

youth sports official in my hometown of Paterson, New Jersey. Mr. McGinnis will be honored by his admirers at the Bronstone in Paterson on Friday, October 22nd.

Mr. McGinnis was born and raised in Paterson, where he attended Don Bosco Technical and Vocational High School. At Don Bosco Tech, he was actively involved in Student Government and the National Honor Society. However, his true passion lay in sport. He earned recognition for representing his school on the soccer field, basketball court, and baseball diamond.

In 1970, "Muggs," as Mr. McGinnis is affectionately nicknamed, enrolled at Montclair State College. During his first year, he played baseball for his college. However, in 1972 he chose to begin sharing his gift for athletics with others. That year, he began his long and storied coaching career, returning to his alma mater, Don Bosco, to serve as an Assistant Baseball Coach. He graduated with a B.A. in Mathematics Education from Montclair State in 1974.

Shortly after his graduation, "Muggs" earned his teaching certification and started sharing his considerable intellectual gifts. He began working full-time at Don Bosco teaching mathematics and was promoted to Mathematics Department Chairperson after just one year.

In 1980, "Muggs" moved to John F. Kennedy High School where he also taught math and coached soccer and baseball. He also coached soccer for Ramapo College of New Jersey, worked for the City of Paterson Board of Recreation, and officiated soccer, basketball, and baseball at all levels. Beloved by his students and athletes as a coach, educator and friend, his tireless energy and enthusiasm should serve as an example for all Americans.

"Muggs" retired from JFK High School in June 2010 after 30 years of dedicated service.

The job of a United States Congressman involves much that is rewarding, yet nothing compares to learning about and recognizing individuals like Muggs McGinnis.

Madam Speaker, I ask that you join our colleagues, Muggs' family and friends, all the students and athletes whose lives he has touched and me in recognizing Mr. Richard Michael "Muggs" McGinnis.

COMMEMORATING THE 30TH ANNIVERSARY OF HARBOR HEALTH SERVICES OF BRANFORD

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Monday, November 15, 2010

Ms. DeLAURO. Madam Speaker, I rise today to honor the thirtieth anniversary of Harbor Health Services in Branford, Connecticut.

A mental health clinic that has served the Branford community with conviction and compassion for thirty years now, Harbor Health always works hard to put individuals and their families first. They have been a model of how best to help our citizens with mental and behavioral health needs—by treating each patient with warmth, dignity, and respect.

For adults in Connecticut grappling with severe mental illness or serious substance

abuse disorders, Harbor offers a wide range of treatment and rehabilitative services for all stages of recovery. They know that each person who walks through their doors is a unique case, deserving of individualized care and a specialized plan of recovery.

What's more, Harbor Health goes the extra mile in helping mentally ill citizens reintegrate with the community at large, through social rehabilitation, such as working to improve communications skills, and important vocational rehabilitation programs, such as job training and career counseling.

I applaud Harbor Health Services for reaching this important milestone, and I honor their tireless service, day in and day out, on behalf of Connecticut families. Congratulations on thirty years.

IN MEMORY OF DR. HERMAN D. JAMES, BELOVED PRESIDENT OF ROWAN UNIVERSITY

HON. ROBERT E. ANDREWS

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, November 15, 2010

Mr. ANDREWS. Madam Speaker, I rise today to honor the life and memory of Dr. Herman D. James of Voorhees, New Jersey, who died of heart failure in his home on October 2, 2010 at the age of 67. He is survived by his wife Marie, three children and two grandchildren. Dr. James' life and work left a lasting impression on the Rowan University community.

Originally from St. Thomas in the U.S. Virgin Islands, Dr. James relocated to Harlem, New York with his family at the age of ten. As a young man, he developed a love of jazz music, which he later shared with the listeners of Rowan University's radio station, WGLS-FM. Dr. James went on to graduate from Tuskegee University in 1964 with a bachelor's degree and later earned his doctorate in sociology from the University of Pittsburgh.

Becoming the fifth president of the former Glassboro State College (now Rowan University) in 1984, Dr. James began his legacy of striving for academic improvement. Under his leadership, Rowan University saw the launch of its college of engineering as well as the first doctoral program available at a New Jersey state college. Dr. James was also the pioneer of fund-raising for state colleges, resulting in the \$100 million donation by Henry and Betty Rowan, the largest gift to a public college at that time. Through the generosity of the Rowan family, Dr. James was able to construct a building for the college of engineering while transforming Rowan University into a more residential campus. Dr. James' love of the classroom persisted even after his retirement from the position of president in 1998, teaching sociology and educational leadership classes up until last year.

Madam Speaker, Dr. Herman D. James' commitment to Rowan University and its students should not go unrecognized. I express my deepest condolences to his family for their loss and pay tribute to the memory of this outstanding individual.
