

## DAY OF THE AFRICAN CHILD

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, today, I rise to recognize the Day of the African Child, which has been celebrated on June 16 each year since 1991 when it was first initiated by the Organization of African Unity, the predecessor to the African Union.

This year, the African Union has designated child survival as the theme of this year's Day of the African Child.

According to the United Nations Children's Fund, sub-Saharan Africa remains the most difficult place in the world for a child to survive. Each year in sub-Saharan Africa, 1.2 million babies die in their first month of life. Roughly, one in every six children fails to reach his 5th birthday. In response to these shocking statistics, the African Union made child survival a theme for their 15th meeting coming up in 2010.

The top five killers of children under age 5 include neonatal causes such as respiratory infections, pneumonia, malaria, diarrhea, and HIV/AIDS.

So, Mr. Speaker, we encourage the legislators to support this, and I join in solidarity with UNICEF for the African child.

## HEALTH CARE REFORM

(Ms. RICHARDSON asked and was given permission to address the House for 1 minute.)

Ms. RICHARDSON. Mr. Speaker, America cannot afford to wait for health care reform. Right now, more than three out of four Americans are dissatisfied with the total cost of health care. That is why Congress is working hard to craft legislation to fix the health care system for American families, for American businesses, for future generations, and of course, for our own fiscal survival.

Since 2000, wages have only increased 3 percent while health insurance has increased more than 50 percent. This has caused many families to delay visits to the doctor, to skip treatments and to allow their health coverage to lapse. Despite having the most expensive health care system in the world, Americans are no healthier than many of our global partners.

President Obama and this Congress are working together to provide adequate, accessible and affordable health care now.

## GOVERNMENT HASTE MAKES TAXPAYER WASTE

(Mr. McCOTTER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. McCOTTER. We are going to soon be facing a question of health care for Americans. We've heard about how

important it is for fellow Americans to have access to quality, affordable health care, and we hear that government is the answer. We hear that, if we spend \$1 trillion, we may be able to insure one-third of our fellow citizens. Extrapolating from that, that means, to insure all of the uninsured, it will cost us \$3 trillion. We hear this must be done by August.

Government haste makes taxpayer waste. We must do this properly. We must do this correctly. We cannot do it properly or correctly with an arbitrary deadline set by people who have, to date, passed bills they have not read and that have yet to work for the American people, whose number one concern right now is keeping a job or finding one.

## GENERAL LEAVE

Mrs. MALONEY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on this particular legislation and to insert additional information.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. MALONEY. Mr. Speaker, I rise in support of H.R. 1674, the National Consumer Cooperative Bank Act Amendments of 2009. This legislation is necessary to make a technical correction to the statute of the National Consumer Cooperative Bank Act.

The National Consumer Cooperative Bank was created by Congress in 1978 and is dedicated to strengthening communities nationwide through the delivery of banking and financial services, complemented by a special focus on cooperative expansion and economic development.

The National Consumer Cooperative Bank Act of 1978 established a nonprofit corporation to reach further into low-income communities and to serve disadvantaged populations. NCB Capital Impact is that nonprofit, mission-driven subsidiary of NCB that works to provide housing, education, health care, cultural centers, small businesses, and social services in economically distressed communities.

In the last 10 years alone, NCB Capital Impact has invested more than \$600 million in assistance to low- and moderate-income communities. These funds helped finance more than 33,000 affordable housing units; 8,000 affordable assisted living units for seniors and persons with disabilities; 137,000
