

It says Congress should fully debate and consider such a request in an expedient manner. I can't imagine there is anybody in this body who would not like to debate this issue on the floor, regardless of how they may feel about this conflict. We owe it to every man and woman who puts on a uniform to serve our country and to every taxpayer who funds the operation to be clear that our entry into any conflict has been thoughtfully considered, contains clear justification, a clear mission, and a clear debate of the risks and benefits. The information sought by this joint resolution will help us meet those obligations.

I look forward to the Senate considering this joint resolution in the near future—hopefully next week.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 205—DESIGNATING THE PERIOD BEGINNING ON JUNE 19, 2011, AND ENDING ON JUNE 25, 2011, AS “POLYCYSTIC KIDNEY DISEASE AWARENESS WEEK”, AND RAISING AWARENESS AND UNDERSTANDING OF POLYCYSTIC KIDNEY DISEASE AND THE IMPACT SUCH DISEASE HAS ON PATIENTS

Mr. KOHL (for himself and Mr. HATCH) submitted the following resolution; which was considered and agreed to:

S. RES. 205

Whereas polycystic kidney disease, known as “PKD”, is one of the world's most prevalent life-threatening genetic diseases, affecting an estimated 600,000 people in the United States, including newborns, children, and adults regardless of sex, age, race, geography, income or ethnicity;

Whereas there are 2 forms of polycystic kidney disease, autosomal dominant (ADPKD), affecting 1 in 500 people worldwide, and autosomal recessive (ARPKD), a rare form, affecting 1 in 20,000 live births and frequently leading to early death;

Whereas polycystic kidney disease causes multiple cysts to form on both kidneys (ranging in size from a pinhead to a grapefruit), leading to an increase in kidney size and weight;

Whereas polycystic kidney disease is a systemic disease that causes damage to the kidneys and the cardiovascular, endocrine, hepatic, and gastrointestinal systems;

Whereas patients with polycystic kidney disease often experience no symptoms early in the disease, and many patients do not realize they have polycystic kidney disease until other organs are affected;

Whereas symptoms of polycystic kidney disease may include high blood pressure, chronic pain in the back, sides or abdomen, blood in the urine, urinary tract infection, heart disease, and kidney stones;

Whereas polycystic kidney disease is the number one genetic cause of kidney failure in the United States;

Whereas more than half of polycystic kidney disease patients will reach kidney failure and require dialysis or a kidney transplant to survive, thus placing an extra strain on dialysis and kidney transplantation resources;

Whereas there is no treatment or cure for polycystic kidney disease; and

Whereas there are thousands of volunteers nationwide dedicated to expanding essential research, fostering public awareness and understanding, educating patients and their families about polycystic kidney disease to improve treatment and care, providing appropriate moral support, and encouraging people to become organ donors: Now, therefore, be it

Resolved, That the Senate—

(1) designates the period beginning on June 19, 2011, and ending on June 25, 2011, as “Polycystic Kidney Disease Awareness Week”;

(2) supports the goals and ideals of Polycystic Kidney Disease Awareness Week, to raise public awareness and understanding of polycystic kidney disease;

(3) recognizes the need for additional research to find treatments and a cure for polycystic kidney disease; and

(4) encourages the people of the United States and interested groups to support Polycystic Kidney Disease Awareness Week through appropriate ceremonies and activities, to promote public awareness of polycystic kidney disease, and to foster understanding of the impact of such disease on patients and their families.

SENATE RESOLUTION 206—DESIGNATING JUNE 20, 2011, AS “AMERICAN EAGLE DAY”, AND CELEBRATING THE RECOVERY AND RESTORATION OF THE BALD EAGLE, THE NATIONAL SYMBOL OF THE UNITED STATES

Mr. ALEXANDER (for himself, Mr. INOUE, Mr. HOEVEN, Mrs. FEINSTEIN, Mr. ROBERTS, Ms. LANDRIEU, Mr. BROWN of Massachusetts, Mrs. BOXER, and Mr. CORKER) submitted the following resolution; which was considered and agreed to:

S. RES. 206

Whereas on June 20, 1782, the bald eagle was officially designated as the national emblem of the United States by the founding fathers at the Second Continental Congress;

Whereas the bald eagle is the central image of the Great Seal of the United States;

Whereas the image of the bald eagle is displayed in the official seal of many branches and departments of the Federal Government, including—

- (1) the Office of the President;
- (2) the Office of the Vice President;
- (3) Congress;
- (4) the Supreme Court;
- (5) the Department of the Treasury;
- (6) the Department of Defense;
- (7) the Department of Justice;
- (8) the Department of State;
- (9) the Department of Commerce;
- (10) the Department of Homeland Security;
- (11) the Department of Veterans Affairs;
- (12) the Department of Labor;
- (13) the Department of Health and Human Services;
- (14) the Department of Energy;
- (15) the Department of Housing and Urban Development;
- (16) the Central Intelligence Agency; and
- (17) the Postal Service;

Whereas the bald eagle is an inspiring symbol of—

- (1) the spirit of freedom; and
 - (2) the democracy of the United States;
- Whereas, since the founding of the Nation, the image, meaning, and symbolism of the bald eagle have played a significant role in the art, music, history, commerce, lit-

erature, architecture, and culture of the United States;

Whereas the bald eagle is prominently featured on the stamps, currency, and coinage of the United States;

Whereas the habitat of bald eagles exists only in North America;

Whereas, by 1963, the population of bald eagles that nested in the lower 48 States had declined to approximately 417 nesting pairs;

Whereas, due to the dramatic decline in the population of bald eagles in the lower 48 States, the Secretary of the Interior listed the bald eagle as an endangered species on the list of endangered species published under section 4(c)(1) of the Endangered Species Act of 1973 (16 U.S.C. 1533(c)(1));

Whereas caring and concerned individuals from the Federal, State, and private sectors banded together to save, and help ensure the recovery and protection of, bald eagles;

Whereas, on July 20, 1969, the first manned lunar landing occurred in the Apollo 11 Lunar Excursion Module, which was named “Eagle”;

Whereas the “Eagle” played an integral role in achieving the goal of the United States of landing a man on the Moon and returning that man safely to Earth;

Whereas, in 1995, as a result of the efforts of those caring and concerned individuals, the Secretary of the Interior listed the bald eagle as a threatened species on the list of threatened species published under section 4(c)(1) of the Endangered Species Act of 1973 (16 U.S.C. 1533(c)(1));

Whereas, by 2007, the population of bald eagles that nested in the lower 48 States had increased to approximately 10,000 nesting pairs, an increase of approximately 2,500 percent from the preceding 40 years;

Whereas, in 2007, the population of bald eagles that nested in the State of Alaska was approximately 50,000 to 70,000;

Whereas, on June 28, 2007, the Secretary of the Interior removed the bald eagle from the list of threatened species published under section 4(c)(1) of the Endangered Species Act of 1973 (16 U.S.C. 1533(c)(1));

Whereas bald eagles remain protected in accordance with—

(1) the Act of June 8, 1940 (16 U.S.C. 668 et seq.) (commonly known as the “Bald Eagle Protection Act of 1940”); and

(2) the Migratory Bird Treaty Act (16 U.S.C. 703 et seq.);

Whereas, on January 15, 2008, the Secretary of the Treasury issued 3 limited edition bald eagle commemorative coins under the American Bald Eagle Recovery and National Emblem Commemorative Coin Act (Public Law 108-486; 118 Stat. 3934);

Whereas the sale of the limited edition bald eagle commemorative coins issued by the Secretary of the Treasury has raised approximately \$7,800,000 for the nonprofit American Bald Eagle Foundation of Pigeon Forge, Tennessee to support efforts to protect the bald eagle;

Whereas, if not for the vigilant conservation efforts of concerned Americans and the enactment of strict environmental protection laws (including regulations) the bald eagle would probably be extinct;

Whereas the American Bald Eagle Foundation has brought substantial public attention to the cause of the protection and care of the bald eagle nationally;

Whereas November 4, 2010, marked the 25th anniversary of the American Bald Eagle Foundation;

Whereas the dramatic recovery of the population of bald eagles—

(1) is an endangered species success story; and

(2) an inspirational example for other wildlife and natural resource conservation efforts around the world;
