The GOP plan provides for guaranteed access regardless of preexisting conditions.

The Republican plan lets Americans who like their coverage keep it. It expands Community Health Centers that are critical points of access that provide health care services based on an affordable sliding scale.

Mr. Speaker, the Republican plan reinsts in junk lawsuits and will bring down health care costs. We need health care access, affordability, quality, and choice that Americans deserve. Americans deserve the Republican health care plan.

THE FORECLOSURE CRISIS

(Ms. TITUS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TITUS. Mr. Speaker, during the upcoming work session, I will return to southern Nevada, which is ground zero for the foreclosure crisis that triggered our current recession. During my time at home working with constituents who need help with their mortgages, many in homes that are underwater.

Families throughout my district are struggling to make their mortgage payments, and one out of every 16 households in Nevada has faced a foreclosure filing. Folks in District Three clearly need assistance to stay in their homes and avoid foreclosures.

I’m sure that every one of my colleagues in Congress will hear from such families during the upcoming district work period. I hope they will bring their stories back to Washington. And when Congress reconvenes in September, let us place a renewed focus on helping families stay in their homes and avoid foreclosures.

As a member of the House Homeland Security Committee, I am committed to continue to do all I can to ensure complete recovery for the impacted areas of Texas by Ike. This is a tremendous step forward for the recovery of Galveston and the neighboring communities devastated by Hurricane Ike. I wish UTMB, its doctors, its nurses, and its staff a successful future. Welcome back.
