

say anywhere in the Constitution the Federal Government can force anybody to buy anything, including health insurance. It is not there.

Some have said, what about car insurance? The States, not the Feds, regulate car insurance so drivers can pay for third-party injuries. And driving is a privilege, not a right.

A better example would be if the Feds forced the people to buy a car from GM. "Government Motors" would pick the car they want the citizens to buy, then tax them to pay for it. That is unconstitutional. So is forcing people to buy health insurance.

Thomas Jefferson said, "The Federal Government is our servant, not our master." It is about time we put government in its place.

And that's just the way it is.

#### ARMY SPECIALIST KYLE WRIGHT

(Mrs. BIGGERT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BIGGERT. Mr. Speaker, I rise today to pay tribute to Army Specialist Kyle Wright, a 22-year-old from Romeoville, Illinois, who was killed in combat on January 13 while serving our country during his first tour of duty in Afghanistan.

Specialist Wright followed in his father's and grandfather's military footsteps by enlisting in the Army, and did so out of a strong desire to advance the freedoms and liberties of women in Afghanistan, a cause very close to my heart.

He joined the Army after graduating in 2006 from Romeoville High School, where, even as a young man, he demonstrated his love for this country by serving in the Marine Corps Junior Reserve Officers Training Corps.

He was passionate, honorable, and loved by all who knew him, his family, his girlfriend, and his fellow soldiers. His dedication to women's rights in Afghanistan was inspired by his sisters, his mother, stepmother, and grandmother. And his dedication to upholding the American ideals and freedoms he believed in knew no bounds.

I would like to extend my deepest condolence to the Wright family and to all who knew this brave soldier. Our Nation lost a true hero with Specialist Wright's passing. He will be missed.

The Chair now recognizes the gentlewoman from Guam (Ms. BORDALLO).

GENERAL LEAVE

Ms. BORDALLO. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Guam?

There was no objection.

Ms. BORDALLO. Mr. Speaker, H.R. 3726, sponsored by my good friend and colleague from the Virgin Islands, DONNA CHRISTENSEN, establishes the Castle Nugent National Historic Site as a new unit of the National Park System on the island of St. Croix in the United States Virgin Islands.

The lands to be included in this new historic site represent the largest undeveloped natural area remaining on the island, and there is very strong local support for protecting it as parkland for future generations.

The new park, Mr. Speaker, encompasses about 11,500 acres, three-quarters of which are submerged lands containing one of the largest and healthiest coral reef systems in the region. The National Park Service has studied the site and testified that it meets their criteria for addition to the system.

Congresswoman CHRISTENSEN is to be commended for her commitment to preserving the unique history and the culture of the beautiful island of St. Croix. So we urge our colleagues to support passage of H.R. 3726.

I reserve the balance of my time.

Mr. BISHOP of Utah. Mr. Speaker, I yield myself such time as I may consume.

We have concerns with H.R. 3726. As of today, the National Park Service has yet to complete the congressionally authorized study of this proposal. In fact, the agency has asked that we defer consideration until the study is completed.

These studies are not without cost in both personnel and funds, and they take several years to complete and can drain as much as \$500,000 from the Park Service budget. What use are these feasibility studies if we simply choose to ignore them, or, in this case, rush to pass legislation before the study can be finalized? Typically, these studies contain information that could be useful in crafting better legislation.
