HON. RODNEY ALEXANDER

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 5, 2011

Mr. ALEXANDER. Mr. Speaker, it is with great pride that I rise today to pay special tribute to an outstanding young man who was selected to attend the U.S. Air Force Academy. Lionel Wayne Magee III will follow in his parents’ footsteps by serving our country in uniform.

Magee, an 18-year-old senior at Seoul American High School on Yongsan Garrison, the Republic of Korea, is poised to attend the prestigious academy this fall. With him he brings an enormous amount of leadership and passion to the incoming class of cadets. While attending high school, Magee was committed to a range of extracurricular activities including varsity football, Taekwondo, National Honor Society, Boys State, Eagle Scout as well as numerous volunteer hours in support of the community.

Attending one of our Nation’s military academies is an invaluable experience that offers a first-rate education while providing those who undertake it some of the most challenging and rewarding opportunities of their lives.

Mr. Speaker, I ask my colleagues to join me in congratulating Lionel Magee on his acceptance into the U.S. Air Force Academy and in extending their best wishes to him as he begins his service to our Nation.

NO TAXPAYER FUNDING FOR ABORTION ACT

SPEECH OF

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 4, 2011

Mr. HOLT. Madam Speaker, I rise today in strong opposition to H.R. 3, the No Taxpayer Funding for Abortion Act.

Our first priorities in the House of Representatives must be helping to foster job cre-

ation and supporting middle class families. More than four months into the 112th Congress, we have not considered one bill that would achieve these goals.

This deceptively named bill claims that it would enact a government-wide prohibition on federal subsidies for abortion and health insurance plans that cover it. In truth it is an unprecedented and extreme attempt to limit health insurance coverage for American women, raise taxes on small businesses, infringe on the legally protected rights of American Servicewomen, and make this legal, constitutionally protected medical procedure inaccessible to women.

This bill would eliminate tax credits for families and small businesses to purchase comprehensive health insurance plans. This would result in substandard health care for millions of Americans.

Unprecedented, H.R. 3 would change the tax code to promote an anti-choice agenda. This bill would allow women to use tax preferred saving accounts for abortion care only in cases of rape, incest, or when their life is in danger. Under this extreme bill, women would have to prove to the IRS that they have been victim of sexual assault to use their own money for their medical care.

This bill triumphs on states’ rights by preventing the District of Columbia from using its own funds to pay for abortion services for low-income women. Further, it would permanently deny low-income women, federal employees, and military women access to abortion care, even when their health is at risk.

It is important to remember why comprehensive health care is needed. I recently heard a heartbreaking story from one of my constituents who was desperate to have a baby with her husband. Unfortunately after getting pregnant, they discovered that the fetus had a deadly condition and was not going to survive. They were left with only one choice—to terminate the pregnancy. This couple never thought they would be in that position. This bill would deny private health insurance companies from providing this kind of medical care to women.

The question of whether or not to have an abortion is one of the most difficult decisions any woman can face. Reproductive health care is a personal matter that should be left to individuals, their doctors, and their families without interference from the government. Rather than making abortion more dangerous for young women, I believe that Congress should do more to create the conditions that enable women to make true choices by providing comprehensive sexuality education and ensuring that women have access to a range of effective contraceptives.

I oppose H.R. 3 and urge my colleagues to vote no on this dangerous piece of legislation.

TRIBUTE TO DR. RONALD FEINMAN

HON. THEODORE E. DEUTCH

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 5, 2011

Mr. DEUTCH. Mr. Speaker, I rise today to honor Dr. Ronald Feinman, a constituent of mine from Boca Raton who will retire from teaching at the end of June after 39 years.

Dr. Feinman, a Senior Professor of History and Political Science at Broward College in

Pembroke Pines, and an Adjunct Professor of History at Florida Atlantic University in Boca Raton, moved to South Florida in 1989 after teaching for 17 years in New York at Queens College, New York Institute of Technology, and Pace University. A graduate of Queens College, Dr. Feinman earned his PhD from the City University of New York Graduate Center in 1975.

A student of history from an early age, Dr. Feinman has dedicated his life and professional career to ensuring future generations grow up with an appreciation of American history, politics and government. This dedication is evident in the pure enthusiasm he shows for his students and the topics he professes, and the strong reputation he has established amongst his peers and his students is a direct result. He has developed strong friendships with many of his students throughout his teaching career, and some of them have taken him for as many as eight classes along their way to completing their degree.

The author of *Twilight of Progressivism: The Western Republican Senators and the New Deal, 1933–1945*, Dr. Feinman regularly contributes articles and book reviews in a wide range of academic journals, lectures on modern American topics throughout South Florida, and maintains a blog discussing daily political topics. While he is looking forward to retirement and having the opportunity to spend more time with his family and travel, after taking a year off, he intends to return to teaching part-time to continue doing what he loves.

Mr. Speaker, Dr. Ronald Feinman embodies the true essence of an educator and a role model for our younger generations. I know I speak not only for myself, but for the thousands of students whose lives he has positively impacted throughout the four decades of his career in congratulating him on his retirement and wishing him the best going forward.
