

the Health Resources and Services Administration account.

Requesting Member: Congressman DAVID DREIER

Bill Number: H.R. 3293, the Departments of Labor, HHS, Education Appropriations Act for Fiscal Year 2010

Account: Health Resources and Services Administration—Health Facilities and Services
Legal Name and Address of Entity Receiving Earmark: San Antonio Community Hospital, located at 999 San Bernardino Road, Upland, CA 91786.

Description of Request: Provide an earmark of \$750,000 to purchase cardiac monitoring equipment. San Antonio Community Hospital is expanding its services to meet a growing population. Approximately \$140,430 will go towards an Intravascular Ultrasound, \$72,900 for an AutoTransfusion System, \$51,670 for a Cardiac Surgery BioConsole and \$485,000 for a 16 slice CT Scanner. This request is consistent with the intended and authorized purpose of the Health Resources and Services Administration account.

EARMARK DECLARATION

HON. GEOFF DAVIS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Friday, July 24, 2009

Mr. DAVIS of Kentucky. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I secured as part of H.R. 3293, the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010.

Requesting Member: Congressman GEOFF DAVIS

Bill Number: H.R. 3293

Account: Dept of Education—Higher Education

Legal Name of Requesting Entity: Northern Kentucky University Foundation

Address of Requesting Entity: Administrative Center, 616 Nunn Drive, Highland Heights, KY 41099

Description of Request: Appropriate \$350,000 for the Northern Kentucky University Center for e-Health Innovation. Health informatics—applying information technology to health care—provides the foundation for developing significant improvements to our health care system. It promotes increased productivity; pay for performance; cost transparency; quality and safety; outcome based practices; access to health care and personal health records; and technological scalability and evolution. In these respects, it holds great promise for literally thousands of affected businesses oriented to support health care, large and small, for profit and not-for-profit. The U.S. Department of Labor projects the health care industry to hold 12 of the 20 fastest growing occupations; five of the remaining eight are in the computer technology industry. NKU seeks to prepare future employees for a burgeoning industry that understands both computer technology and its applications to improve patient care and reduce health care costs. NKU's Center for e-Health Innovation will offer an applied, practical research environment (physical laboratories) for studying

interoperability in health care and developing real world solutions for the local health care industry. Federal funding will cover equipment, faculty development and start up operations. Each lab will be comprised of physical space incorporating duplicates of hospital and medical center hardware, software and systems. This is a good use of taxpayer funds because it will train the health care workers of tomorrow in the science of applying information technology to health care to improve efficiency and outcomes.

Requesting Member: Congressman GEOFF DAVIS

Bill Number: H.R. 3293

Account: DOL—Employment and Training Administration—Training & Employment Services

Legal Name of Requesting Entity: Innovative Productivity, Inc.

Address of Requesting Entity: 401 Industry Road, Suite 500, Louisville, KY 40208

Description of Request: Appropriate \$150,000 for the Career Training for Disabled Veterans program. Career Training for Disabled Veterans is a program developed by Innovative Productivity, Inc. (IPI). It is designed to assist and train disabled veterans, including "Wounded Warriors," during and after treatment to reenter the civilian workforce. The program enables veterans to obtain career direction quickly in order to make important life decisions. The program will work in conjunction with the Departments of Defense, Veterans Affairs, and Labor in providing industry driven packaged training to match positions identified by employers. Surviving spouses of military war casualties and spouses of disabled veterans can also take advantage of this program. This is an important use of taxpayer dollars because it will leverage a relatively small contribution from the federal government to develop a robust program for training and placing our veterans in quality skilled jobs.

Requesting Member: Congressman GEOFF DAVIS

Bill Number: H.R. 3293

Account: HHS—Health Resources and Services Administration

Legal Name of Requesting Entity: New Horizons Health Systems, Inc.

Address of Requesting Entity: 330 Roland Avenue, Owenton, KY 40359

Description of Request: Appropriate \$250,000 for the Community Health Improvement Initiative at New Horizons Health Systems, Inc. New Horizons Health Systems, Inc. is a not-for-profit Critical Access Hospital that also serves as a rural health clinic for primary care. The funds will be used to purchase a new MRI. Patients currently have to travel over fifty miles to another health care facility for MRI services or wait for a mobile MRI to come through the area. These problems often result in disruption of continuity of care for the patient and a delay in diagnosis. This is a valuable use of taxpayer funds because it will improve public health service in rural Kentucky.

Requesting Member: Congressman GEOFF DAVIS

Bill Number: H.R. 3293

Account: HHS—Health Resources and Services Administration

Legal Name of Requesting Entity: Harrison Memorial Hospital

Address of Requesting Entity: 1210 KY Highway 36 E, Cynthiana, KY 41031

Description of Request: Appropriate \$100,000 for the Cardiac Catheterization

Project at Harrison Memorial Hospital. Harrison Memorial Hospital is a private, not-for-profit, rural hospital serving a region of five counties and approximately 45,000 residents, providing both inpatient and outpatient care. The project would implement a cardiac catheterization program at HMH. All federal funds received will go towards remodeling the existing space in the hospital to provide the cath suite and equipment. This project will make available cardiac cath for timely interventions and diagnosis, a key component of cardiac care. This is a valuable use of taxpayer funds because it will improve public health service in rural Kentucky.

HONORING THE LIFE OF ELOISA CORONADO. A LIFE OF 100 YEARS.

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, July 24, 2009

Mr. CUELLAR. Madam Speaker, it is my honor to share with you and celebrate the life of Eloisa Coronado from Zapata, Texas. Eloisa will be turning 100 years old this 31st of July, making her the oldest registered voter in Zapata County.

Born in 1909, she lived in a time when you still had to ride in a mule wagon to go into town for groceries. At age 9, her father died of Tetanus, leaving Eloisa to drop out of the third grade to help her mother raise her 4 younger sisters.

On January 1, 1926, she married Benito Martinez and eventually had 9 children. They ran a farm together raising cattle, planting corn and selling milk and eggs.

Living to be 100 naturally comes with hardship. Mrs. Coronado has outlived 4 sons, her 4 sisters, a half brother, 1 grandson and 3 daughters-in-law. As one can imagine, such pain has been difficult. But Eloisa's faith as well as the joy of her family of 27 grandchildren, 44 great-grandchildren and 43 great-great-grandchildren has kept her spirits up.

As a devoted believer, Eloisa has taught her family to have a strong faith, to be honest and to love one another. About her age and her life, she tells family members, "These hands will reach out for the Lord's hands when He calls me Home."

Madam Speaker, it is my honor to publicly celebrate the 100th birthday of Eloisa Coronado of Zapata Texas.

EARMARK DECLARATION

HON. CHARLES W. DENT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 24, 2009

Mr. DENT. Madam Speaker, pursuant to the House Republican Leadership standards on earmarks, I am submitting the following information regarding projects that are listed in H.R. 3293, the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, FY2010:

Bill Number: H.R. 3293, the Department of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, FY 2010

Account: Department of Health & Human Services, Administration on Aging,
