

United States. Due to this work, the USDA presented Dr. Breitmeyer with the Honor Award in 2002.

Dr. Breitmeyer also led the effort in California to develop animal health emergency response planning with the Governor's Office of Emergency Services—an effort put to the test during the successful eradication of exotic Newcastle disease from Southern California in 2003.

Dr. Richard Breitmeyer is loved and respected by his wife and family, by the team that worked for him at CDFA, and by all those who have interacted with him during his professional life. I am grateful that since his retirement on September 30, 2010, Dr. Breitmeyer has joined the staff at the California Animal Health and Food Safety Laboratory at the University of California, Davis, to continue his outreach activities for livestock and poultry health.

I am pleased to recognize and congratulate Dr. Richard Breitmeyer upon his retirement, and applaud him for his dedication to California.

HONORING REVEREND BRUCE  
HENNING DAVIDSON

**HON. RUSH D. HOLT**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, December 16, 2010*

Mr. HOLT. Madam Speaker, I rise today to recognize the Reverend Bruce Henning Davidson, Director of the Lutheran Office of Governmental Ministry of New Jersey, who is retiring January 1, 2011. The Office of Governmental Ministry is an advocacy ministry of the Evangelical Lutheran Church of America and communicates the official policies and actions of the church to leaders in state government, particularly on issues of hunger and poverty, and more recently, immigration reform, detention practices, refugee issues and marriage equality.

Reverend Davidson is recognized statewide as an inspiring pastor, an energetic community activist, and as an advocate for justice for all people. Since becoming Director of the Lutheran Office of Governmental Ministry of New Jersey, Reverend Davidson has been a tireless laborer in the vineyard of social service. He founded the New Jersey Advocacy Network to End Homelessness and the Anti-Poverty Network of New Jersey and a number of other community service organizations.

Heeding the biblical command to feed, clothe and shelter the poor and needy, Bruce Davidson made it his business to search out ways for people in need to have an opportunity for a better life. He recognized that the homeless are often people with bad luck—lack of a job, a sick child and no health insurance, a lack of education, or a traumatizing war experience can cause a person to become homeless and this can happen to any of us. He believes that no one should be homeless in America and inspires us to join in the fight against the poverty and indifference that allows this to happen.

Bruce Davidson was born on March 10, 1948 to David E. and Anne H. Davidson. He is a graduate of the Philadelphia school system and Temple University and was ordained following his graduation from the Lutheran

Theological Seminary in 1974. He has spent his entire career in New Jersey, ministering to congregations from Cape May in Southern New Jersey to Bergen County in the north.

Wherever he has lived and preached, Bruce Davidson has made an impact, as evidenced by the many organizations that have honored him for his leadership in the community. He received the Equal Justice Award from Legal Services of New Jersey and was recognized by New Jersey Citizen Action and the Bergen County Chapter of NAACP. He was chosen a Distinguished Alumnus by the Community College of Philadelphia.

I have known Bruce Davidson for many years and my admiration for his life's work has no bounds. He is an unselfish and humble man who inspires the best in all of us. He deserves a happy and healthy retirement, with much time to spend with his long-time partner, Donald Barb, and a bit of leisure. But it is hard to think that he will not continue his advocacy for the unfortunate. Please join with me in recognizing Pastor Bruce Davidson and thanking him for a life of service.

10TH ANNIVERSARY OF THE  
DELTA REGIONAL AUTHORITY  
(DRA)

**HON. JO ANN EMERSON**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Thursday, December 16, 2010*

Mrs. EMERSON. Madam Speaker, I rise to recognize the Delta Regional Authority, DRA, on the occasion of its 10th anniversary. Ten years ago, President Clinton signed into law legislation establishing the DRA. He did so with the widespread bipartisan support of Members of Congress who were eager to give this region a strong foothold up the ladder to success.

The DRA has proven to be effective in leveling the playing field for the Delta region. The DRA helps connect opportunity with the sheer grit, intelligence, and willpower that already exists in the people of the region. For ten years, DRA has made great strides in bridging the gaps that have kept the region isolated from progress.

The DRA is a federal-state partnership that serves 252 counties and parishes in parts of Tennessee, Alabama, Arkansas, Illinois, Kentucky, Louisiana, Mississippi and Missouri. These counties and parishes hold great promise for access and trade in bordering the world's greatest transportation arterial—the Mississippi River.

It has been a privilege for me to work alongside DRA and the people of the Delta region over the years. The educators, healthcare providers, farmers, local officials, small business owners and workers in this part of the country have all made meaningful contributions to overcome unique challenges and make the Delta region a wonderful place to live and work.

The people of the Delta region are fortunate to have a reliable federal partner in the DRA. In its first ten years of work, the DRA has made significant progress tackling the region's unique challenges. For example, the DRA operates a highly successful grant program in each of the eight states it serves, allowing cities and counties to leverage money from other federal agencies and private investors.

An independent report from the U.S. Department of Agriculture's Economic Research Service found that per capita income grew more rapidly in counties where the DRA had the greatest investment. Anyone who knows what it is like to live and work in an area without the most basic infrastructure systems will understand how important the DRA work is to bring critical infrastructure such as new water and sewer services to more than 43,000 families.

I look forward to working with the DRA as it continues to expand its regional initiatives in the areas of health care, transportation, leadership training and information technology, small business development and entrepreneurship, and alternative energy jobs. I am proud to recognize the DRA's first ten years of achievements, and I look forward to working with the DRA to build an even stronger region for our future.

INTERNATIONAL PROTECTING  
GIRLS BY PREVENTING CHILD  
MARRIAGE ACT OF 2010

SPEECH OF

**HON. JANICE D. SCHAKOWSKY**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, December 15, 2010*

Ms. SCHAKOWSKY. Mr. Speaker, I rise today in strong support of S. 987, the International Protecting Girls by Preventing Child Marriage Act. I'd like to thank Congresswoman MCCOLLUM and Senator DURBIN for introducing this legislation and for their longstanding leadership on this issue.

Child marriage is a true tragedy, as well as a serious human rights violation. Sixty million girls worldwide, some as young as eight years old, have been forced into early marriage. Child brides have little, if any, control over their lives, their bodies, and their futures. Not only do girls forced into early marriage lose the opportunity to attend school and develop as children, they also face serious health consequences and substantially higher rates of domestic violence.

Girls who are married at a young age are also typically forced into early sexual activity, but their bodies are not physically suited for giving birth. According to the International Center for Research on Women, pregnancy is the leading cause of death worldwide for girls aged 15–19.

Child marriage is often linked to a lack of education, opportunity, and resources. Girls from poor households are far more likely to be given away as child brides; some families view it as a way to guarantee their daughters' future, while others see girls as an economic liability. Either way, studies have shown that girls who are married before 18 are more likely to remain poor and less likely to receive education.

We need to do much more to prevent child marriage. I am an original cosponsor of the International Protecting Girls by Preventing Child Marriage Act, which makes preventing child marriage an international priority for the U.S. Government. This legislation requires the State Department, as part of their annual Country Reports on Human Rights, to report on countries with high rates of child marriage in their annual, and the White House to create an action plan on combating child marriage.
