SEC. 1413. STREAMLINING OF PROCEDURES FOR ENROLLMENT THROUGH AN EXCHANGE AND STATE MEDICAID, CHIP, AND HEALTH SUBSIDY PROGRAMS.

(a) IN GENERAL.—The Secretary shall establish a system meeting the requirements of this section under which residents of each State may apply for enrollment in, receive a determination of eligibility for participation in, and continue participation in, applicable State health subsidy programs. Such system shall ensure that if an individual applying to an Exchange, to a State Medicaid program under title XIX of the Social Security Act, or to a State children's health insurance program (CHIP) under title XXI of such Act, is found to be ineligible for the program to which the individual applied, the individual shall be screened for eligibility for all other potentially applicable such programs and shall be enrolled in the program for which the individual qualifies.

(b) REQUIREMENTS RELATING TO FORMS AND NOTICE.—

(1) REQUIREMENTS RELATING TO FORMS.—

(A) IN GENERAL.—The Secretary shall develop and provide to each State a single, streamlined form that—

(i) may be used to apply for all applicable State health subsidy programs within the State;

(ii) may be filed online, in person, by mail, or by telephone;

(iii) may be filed with an Exchange or with State officials operating one of the other applicable State health subsidy programs; and

(iv) is structured to maximize an applicant's ability to complete the form satisfactorily, taking into account the characteristics of individuals who qualify for applicable State health subsidy programs.

(B) STATE AUTHORITY TO ESTABLISH FORM.—A State may develop and use its own single, streamlined form as an alternative to the form developed under subparagraph (A) if the alternative form is consistent with standards promulgated by the Secretary under this section.

(C) SUPPLEMENTAL ELIGIBILITY FORMS.—The Secretary may allow a State to use a supplemental or alternative form in the case of individuals who apply for eligibility that is not determined on the basis of the household income (as defined in section 36B of the Internal Revenue Code of 1986).

(D) RELEVANCE.—The forms described in subparagraphs (A) and (B) shall not require the applicant to answer any questions that are irrelevant to establishing eligibility for applicable State health subsidy programs. The Secretary shall establish procedures that avoid any need for such requirements, which shall include determining the amounts expended for medical assistance that are described in subsection (y)(1) of section 1905 of the Social Security Act (as added by section 2001(a)(3) of this Act) through the use of the post-enrollment procedures described in section 1903(u)(1)(C) of the Social Security Act.

(2) NOTICE.—The Secretary shall provide that an applicant filing a form under paragraph (1) shall receive notice of eligibility for an applicable State health subsidy program without any need to provide additional information or paperwork unless such information or paperwork is specifically required by law when information provided on the form is inconsistent with data used for the electronic verification under paragraph (3) or is otherwise insufficient to determine eligibility.

(c) REQUIREMENTS RELATING TO ELIGIBILITY BASED ON DATA EXCHANGES.—

(1) DEVELOPMENT OF SECURE INTERFACES.—Each State shall develop for all applicable State health subsidy programs a secure, electronic interface allowing an exchange of data (including information contained in the application forms described in subsection (b)) that allows a determination of eligibility for all such programs based on a single application. Such interface shall be compatible with the method established for data verification under section 1411(c)(4).

(2) DATA MATCHING PROGRAM.—Each applicable State health subsidy program shall participate in a data matching arrangement for determining eligibility for participation in the program under paragraph (3) that—

(A) provides access to data described in paragraph (3);

(B) applies only to individuals who—

(i) receive assistance from an applicable State health subsidy program; or

(ii) apply for such assistance—

(I) by filing a form described in subsection (b); or

(II) notwithstanding section 1411(b), by requesting a determination of eligibility and authorizing disclosure of the information described in paragraph (3) to applicable State health coverage subsidy programs for purposes of determining and establishing eligibility; and

(C) is consistent with standards promulgated by the Secretary, including the privacy and data security safeguards described in section 1942 of the Social Security Act or that are otherwise applicable to such programs.

(3) DETERMINATION OF ELIGIBILITY.—

(A) IN GENERAL.—Each applicable State health subsidy program shall, to the maximum extent practicable—

(i) establish, verify, and update eligibility for participation in the program using the data matching arrangement under paragraph (2); and

(ii) determine such eligibility on the basis of reliable, third party data, including information described in sections 1137, 453(i), and 1942(a) of the Social Security Act, obtained through such arrangement, provided that if such data do not establish an individual's eligibility for medical assistance under title XIX of the Social Security Act, the rules described in section 1902(e)(14)(H) of such Act shall apply to such individual.

(B) EXCEPTION.—This paragraph shall not apply in circumstances with respect to which the Secretary determines that the administrative and other costs of use of the data matching arrangement under paragraph (2) outweigh its expected gains in accuracy, efficiency, and program participation.

(4) SECRETARIAL STANDARDS.—The Secretary shall, after consultation with persons in possession of the data to be matched and representatives of applicable State health subsidy programs, promulgate standards governing the timing, contents, and procedures for data matching described in this subsection. Such standards shall take into account administrative and other costs and the value of data matching to the establishment, verification, and updating of eligibility for applicable State health subsidy programs.

(d) ADMINISTRATIVE AUTHORITY.—

(1) AGREEMENTS.—Subject to section 1411 and section 6103(l)(21) of the Internal Revenue Code of 1986 and any other requirement providing safeguards of privacy and data integrity, the Secretary may establish model

agreements, and enter into agreements, for the sharing of data under this section.

(2) AUTHORITY OF EXCHANGE TO CONTRACT OUT.—Nothing in this section shall be construed to—

(A) prohibit contractual arrangements through which a State medicaid agency determines eligibility for all applicable State health subsidy programs, but only if such agency complies with the Secretary's requirements ensuring reduced administrative costs, eligibility errors, and disruptions in coverage; or

(B) change any requirement under title XIX that eligibility for participation in a State's medicaid program must be determined by a public agency.

(e) APPLICABLE STATE HEALTH SUBSIDY PROGRAM.—In this section, the term ''applicable State health subsidy program'' means—

(1) the program under this title for the determination of eligibility for premium tax credits under section 36B of the Internal Revenue Code of 1986 and cost-sharing reductions under section 1402;

(2) a State medicaid program under title XIX of the Social Security Act;

Subtitle B—Medical Care Access Protection

SEC. 10101. SHORT TITLE.

This subtitle may be cited as the ''Medical Care Access Protection Act of 2009'' or the ''MCAP Act''.

SEC. 10102. FINDINGS AND PURPOSE.

(a) FINDINGS.—

(1) EFFECT ON HEALTH CARE ACCESS AND COSTS.—Congress finds that our current civil justice system is adversely affecting patient access to health care services, better patient care, and cost-efficient health care, in that the health care liability system is a costly and ineffective mechanism for resolving claims of health care liability and compensating injured patients, and is a deterrent to the sharing of information among health care professionals which impedes efforts to improve patient safety and quality of care.

(2) EFFECT ON INTERSTATE COMMERCE.—Congress finds that the health care and insurance industries are industries affecting interstate commerce and the health care liability litigation systems existing throughout the United States are activities that affect interstate commerce by contributing to the high costs of health care and premiums for health care liability insurance purchased by health care system providers.

(3) EFFECT ON FEDERAL SPENDING.—Congress finds that the health care liability litigation systems existing throughout the United States have a significant effect on the amount, distribution, and use of Federal funds because of—

(A) the large number of individuals who receive health care benefits under programs operated or financed by the Federal Government;

(B) the large number of individuals who benefit because of the exclusion from Federal taxes of the amounts spent to provide them with health insurance benefits; and

(C) the large number of health care providers who provide items or services for which the Federal Government makes payments.

(b) PURPOSE.—It is the purpose of this subtitle to implement reasonable, comprehensive, and effective health care liability reforms designed to—

(1) improve the availability of health care services in cases in which health care liability actions have been shown to be a factor in the decreased availability of services;

(2) reduce the incidence of ''defensive medicine'' and lower the cost of health care liability insurance, all of which contribute to the escalation of health care costs;

(3) ensure that persons with meritorious health care injury claims receive fair and adequate compensation, including reasonable noneconomic damages;

(4) improve the fairness and cost-effectiveness of our current health care liability system to resolve disputes over, and provide compensation for, health care liability by reducing uncertainty in the amount of compensation provided to injured individuals; and

(5) provide an increased sharing of information in the health care system which will reduce unintended injury and improve patient care.

(d) FAIR SHARE RULE.—In any health care lawsuit, each party shall be liable for that party's several share of any damages only and not for the share of any other person. Each party shall be liable only for the amount of damages allocated to such party in direct proportion to such party's percentage of responsibility. A separate judgment shall be rendered against each such party for the amount allocated to such party. For purposes of this section, the trier of fact shall determine the proportion of responsibility of each party for the claimant's harm.

SEC. 10106. MAXIMIZING PATIENT RECOVERY.

(a) COURT SUPERVISION OF SHARE OF DAMAGES ACTUALLY PAID TO CLAIMANTS.—

(1) IN GENERAL.—In any health care lawsuit, the court shall supervise the arrangements for payment of damages to protect against conflicts of interest that may have the effect of reducing the amount of damages awarded that are actually paid to claimants.

(2) CONTINGENCY FEES.—

(A) IN GENERAL.—In any health care lawsuit in which the attorney for a party claims a financial stake in the outcome by virtue of a contingent fee, the court shall have the power to restrict the payment of a claimant's damage recovery to such attorney, and to redirect such damages to the claimant based upon the interests of justice and principles of equity.

(B) LIMITATION.—The total of all contingent fees for representing all claimants in a health care lawsuit shall not exceed the following limits:

(i) 40 percent of the first $50,000 recovered by the claimant(s).

(ii) 33⅓ percent of the next $50,000 recovered by the claimant(s).

(iii) 25 percent of the next $500,000 recovered by the claimant(s).

(iv) 15 percent of any amount by which the recovery by the claimant(s) is in excess of $600,000.

(b) APPLICABILITY.—

(1) IN GENERAL.—The limitations in subsection (a) shall apply whether the recovery is by judgment, settlement, mediation, arbitration, or any other form of alternative dispute resolution.

(2) MINORS.—In a health care lawsuit involving a minor or incompetent person, a court retains the authority to authorize or approve a fee that is less than the maximum permitted under this section.

(c) EXPERT WITNESSES.—

(1) REQUIREMENT.—No individual shall be qualified to testify as an expert witness concerning issues of negligence in any health care lawsuit against a defendant unless such individual—

(A) except as required under paragraph (2), is a health care professional who—

(i) is appropriately credentialed or licensed in 1 or more States to deliver health care services; and

(ii) typically treats the diagnosis or condition or provides the type of treatment under review; and

(B) can demonstrate by competent evidence that, as a result of training, education, knowledge, and experience in the evaluation, diagnosis, and treatment of the disease or injury which is the subject matter of the lawsuit against the defendant, the individual was substantially familiar with applicable standards of care and practice as they relate to the act or omission which is the subject of the lawsuit on the date of the incident.

(2) PHYSICIAN REVIEW.—In a health care lawsuit, if the claim of the plaintiff involved

treatment that is recommended or provided by a physician (allopathic or osteopathic), an individual shall not be qualified to be an expert witness under this subsection with respect to issues of negligence concerning such treatment unless such individual is a physician.

(3) SPECIALTIES AND SUBSPECIALTIES.—With respect to a lawsuit described in paragraph (1), a court shall not permit an expert in one medical specialty or subspecialty to testify against a defendant in another medical specialty or subspecialty unless, in addition to a showing of substantial familiarity in accordance with paragraph (1)(B), there is a showing that the standards of care and practice in the two specialty or subspecialty fields are similar.

(4) LIMITATION.—The limitations in this subsection shall not apply to expert witnesses testifying as to the degree or permanency of medical or physical impairment.

SEC. 10107. ADDITIONAL HEALTH BENEFITS.

(a) IN GENERAL.—The amount of any damages received by a claimant in any health care lawsuit shall be reduced by the court by the amount of any collateral source benefits to which the claimant is entitled, less any insurance premiums or other payments made by the claimant (or by the spouse, parent, child, or legal guardian of the claimant) to obtain or secure such benefits.

(b) PRESERVATION OF CURRENT LAW.—Where a payor of collateral source benefits has a right of recovery by reimbursement or subrogation and such right is permitted under Federal or State law, subsection (a) shall not apply.

(c) APPLICATION OF PROVISION.—This section shall apply to any health care lawsuit that is settled or resolved by a fact finder.

SEC. 10108. PUNITIVE DAMAGES.

(a) PUNITIVE DAMAGES PERMITTED.—

(1) IN GENERAL.—Punitive damages may, if otherwise available under applicable State or Federal law, be awarded against any person in a health care lawsuit only if it is proven by clear and convincing evidence that such person acted with malicious intent to injure the claimant, or that such person deliberately failed to avoid unnecessary injury that such person knew the claimant was substantially certain to suffer.

(2) FILING OF LAWSUIT.—No demand for punitive damages shall be included in a health care lawsuit as initially filed. A court may allow a claimant to file an amended pleading for punitive damages only upon a motion by the claimant and after a finding by the court, upon review of supporting and opposing affidavits or after a hearing, after weighing the evidence, that the claimant has established by a substantial probability that the claimant will prevail on the claim for punitive damages.

(3) SEPARATE PROCEEDING.—At the request of any party in a health care lawsuit, the trier of fact shall consider in a separate proceeding—

(A) whether punitive damages are to be awarded and the amount of such award; and

(B) the amount of punitive damages following a determination of punitive liability.

If a separate proceeding is requested, evidence relevant only to the claim for punitive damages, as determined by applicable State law, shall be inadmissible in any proceeding to determine whether compensatory damages are to be awarded.

(4) LIMITATION WHERE NO COMPENSATORY DAMAGES ARE AWARDED.—In any health care lawsuit where no judgment for compensatory damages is rendered against a person, no punitive damages may be awarded with respect to the claim in such lawsuit against such person.

(b) DETERMINING AMOUNT OF PUNITIVE DAMAGES.—

(1) FACTORS CONSIDERED.—In determining the amount of punitive damages under this section, the trier of fact shall consider only the following:

(A) the severity of the harm caused by the conduct of such party;

(B) the duration of the conduct or any concealment of it by such party;

(C) the profitability of the conduct to such party;

(D) the number of products sold or medical procedures rendered for compensation, as the case may be, by such party, of the kind causing the harm complained of by the claimant;

(E) any criminal penalties imposed on such party, as a result of the conduct complained of by the claimant; and

(F) the amount of any civil fines assessed against such party as a result of the conduct complained of by the claimant.

(2) MAXIMUM AWARD.—The amount of punitive damages awarded in a health care lawsuit may not exceed an amount equal to two times the amount of economic damages awarded in the lawsuit or $250,000, whichever is greater. The jury shall not be informed of the limitation under the preceding sentence.

(c) LIABILITY OF HEALTH CARE PROVIDERS.—

(1) IN GENERAL.—A health care provider who prescribes, or who dispenses pursuant to a prescription, a drug, biological product, or medical device approved by the Food and Drug Administration, for an approved indication of the drug, biological product, or medical device, shall not be named as a party to a product liability lawsuit invoking such drug, biological product, or medical device and shall not be liable to a claimant in a class action lawsuit against the manufacturer, distributor, or product seller of such drug, biological product, or medical device.

(2) MEDICAL PRODUCT.—The term ''medical product'' means a drug or device intended for humans. The terms ''drug'' and ''device'' have the meanings given such terms in sections 201(g)(1) and 201(h) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 321), respectively, including any component or raw material used therein, but excluding health care services.

SEC. 10109. AUTHORIZATION OF PAYMENT OF FUTURE DAMAGES TO CLAIMANTS IN HEALTH CARE LAWSUITS.

(a) IN GENERAL.—In any health care lawsuit, if an award of future damages, without reduction to present value, equaling or exceeding $50,000 is made against a party with sufficient insurance or other assets to fund a periodic payment of such a judgment, the court shall, at the request of any party, enter a judgment ordering that the future damages be paid by periodic payments in accordance with the Uniform Periodic Payment of Judgments Act promulgated by the National Conference of Commissioners on Uniform State Laws.

(b) APPLICABILITY.—This section applies to all actions which have not been first set for trial or retrial before the effective date of this subtitle.

SEC. 10110. EFFECT ON OTHER LAWS.

(a) GENERAL VACCINE INJURY.—

(1) IN GENERAL.—To the extent that title XXI of the Public Health Service Act establishes a Federal rule of law applicable to a civil action brought for a vaccine-related injury or death—

(A) this subtitle shall not affect the application of the rule of law to such an action; and

(B) any rule of law prescribed by this subtitle in conflict with a rule of law of such title XXI shall not apply to such action.

(2) EXCEPTION.—If there is an aspect of a civil action brought for a vaccine-related injury or death to which a Federal rule of law under title XXI of the Public Health Service Act does not apply, then this subtitle or otherwise applicable law (as determined under this subtitle) will apply to such aspect of such action.

(b) SMALLPOX VACCINE INJURY.—

(1) IN GENERAL.—To the extent that part C of title II of the Public Health Service Act establishes a Federal rule of law applicable to a civil action brought for a smallpox vaccine-related injury or death—

(A) this subtitle shall not affect the application of the rule of law to such an action; and

(B) any rule of law prescribed by this subtitle in conflict with a rule of law of such part C shall not apply to such action.

(2) EXCEPTION.—If there is an aspect of a civil action brought for a smallpox vaccine-related injury or death to which a Federal rule of law under part C of title II of the Public Health Service Act does not apply, then this subtitle or otherwise applicable law (as determined under this subtitle) will apply to such aspect of such action.

(c) OTHER FEDERAL LAW.—Except as provided in this section, nothing in this subtitle shall be deemed to affect any defense available, or any limitation on liability that applies to, a defendant in a health care lawsuit or action under any other provision of Federal law.

SEC. 10111. STATE FLEXIBILITY AND PROTECTION OF STATES' RIGHTS.

(a) HEALTH CARE LAWSUITS.—The provisions governing health care lawsuits set forth in this subtitle shall preempt, subject to subsections (b) and (c), State law to the extent that State law prevents the application of any provisions of law established by or under this subtitle. The provisions governing health care lawsuits set forth in this subtitle supersede chapter 171 of title 28, United States Code, to the extent that such chapter—

(1) provides for a greater amount of damages or contingent fees, a longer period in which a health care lawsuit may be commenced, or a reduced applicability or scope of periodic payment of future damages, than provided in this subtitle; or

(2) prohibits the introduction of evidence regarding collateral source benefits.

(b) PREEMPTION OF CERTAIN STATE LAWS.—No provision of this subtitle shall be construed to preempt any State law (whether effective before, on, or after the date of the enactment of this Act) that specifies a particular monetary amount of compensatory or punitive damages (or the total amount of damages) that may be awarded in a health care lawsuit, regardless of whether such monetary amount is greater or lesser than is provided for under this subtitle, notwithstanding section 10105(a).

(c) PROTECTION OF STATE'S RIGHTS AND OTHER LAWS.—

(1) IN GENERAL.—Any issue that is not governed by a provision of law established by or under this subtitle (including the State standards of negligence) shall be governed by otherwise applicable Federal or State law.

(2) RULE OF CONSTRUCTION.—Nothing in this subtitle shall be construed to—

(A) preempt or supersede any Federal or State law that imposes greater procedural or substantive protections (such as a shorter statute of limitations) for a health care provider or health care institution from liability, loss, or damages than those provided by this subtitle;

(B) preempt or supercede any State law that permits and provides for the enforcement of any arbitration agreement related to a health care liability claim whether enacted prior to or after the date of enactment of this Act;

(C) create a cause of action that is not otherwise available under Federal or State law; or

(D) affect the scope of preemption of any other Federal law.

SEC. 10112. APPLICABILITY; EFFECTIVE DATE.

This subtitle shall apply to any health care lawsuit brought in a Federal or State court, or subject to an alternative dispute resolution system, that is initiated on or after the date of the enactment of this Act, except that any health care lawsuit arising from an injury occurring prior to the date of enactment of this Act shall be governed by the applicable statute of limitations provisions in effect at the time the injury occurred.
