—and still receive the best cancer treatment available anywhere in the country.

In addition to ARTISTE™ the hospital's Pennington Cancer Center has become known for developing the most comprehensive and advanced cancer treatment program in the region, including inpatient, outpatient, surgical and medical oncology services; radiation treatment; and cancer research programs at both campuses of the Baton Rouge General. Also, through the Baton Rouge General's Womack Heart Center, the hospital provides complete cardiac care—recognized by many national organizations for the highest quality and outcomes.

Again, the Baton Rouge General's dedication to excellence was highlighted nationally in 2008 when it was named one of the nation's Top 25 Most Connected Hospitals in America by Health Imaging and IT Magazine. The hospital is in the final stages of developing a \$16

million, state-of-the-art information technology system, which has been the subject of multiple national articles.

As the Baton Rouge General forges into the new millennium, the hospital is more committed than ever to providing exceptional care from the region's best nurses, physicians and clinical professionals.

I ask my colleagues to join me in honoring the Baton Rouge General as it continues to provide needed medical services, life-saving, state-of-the-art technology and the best care to its community.

HOLOCAUST REMEMBRANCE DAY

HON. HENRY A. WAXMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 21, 2009

Mr. WAXMAN. Madam Speaker, today is Holocaust Remembrance Day, Yom Hashoah, which is marked by ceremonies this week in the United States, Israel and around the world. It is a solemn day commemorating the Hebrew anniversary of the beginning of the Warsaw Ghetto uprising and each year it is an opportunity to revisit the lessons of the Holocaust and the innocent lives and vibrant communities that were destroyed by the Nazis.

Decades have passed since the Nazis and their willing counterparts committed mass genocide of European Jewry. Tragically, despite a clear historical record, Holocaust denial has become a favored platform for anti-Zionism and anti-Semitism. The threat grows greater as the eyewitnesses who survived the Holocaust pass on.

In a new chapter of struggle, these eyewitnesses increasingly face a different kind of daily challenge for survival. Of the approximately 100,000 Holocaust survivors living in the United States, at least 25 percent live below the federal poverty level. Tragically, the current economic crisis is pushing this already vulnerable population to even further financial uncertainty. In Los Angeles, home to approximately 15,000 survivors, the Holocaust Survivor Program at Jewish Family Services has reported a sharp increase in requests for emergency financial assistance. Those who receive public benefits have already seen a cut in their Social Security payments, and are expecting additional cuts to their medical benefits, and the In-Home Supportive Services program that will go into effect this summer.

Around the country, Holocaust survivors are facing the loss of their homes of many years to foreclosure, at least in part because they have drawn on the equity in their homes to help meet daily expenses. Such displacement is distressing for any senior citizen, but the impact on survivors is often exacerbated by physical and mental health ailments from their wartime experience. It is clear that indigent survivors in Los Angeles, the United States and around the world are in dire need.

The United States and the international community have the opportunity to deliver justice and aid for these survivors at the upcoming "Holocaust Era Assets Conference," which will be hosted in June by the Government of the Czech Republic in Prague. The objective of the conference is to assess the progress made since a similar conference was convened in Washington in 1998.
