my home State of Florida which provides low-income and at-risk children the scholarships and the guidance that they need to obtain a quality college education.

As a former educator and a former Florida legislator, I am acutely aware of the importance in providing our children a solid education so that they may be successful, productive, and active members of society in the future.

When students receive the support, the mentoring, and the financial assistance necessary to pursue a college degree, they begin to realize that they can achieve their goals, they are capable of reaching their dreams, and there are people ready to say, “We are here to help you.”

This is what Take Stock in Children offers to all of these children. It is an opportunity for the kids in our community to take advantage of the education they might not have otherwise been offered.

Take Stock in Children created an ingenious model of operation which provides the structure and the stability that at-risk and low-income students need in order to be guided to be most productive into college and beyond. With its innovative mentorship, scholarship, case management, and accountability systems, it is no wonder why Take Stock in Children has flourished.

The passion and commitment evident in all aspects of the organization is indeed inspiring. Over 94 percent of all funds that they gather go directly to scholarships and services to students. As more funds are made available to Take Stock in Children, they are quickly made available to the students.

Take Stock in Children has been able to expand into a public-private partnership, so that for every $2 raised for scholarship and student services, they receive a $1 match from the Florida Prepaid College Foundation, creating millions of dollars worth of resources for our kids.

As all of our Florida families know, the Florida Prepaid program allows them to invest early for their children’s college education. Parents lock in the cost of college when they begin paying into the program, saving them years of college rate increases and allowing them several years to save for their children’s educational needs.

One in ten Florida children has a Florida Prepaid plan, and over 206,000 prepaid students have already graduated from college. I am proud to say that I was one of the cocreators of this program when I served in the Florida Senate.

Take Stock in Children is actually the largest single purchaser of Florida Prepaid scholarships, and it is a great coordinated victory in the fight to help children achieve their dreams of success. It has been over 21 years since I helped create the Florida Prepaid program, and I am continually proud of its successes.

With Florida Prepaid and Take Stock in Children working together, an educational powerhouse has been created for Florida students, combining financial aid as well as guidance and counseling for enrolled and eligible children.

Over 520 students in my district today are recipients of scholarships from Take Stock in Children, and without the support, finding college tuition for these students would not have been likely.

1845

Today, almost $109 million have been awarded in scholarships and over 1 million hours logged, with over 11,000 volunteers dedicated to helping these students. It is because of the commitment of dedicated individuals that Take Stock in Children has come to be such a tremendous success. As a Member of Congress and an ardent supporter of giving the best education possible to our youth, it pleases me greatly that organizations like Take Stock in Children exists today. I look forward to hearing about all of the future successes of Take Stock in Children, and I again applaud my own everyday victories for all of our children.

HONORING THE LIFE OF VERMEL COOK

The SPEAKER pro tempore. Under a previous order of the House, the gentlewoman from Texas (Ms. JACKSON-LEE) is recognized for 5 minutes.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise to salute a woman of success and pay tribute to Vermel Cook, 55 years old, who passed just this last week, born on November 24, 1913, a woman that has a very special place in my heart, and that of the city of Houston. Mr. Speaker, can you imagine a woman born in the conclusion of World War I, in the midst of a segregated South, who became an important surgical nurse who attended to the surgeries of the famed surgeon, Dr. Michael DeBakey, and Dr. Denton Cooley, at the Methodist Hospital.

An achievement. And she did that for 30 years. In her 30 years I would imagine she saw some of the first heart transplants. She saw the first opportunities to give new life to patients through the genius of Dr. Michael DeBakey, and Dr. Denton Cooley, who still lives in our community. I’m very proud that this woman raised beautiful children, 6 children. She has 8 grandchildren, 4 great grandchildren.

And one of her wonderful children was a dear friend of mine, the Mitchell family. Her granddaughter, Pam Mitchell, who is saddened by her death, is one of the 8 grandchildren. And her wonderful daughter, surviving daughter, JoAnn Griggs, as well, had the opportunity to live with a great mother and a great father. Her husband, deceased, Leroy Cook, they were married for 50 years and produced great talent for the Mitchell family, Mr. and Mrs. Mitchell and granddaughter Pam and grandson, her young grandson, traveled around the community and provided great music.

She was a woman of religion as well, a member of the Progressive New Hope Church under the Reverend Ennis Brown, and she served at that church for many, many years, a great historic church in the city of Houston. But then as Pastor Brown passed away, she moved to one of the up-and-coming churches and the leadership of my dear friend, Pastor Samuel Ratliff, Brentwood Baptist Church. And I am reminded of my visits to that church when Pastor Ratliff and all of the leadership of that church always rallied around Sister Cook. They always were so grateful of her presence there, and, as well, the spark and the laughter and the smile that she brought to the congregation.

I will always remember her, generous in spirit and heart, a nurturer. And now I know why. A surgical nurse in the midst of a segregated America, living through World War I and World War II, standing at the side of the founder of the veterans hospital system of America, Dr. Michael DeBakey. And then his tutee, Dr. Denton Cooley, two giants in the field of medicine. Now their fallen hero goes alongside of Dr. DeBakey, my very dear friend, Sister Vermel Cook.

As she is buried this coming weekend I would ask that we remember her challenges, but also her spirit. I will always be proud to have known her and to have recognized the greatness of her service and how she pioneered for nurses who now have come behind her.

She’ll be funerilized on Saturday, this coming Saturday, August 1, 2009, at the Brentwood Baptist Church. Though we are saddened by her passing, we know that this will be a commemoration, a celebration of the pioneering spirit and the successes that she had. We pay tribute to Vermel Cook; yes, fallen, but yet successful, a woman that we can be very proud of in this great Nation that gives us opportunity. God bless you, Vermel Cook, and God bless America.

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Texas (Mr. GOHMERT) is recognized for 5 minutes.

(Mr. GOHMERT addressed the House. His remarks will appear hereafter in the Extensions of Remarks.)

THE BIG GUNS HAVE LINED UP AGAINST H.R. 1207

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Texas (Mr. PAUL) is recognized for 5 minutes.

Mr. PAUL. Mr. Speaker, the big guns have lined up against H.R. 1207, the bill to audit the Federal Reserve. What is it that they are so concerned about? What information are they hiding from
