

## MOTION TO ADJOURN

Mr. SIMPSON. Mr. Speaker, I move that the House do now adjourn.

The SPEAKER pro tempore. The question is on the motion to adjourn.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

Mr. SIMPSON. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 42, nays 355, not voting 35, as follows:

[Roll No. 730]

## ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining in this vote.

□ 1715

Mr. MITCHELL, Ms. VELÁZQUEZ, Messrs. SCHRADER, BRIGHT, DUNCAN, GINGREY of Georgia, Ms. MARIKEY of Colorado and Mr. ELLSWORTH changed their vote from “yea” to “nay.”

So the motion to adjourn was rejected.

The result of the vote was announced as above recorded.

Stated against:

Ms. SLAUGHTER. Mr. Speaker, on rollcall No. 730, had I been present, I would have voted “nay.”

SURFACE TRANSPORTATION  
EXTENSION ACT OF 2009

The SPEAKER pro tempore. The Chair recognizes the gentleman from Florida.

Mr. MICA. Mr. Speaker, might I inquire, before I begin, as to the amount of time that I have remaining and the amount of time the gentleman from Minnesota has remaining.

The SPEAKER pro tempore. The gentleman from Florida has 30 seconds remaining and the gentleman from Minnesota has 3 minutes.

Mr. MICA. Mr. Speaker, again, the situation we find ourselves in, in just a few minutes here, will be to vote whether or not to proceed with a 3-month extension on the highway bill.

Mr. Speaker, as I said earlier, my side of the aisle and my leadership is asking not to kill a 3-month extension. We are very much in favor of a highway bill. What they are asking for is an opportunity to be heard, for this bill to go through regular order through the Rules Committee and have one opportunity, at least one opportunity, for the minority to be heard on this important piece of legislation.

I yield back the balance of my time.

Mr. OBERSTAR. I yield myself the balance of my time.

As a matter of historical record, it was I who suggested, when I heard from my distinguished Republican leader on the committee that the leaders of the Republican Conference had decided to oppose the suspension, that we would then, instead, ask for a rule to consider the bill. But on further consideration, I decided that there are so many Members on both sides who really wanted to vote on this bill that the time is now.

I just want to point out that in the consideration of the current law, surface transportation law, beginning in 2003, there were 12 extensions: five were considered under unanimous consent, with my support; seven bills were considered under suspension of the rules, all of which I cosponsored; four were agreed to by voice vote; three were passed by recorded vote. The first, ironically, was September 30, 2003, 6 years ago, for a 5-month extension. I supported that. It was a voice vote. We didn't ask for a bill to be brought up under a rule. We didn't ask for a recorded vote. We just, as a matter of comity and participation and in the best interests of the country and in the best interests of transportation, supported an extension for 5 months, and on through 12 of them, the last being the extension into September of 2004.

Why, now, all of a sudden, after our side had time and again supported extensions that, let me just go here, the last was July 30, 2005. I correct myself. I supported it. This is in the best public interest, I said, to give the Congress time, the House and Senate conference committees, to finish a bill.

Now, there are a number of organizations that support the short-term extension—the American Trucking Association, the American Automobile Association, the National Association of

Manufacturers, the U.S. Chamber of Commerce—urging the Congress to enact a multiyear surface transportation authorization bill as soon as possible. The Transportation Construction Coalition, 28 national construction trade associations and construction trade unions.

The proposed 3-month extension is far preferable to the 18 months. A whole host of groups say do the right thing. I ask this body to do the right thing today.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise today in strong support of H.R. 3617, the "Surface Transportation Extension Act". I would like to thank my colleague Representative JAMES OBERSTAR for introducing this legislation, as well as the co-sponsors.

I stand in support of this important legislation because of the importance transportation has for my state of Texas, and my home city of Houston.

As a body we must be judicious in appropriating funds for transportation because it is of such vital interest to our Nation. Investments in our Nation's surface transportation infrastructure create millions of family-wage jobs and billions of dollars of economic activity. Each \$1 billion of Federal funds creates 47,500 jobs and \$6.1 billion in economic activity. In addition, this investment in transportation infrastructure will increase business productivity by reducing the costs of producing goods in virtually all industrial sectors of the economy. Increased productivity results in increased demand for labor, capital, and raw materials and generally leads to lower product prices and increased sales.

Because so much is literally riding on a transportation agreement for the 21st Century we must insist on a balanced surface transportation program that serves the mobility needs of our country in a manner consistent with key Democratic principles, including: economic growth, intermodalism, security, safety, continuity, equal opportunity, protecting our human and natural environment, rebuilding our transit and highway systems, encouraging alternative transportation, encouraging smart growth, encouraging advanced technology solutions, and protecting the rights of workers in transportation industries. While I am satisfied with this current extension I look forward to the day when we can pass a comprehensive and equitable transportation agreement that serves the 21st Century transportation needs of the American people.

Mr. BLUMENAUER. Mr. Speaker, while we understand the need to extend our transportation programs while the other body deals with health care and climate change legislation, we must stand firm about passing a new authorization of our transportation programs in the next 6 months.

Investing in America's infrastructure is the surest way to put Americans back to work. We can't afford to miss another construction cycle. Nor should we fall into a short term extension "trap". Even worse would be to punt until the next Congress the reauthorization of the Surface Transportation Act.

Throughout America, our infrastructure is falling apart. Communities large and small—urban and rural—are suffering from deteriorating roads and bridges, aging water and sewer pipes, and an inadequate electrical grid.

It is so bad that the American Society of Civil Engineers has given our nation's infra-

structure an overall grade of "D". They say that we need \$2.2 trillion to repair highway, transit and water projects after years of neglect.

If it were not for the economic recovery package, we would be spending less than at any time in recent history and far less than our international competitors on this critical component of our nation's strength.

Real highway spending per mile traveled has fallen by 50 percent since the Highway Trust Fund was established.

Total combined highway and transit spending as a share of gross domestic product has fallen by 25 percent during that period, to 1.5 percent of GDP today.

By not adjusting the tax rate for inflation, the gas tax has lost 33 percent of its purchasing power since 1993.

Over this time, we have failed to pursue the type of innovation necessary to ensure that our infrastructure meets the needs of future generations.

While America must and will spend more on infrastructure, it is critical to have the vision for what we are buying. More important, we must change the value proposition to get more from each dollar invested. The House has that vision and leadership. Let's take the next 6 months to write it into law.

Mr. OBERSTAR. Mr. Speaker, I rise to correct statements that were made by the gentleman from Arizona in the course of this debate, in which he gave inaccurate information about the magnetic levitation deployment program and the America's Byways Resource Center.

SAFETEA-LU established a program to fund the deployment of magnetic levitation transportation projects. SAFETEA-LU provided \$45 million for the MAGLEV program in FY09, under the policy agreements made in the course of negotiations on that legislation.

This is an extension of a current law program, and is consistent with the approach taken throughout the Surface Transportation Extension Act. No Member requested the inclusion of this language.

The America's Byways Resource Center was originally authorized and funded under TEA-21. Byway leaders, local groups, volunteers, organizations and the State coordinators responsible for the planning and marketing involved with nationally designated byways depend on the center for the training, information and expertise paving the way to better byways.

The Federal Highway Administration leads and manages the National Scenic Byways Program as a community-based program and works in coordination with the center to ensure the continued commitment to the success of America's Byways.

Policy changes can and will be considered in the course of a long-term authorization, but are not appropriate in a short-term extension. H.R. 3617 extends the policies and agreements made under SAFETEA-LU, and continuation of these programs is consistent with this approach.

I yield back the balance of my time. The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Minnesota (Mr. OBERSTAR) that the House suspend the rules and pass the bill, H.R. 3617.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. OBERSTAR. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 335, nays 85, not voting 12, as follows:

[Roll No. 731]

## ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining in this vote.

□ 1745

Mr. BARTLETT changed his vote from “yea” to “nay.”

Mrs. McMORRIS RODGERS, Messrs. COHEN, GUTHRIE, FLEMING, STEARNS, BURTON of Indiana, LUETKEMEYER, BOOZMAN, and BONNER changed their vote from “nay to “yea.”

So (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

## MOTION TO ADJOURN

Mr. KINGSTON. Mr. Speaker, I move that the House do now adjourn. \* \* \*

The SPEAKER pro tempore. The motion is not debatable.

Does the gentleman have a motion?  
 Mr. KINGSTON. I move that the House do now adjourn.

The SPEAKER pro tempore. The question is on the motion to adjourn.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

## RECORDED VOTE

Mr. KINGSTON. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The vote was taken by electronic device, and there were—ayes 50, noes 349, not voting 33, as follows:

[Roll No. 732]

## ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Ms. BALDWIN) (during the vote). Members are advised 2 minutes remain in the vote.

□ 1806

Ms. CORRINE BROWN of Florida and Ms. HARMAN changed their vote from “aye” to “no.”

So the motion to adjourn was rejected.

The result of the vote was announced as above recorded.

Stated against:

Mr. LARSON of Connecticut. Madam Speaker, on rollcall No. 732, Kingston Motion to Adjourn, had I been present, I would have voted “no.”
