

IN HONOR OF DR. JANOS HORVATH
AND THE WILLIAM PENN ASSO-
CIATION

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2011

Mr. KUCINICH. Mr. Speaker, I rise in honor of Dr. Janos Horvath and the William Penn Association for the tireless work they do on behalf of Hungarians and the Hungarian-American community in Cleveland, Ohio and across the nation.

Dr. Janos Horvath was born on November 7, 1921 in Hungary. He studied economics at the Palatine Jozsef University of Technology and Economic Sciences. In November of 1956, he left Hungary. While in exile in Strasbourg, he became a leader of the Hungarian Revolutionary Council in 1957. Later, while in New York, he became a founding member of Kossuth Foundation. He received his PhD from Columbia University in 1966. He taught at various American universities until he moved back to Hungary in 1997, after 41 years. In 1998, Dr. Horvath became the Chairman of the Economic Policy Committee of Fidesz—Hungary's Civic party. He has been a Member of Hungary's parliament since 1998 and is currently the Doyen of the Hungarian Parliament.

The William Penn Association was founded on February 21, 1886 in Hazleton, Pennsylvania by thirteen Hungarian coal miners under the name "Verhovay Aid Association." The goal of the founders was to extend a helping hand to each other and to the many Hungarian immigrants who worked and suffered in the mines and industrial centers of America. The Verhovay Aid Association has grown into the largest of all the Hungarian American fraternal organizations. In 1972 the organization's name was changed to "William Penn Association."

The Hungarian American Coalition is a Washington based non-profit organization founded 20 years ago to coordinate the talents and resources of its members in promoting the interests of the Hungarian American community. Its goals include: to foster a deeper understanding and appreciation of the history, culture and scientific achievements of both the United States and Hungary through cultural and educational exchanges; to protect and preserve the human and minority rights and cultural heritage of Hungarians throughout the world; and to support democratic institutions and economic development in Hungary. Every year the Coalition honors outstanding members of the Hungarian-American community in recognition of their extraordinary contributions to both Hungary and the United States.

Mr. Speaker and colleagues, please join me in honoring Dr. Janos Horvath and the William Penn Association and the work they do on behalf of the Hungarian and Hungarian-American community.

HONORING MARTIN "CHIP"
DOORDAN

HON. JOHN P. SARBANES

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2011

Mr. SARBANES. Mr. Speaker, I rise today to pay tribute to Martin "Chip" Doordan for his nearly forty years of outstanding service to the people of Anne Arundel County, Maryland, culminating in his leadership role as President and Chief Executive Officer of Anne Arundel Health System. Chip first joined Anne Arundel Medical Center (AAMC) in 1972 as a graduate student, became President of AAMC in 1988 and, in 1994, the Board of Trustees named him president and CEO of the Health System. Under Chip's leadership, this downtown Annapolis hospital was transformed into a regional medical center on a 100-acre campus.

The center boasts a highly qualified staff and has grown to include a diagnostics and imaging company, a foundation, a research institute, a freestanding substance abuse inpatient treatment center and many other centers of excellence. Chip also positioned AAMC as a leader in Maryland on joint replacement and started an affiliation with Johns Hopkins for cancer services. In April 2011, Chip opened a new patient tower that expands the emergency department, adds more private beds and has a dedicated pediatric emergency department. All of these achievements are the culmination of many years of hard work and Chip's strong dedication and commitment to the people of Maryland and improving our health care system.

Throughout his career, Chip has been recognized as a quiet and thoughtful leader who strives to find new and creative ways to give back to his community. You can often find Chip walking the halls of AAMC day and night, ensuring that patients are getting the care that they need and staff have the tools to carry out their critical mission. Chip has made an enormous impact on Anne Arundel County and has changed the lives of countless families in the State of Maryland and beyond. I am proud to call him a friend and I thank him for his vision, leadership and commitment to public service.

INTRODUCTION OF THE PRE-AP-
PRENTICE AND APPRENTICESHIP
TRAINING ACT OF 2011

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2011

Ms. NORTON. Mr. Speaker, the Pre-Apprentice and Apprenticeship Training Act of 2011 requires states to use the one half of one percent of funds now available under 23 USC 140(b) for federal highway construction training, which is necessary to combat a serious skills shortage as the current cohort of journeymen and other skilled workers is retiring, and also counters the effects of past discrimination in the construction industry. The current surface transportation law, TEA-21 (23 USC 140), permits states to use one-half of one percent of highway funds to administer highway construction training, but the states

are not required to do so. In fact, most states do not commit transportation and infrastructure funds to training, and training that does occur is spotty. The Transportation and Infrastructure Committee has already set an important precedent for my bill by specifically including training funds, at my request, in the American Recovery and Reinvestment Act (ARRA), with \$3 million specifically targeted for training in the General Services Administration section of the bill. Also included in ARRA was \$20 million for federal highway training programs.

The bill is also necessary to finally afford minorities and women the opportunity to gain a first foothold in the high-wage construction industry, as part of the cohort replacing retiring construction workers. Although deliberate exclusion has largely receded, a significant training deficit in the skilled construction trades remains.

As the large cohort of baby-boom construction workers begin to retire, the bill will help meet the nation's need to train a new generation, from every race and background. At the same time, the bill also will ensure compliance with the 14th Amendment of the U.S. Constitution and Title VI of the Civil Rights Act of 1964, which bar discrimination in the use of government dollars.

35TH ANNIVERSARY OF THE
CONTRA COSTA CHILD CARE
COUNCIL

HON. GEORGE MILLER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2011

Mr. GEORGE MILLER of California. Mr. Speaker, I rise with my colleagues Congressman JERRY MCNERNEY and Congressman JOHN GARAMENDI, to recognize the tremendous work of the Contra Costa Child Care Council as the organization celebrates its 35th anniversary of invaluable service to our communities.

With its inception on August 11, 1976, the Contra Costa Child Care Council began to develop and promote quality child care through a multitude of nonprofit programs and services. Over the years, the Council has increased public awareness of the benefits and significant impact of early care and education to the success of our children, the economic vitality and well being of families and neighborhoods, and the future promise for California.

This organization reflects the well known fact that early childhood education and quality run child care are important and integral parts of Contra Costa's economy, contributing at least \$2.66 billion value added to the gross product of the County and generating \$225 million in direct tax revenues, as well as supporting 35,600 jobs. This service has also been proven to be an essential component of the infrastructure of the entire State of California.

Since its inception, the Child Care Council has been true to its mission to "Help Parents Put the Pieces Together". Over 265,000 parents have accessed the free referral service of the Council to find care that meets the specific needs of their families and tens of thousands of Contra Costa early educators and child care providers have received free training, technical assistance and support through the Council's

many programs. Throughout the county, thousands of low income families have received financial assistance from the Council to pay for child care so parents can work, knowing their children are not only in good hands but are truly thriving.

We salute the tireless work of the members of the Council's Board of Directors, Administration, and staff, both past and present and thank them for the enormous contribution to our community their efforts have made.

Today, we invite our colleagues to join us in honoring the Contra Costa Child Care Council on its 35th anniversary and on behalf of our children, families and communities, wish all continued success.

INTRODUCING LEGISLATION ALLOWING INTERSTATE SHIPMENT OF UNPASTEURIZED MILK

HON. RON PAUL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2011

Mr. PAUL. Mr. Speaker, I rise to introduce legislation that allows the shipment and distribution of unpasteurized milk and milk products for human consumption across state lines. This legislation removes an unconstitutional restraint on farmers who wish to sell or otherwise distribute, and people who wish to consume, unpasteurized milk and milk products.

Hard as it is to believe, the federal government is actually spending time and money prosecuting small businesses for the "crime" of meeting their customers' demand for unpasteurized milk! Recently the Food and Drug Administration conducted a year-long sting operation targeting Rainbow Acres Farms in Pennsylvania. As a result of this action, Rainbow Acres' customers will no longer be able to purchase unpasteurized milk from this small Amish farm.

Mr. Speaker, many Americans who the government wishes to deny the ability to purchase unpasteurized milk have done their own research and come to the conclusion that unpasteurized milk is healthier than pasteurized milk. These Americans have the right to consume these products without having the federal government second-guess their judgment about what products best promote health. If there are legitimate concerns about the safety of unpasteurized milk, those concerns should be addressed at the state and local level.

I urge my colleagues to join me in promoting individual rights, the original intent of the Constitution, and federalism by cosponsoring my legislation to allow the interstate shipment of unpasteurized milk and milk products for human consumption.

NO TAXPAYER FUNDING FOR ABORTION ACT

SPEECH OF

HON. STEVE KING

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 4, 2011

Mr. KING of Iowa. Madam Speaker, today Members of this House took part in a debate that addressed the issue of using taxpayer dollars to fund abortions. As an original cosponsor of this legislation, I commend Mr. SMITH from New Jersey for his conviction in bringing this bill to the floor and for his leadership in the pro-life movement. Today, our debate extends the legacy of Congressman Henry J. Hyde, who was passionately pro-life and helped lay the foundation for the victory we celebrate today with the passage of H.R. 3, the No Taxpayer Funding for Abortion Act.

In light of this debate, I think we should all take time to reflect on a bold statement made by Mr. Hyde, a statement that was printed in the program at his funeral. I attended Congressman Hyde's funeral and was touched by the wisdom of his words. He said, "When the time comes as it surely will, when we face that awesome moment, the final judgment, I've often thought, as Fulton Sheen wrote, that it is a terrible moment of loneliness. You have no advocates, you are there alone standing before God, and a terror will rip through your soul like nothing you can imagine. But I really think that those in the pro-life movement will not be alone. I think there will be a chorus of voices that have never been heard in this world but are heard beautifully and clearly in the next world, and they will plead for everyone who has been in this movement. They will say to God, 'Spare him because he loved us,' and God will look at you and say not 'Did you succeed?' but 'Did you try?'" I hope we find comfort in knowing that yes, we are trying. We are fighting to defend and protect innocent human life, and we will not stop until every life—born and unborn—is protected.

DR. ISRAEL ZOBERMAN

HON. E. SCOTT RIGELL

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2011

Mr. RIGELL. Mr. Speaker, I rise today to enter a statement into the RECORD on behalf of my constituent, Dr. Israel Zoberman. Dr. Zoberman is the Founding Rabbi of Congregation Beth Chaverim in Virginia Beach, Virginia. He is also the president of the Hampton Roads Board of Rabbis and Cantors.

Dr. Zoberman asked me to enter the following remarks into the RECORD regarding the 63rd anniversary of the State of Israel. Dr. Zoberman's statement follows:

The 63rd Anniversary of the State of Israel is celebrated against the backdrop of the monumental eruptions of Biblical proportions in the Arab world, further highlighting the uniqueness of the Jewish state in the Middle East where the historical Jewish people came to make a difference for the entire human family, through its transforming gifts of the spirit and unparalleled endurance.

The unfolding events make it amply clear that Israel is a flourishing and enviable democratic oasis surrounded by a vast wilderness that is crying for change. We are witness to an amplified echo of the ancient Israelites' inspiring saga of the Exodus, ironically from Egypt's House of Bondage, instructing humanity through the ages to uphold freedom and responsibility as non-negotiable divine gifts worthy of sacrifice.

This most noble mandate of replacing degradation with dignity is reverberating throughout a troubled and stagnant Arab world that has for so long been lagging behind the West's progress, suffering from long-standing neglect manifested in poverty, illiteracy, and the lack of economic and social mobility, under authoritarian rule of fear and intimidation with corrupt leaders unaccountable for the public welfare. All that is being challenged in a world becoming an interconnected and interdependent global village with sophisticated communication that can mobilize the masses like never before.

However, there is a looming threat that extreme groups such as the Muslim Brotherhood and Al Qaeda will take advantage of the unrest for their own purposes, for they loathe a representative democracy and the West as a whole, rejecting the idea and presence of a Jewish state. After all, democracy thrives best with well-developed democratic institutions requiring time and experience, which rely upon progressive education that respects and fosters human rights as well as women's rights anchored in law.

The peace treaties that Israel established with both Egypt and Jordan should be enhanced and fortified by responding to Israel's yearning for closer cooperation in all endeavors in a context of a "warm" peace. This historic crossroads is an opportune and urgent time for all Arab and Muslim states to finally join Israel in peace to transform in tandem the Middle East, that the cradle of Western civilization may be renewed as a flowing source of Shalom's blessings. Let the campaign cease to delegitimize and demonize the only sovereign Jewish state in the world through economic and culture boycotts, utilizing the twin evils of anti-Semitism and anti-Zionism. The attempt to thus divert attention from the Arab states' dire predicaments of bankrupt regimes has pointedly proven fruitless and counter-productive.

It should be amply clear now that Israel is the only democratic and stable ally that the United States enjoys in a critical part of the world, through a special bond reflecting shared values and commitments, and whose steadfast preservation and cultivation is essential for both model free nations with heroic legacies leading pluralistic societies.

In the present complex scenario Iran's dangerous role should not be lost as it is poised to take advantage of the transitional uncertainty of the Arab world. Iran's tyrannical theocracy, whose leaders are Holocaust deniers, remains a mortal threat to the free world, still insisting on acquiring a nuclear capability to conclude what Pharaoh began and Hitler almost accomplished.

Iran's proxy, Hamas, refusing to release Israeli soldier Gilad Shallot who is both an Israeli and French citizen, after more than five years in isolated captivity, the cold-blooded murder of five members of the Fogel family in Itamar, including an infant, the bombing in Jerusalem, and the relentless rocket and mortar, also on a school bus, from Gaza, do not reflect peaceful Palestinian intentions. Let Hezbollah, Iran and Syria's proxy in Lebanon, know along with all of Israel's adversaries, that the Jewish state will fight to ensure that its divine promise of survival is never withdrawn, even as it struggles for Shalom's sake of healing, hope and harmony.
