in the world. I am not blind to the fact that our health care system has failings. I have seen them firsthand. We can fix a broken system in a way that actually works to get costs down, to get more people covered, to give more people choices, and in this plan, not in this atrocious plan, which raises taxes, cuts Medicare, and takes away choices from the American people.

The PRESIDING OFFICER. The Senator from Hawaii.

Mr. AKAKA. Mr. President, I ask unanimous consent that I be permitted to use my time on the bill and my time on the amendment as necessary.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. AKAKA. Mr. President, as chairman of the Senate Committee on Veterans’ Affairs, I had the honor of speaking at the World War II Memorial this past Veterans Day. As I stood there remembering my own comrades and their families, I thought of what the brave men and women in the service give up every day so we can enjoy the freedoms that come with American citizenship.

It is in that spirit that I urge this body to pass S. 1963, the Caregivers and Veterans Omnibus Health Services Act of 2009 without further delay.

The Nation’s young veterans coming home from Iraq and Afghanistan have faced a new and terrifying kind of warfare, characterized by improvised explosive devices, sniper fire and counterinsurgencies. Military medicine, fortunately, is saving more of these young servicemembers’ lives than ever before.

In World War II, 30 percent of Americans injured died. In Vietnam, 24 percent died. In the wars in Iraq and Afghanistan, about 10 percent of those injured have died.

As more of the catastrophically disabled are surviving to return home, more will require a lifetime of care. About 131,000 veterans are homeless. S. 1963 would help these veterans obtain housing, pension benefits, and other supportive services. It would provide financial assistance to organizations that help homeless veterans.

There are provisions which make health care quality a priority, strengthen the credentialing and privileging requirements of VA health care providers, and require the VA to better oversee the quality of care provided in the VA hospitals and clinics.

The bill will also improve care for homeless veterans, women veterans, veterans who live in rural areas, and veterans who suffer from mental illness.

It is in that spirit that I urge this body to pass S. 1963, the Caregivers and Veterans Omnibus Health Services Act of 2009 without further delay.
