

the lives of more than 1,600 American soldiers, we appear to be far from achieving them. I had the opportunity to visit Afghanistan last year to meet with our troops and commanders and see the situation on the ground for myself. Our men and women in uniform have been doing an outstanding job under incredibly difficult circumstances.

At the same time, my visit to Afghanistan also increased my concerns about our long-term goals and the viability of our mission there. Today, after having spent more than four hundred billion dollars, I believe we must ask ourselves how long we can continue spending \$6 billion every month for so little measurable gain.

I was disappointed by the President's announcement last month that we would be withdrawing only 10,000 troops this year and 23,000 by next summer, and that is why I supported an amendment to the Department of Defense Appropriations Act that would have accelerated that withdrawal. The amendment I supported, offered by my colleague, Representative GARAMENDI, would have reduced funding for combat operations while allowing for a reserve force of 25,000 troops to protect American personnel, carry out anti-terrorism operations, and assist with the training of Afghanistan's security forces.

While I was disappointed this amendment did not pass, I cannot in good conscience vote against the underlying bill at this time. While our troops remain in harm's way, we have an obligation to ensure that they have the equipment, training, and support they need. However, I plan to continue to press for a plan that will quickly and responsibly bring more of our troops home from Afghanistan so that we can focus our resources on protecting our Nation and targeting the terrorists who threaten our security.

HONORING ROBERT "BOB"
GILBERT

HON. JEFF DENHAM

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

Mr. DENHAM. Mr. Speaker, I rise today to acknowledge and honor Robert "Bob" Gilbert on being named the California State Fair "Agriculturist of the Year," and to thank him for his dedication to the agriculture community.

Bob Gilbert was born November 7, 1923, in Oakdale in the home he now lives in. He attended Oakdale Elementary and High Schools. He is the only surviving child of Emma and Amos Lawrence Gilbert. He currently works full time and is Chairman of the Board of Directors of A. L. Gilbert Company which was established November 1st, 1892, 118 years ago, by his father; A. L. Gilbert. It is the oldest still-in-the-family-business in Stanislaus County. A. L. Gilbert Company was inducted into the State of California Agricultural Heritage Club in 2005.

Bob was a freshman at Modesto Junior College on December 7, 1941. Following the attack on Pearl Harbor, he transferred to the University of California, Berkeley, and enrolled in the V-1 and V-12 Naval Programs. He received his commission from the United States Naval Reserve Mid-Shipman School at Northwestern University in Chicago at age 20.

After completing graduate school at the Naval Gun Factory in Washington, DC, he was assigned to duty on a new battle cruiser; the USS Guam, which was being commissioned in Philadelphia. This flag ship served in the 3rd, 5th, 7th, and 9th Pacific Fleets, and accepted the surrender of the Japanese in Korea in August of 1945. He returned to the United States on December 4, 1945, and married Beverly Stone on December 9th. They spent seven months in New Jersey while the battle cruiser was being mothballed.

Bob graduated from U. C. Berkeley under the G.I. Bill, receiving a B. S. in Agricultural Economics. In 1947 as a graduate student, he traveled over 4,000 miles covering the entire state of California. He spent seven days a week for six weeks with Professor Earl Storie, father of the Storie Soils Index, studying soil conditions which enable farmers to grow over 150 crops in California. He returned home in the fall of 1947, four months after his father died and joined the family business.

Bob discovered that agriculture was lacking in price enhancing marketing programs so he became involved in "END PRODUCT MARKETING." He has spent the last 60 years of his life as an advocate for agriculture. Over that time he worked building personal relationships with both industry and government on behalf of farmers and livestock producers, such as: California Department of Food and Agriculture, marketing and stabilization plans along with production cost studies; USDA and several Secretaries of Agriculture including Ezra Taft Benson, Earl Butz, Dick Lyng and Ann Veneman following trade policy, parity pricing and supply management programs; Food and Drug Administration; new drug applications, safety and efficacy; California Milk Advisory Board; allied industry support and awards; California and National Cattlemen's Marketing Committees—conducting extensive research studies; United States Congress, both House and Senate—working on key legislation and testifying in hearings; universities and research centers—throughout the United States; marketing research for Hershey Chocolate, 1962–1966—instrumental in their locating in California and Oakdale.

Some honors received include: 1964 Honorary Farmer Degree from Modesto Junior College; State Fair Grange Agriculture Day for contributions to milk pooling legislation; Grand Marshall, Oakdale Rodeo Parade; Rotary Paul Harris Fellowship, although not a Rotarian; Western United Dairymen Award for Outstanding Support of California Dairy Farmers; 50 years of economic testimony at CDFA hearings; Oakdale Chamber of Commerce and City of Oakdale Lifetime Achievement Award; California Dairy Campaign Award for dedication, strong leadership and unselfish giving; National Ag Science Center—Received 2005 induction into the Agricultural Hall of Fame.

Religious commitment: Served eight years on the Commission of Ministry for the Episcopal Diocese of San Joaquin; supportive and active in a wide cross-section of Christian churches to further ecumenical causes; has received many honors and awards from various religious orders and fraternal bodies.

Bob has served on the Animal Science and Development Boards at the University of California, Davis. Currently, and for the past 18 years, he has also served on the prestigious Advisory Board of the College of Natural Resources and Environmental Science at the University of California, Berkeley.

In 1992 on the 100th Anniversary of Oakdale High School, the "Hall of Fame" was established. Bob was among the first 10 graduates ever honored for Outstanding Achievements and Exceptional Service.

Bob has traveled abroad extensively for the past 40 years, visiting over 90 countries, some many times, studying production and marketing agriculture as globalization has developed. This includes attending the World Economic Forum in Davos, Switzerland.

Bob's wife, Beverly, has been an integral part of all that he has done over the past 65 years. He continues to be a well-respected and active educator, business leader, patriot, politician, member of the laity, family man, student of and advocate for agriculture, and an exemplary citizen of the United States and the world.

A TRIBUTE TO ADAM GREGORY
HAGENSICK

HON. TOM LATHAM

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

Mr. LATHAM. Mr. Speaker, I rise today to congratulate and recognize Adam Hagensick's formal induction into the United States Naval Academy in Annapolis, Maryland.

Adam's induction on June 30th begins his 47-month journey at the United States Naval Academy as he strives towards a career as a commissioned officer in the United States Navy. The United States Naval Academy was established in 1845 with a mission to help midshipmen develop morally, mentally and physically. Obtaining an appointment to this academy is a highly competitive process and based on evidence of character, scholarship, leadership ability, physical aptitude, goals and motivation.

Adam has embodied these traits over the course of his life. In high school Adam managed to stay in the top 15 percent of his class while balancing his roles as a student athlete, Sunday School teacher, member of St. John's Lutheran Youth Group, and as a volunteer swim coach for the Waukon Swim Club. Adam was also a member of the National Honor Society and received numerous awards as a swimmer including a decade as a state qualifier as well as a national qualifier in 2009. Last year, Adam proudly accepted the Jack McDonald Award for Outstanding Male Swimmer which is awarded for team leadership and dedication to one's team and sport. I am confident that Adam will carry the lessons of his student leadership to his new classmates at the United States Naval Academy.

Mr. Speaker, Adam's commitment to a cause greater than himself speaks volumes of this young man and the potential that he holds. I commend his parents, Gregory and Ann, for their great work as parents and for their shared sacrifice as Adam leaves their home. It is truly an honor to represent such an outstanding family. I ask my colleagues in the United States House of Representatives to join me in congratulating Adam and his family, and I wish him the best of luck in his schooling and future career.

COMMEMORATING THE HEROISM OF THE U.S. ARMY'S 65TH INFANTRY REGIMENT BETTER KNOWN AS "THE BORINQUENEERS"

HON. BILL POSEY

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

Mr. POSEY. Mr. Speaker, I rise today to bring to my colleagues' attention the celebration taking place in Osceola County, Florida, later this month. More specifically, on July 24, 2011, the Committee Desfile Puertorriqueno de Osceola, Inc., has chosen to dedicate the First Annual Puerto Rican Day Parade to commemorate the heroism of the U.S. Army's 65th Infantry Regiment, better known as "The Borinqueneers."

I rise today to join them in this recognition as we come together to celebrate the Borinqueneers, their commitment to the liberties of the United States, and their specific military achievements on the front line of the battlefield in advancing the values upon which this nation was founded.

On March 2, 1899, Congress authorized the establishment of the Army unit that became known as the "The Borinqueneers," an all-volunteer Puerto Rican unit. This brave unit was called upon to serve in World War I, World War II, and the Korean War and fought valiantly under the motto "Honor et Fidelitas," meaning Honor and Fidelity.

When "The Borinqueneers" were called to the front lines during the Korean War, General MacArthur said of the unit, "The Puerto Ricans forming the ranks of the gallant 65th Infantry on the battlefields of Korea . . . are writing a brilliant record of achievement in battle and I am proud indeed to have them in this command. I wish that we might have more like them."

The Borinqueneers consistently demonstrated exceptional and unyielding valor on the battlefield despite the hardships they endured. As a unit, they earned a Presidential Unit Citation, a Meritorious Unit Commendation and two Republic of Korea Unit Citations. Individuals within the regiment were also awarded Distinguished Service Crosses, Silver Stars and Bronze Stars.

I am honored to pay tribute to the service that "The Borinqueneers" have provided our nation.

Thank you, Mr. Speaker, for this opportunity to pay tribute to these fine soldiers.

TRIBUTE TO OPERATIONAL TECHNOLOGIES

HON. CHARLES A. GONZALEZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

Mr. GONZALEZ. Mr. Speaker, I rise today to commend Operational Technologies (OpTech) on its 25th anniversary of providing business expansion opportunities and incredible employment sources for many San Antonians.

Founded by Max Navarro a quarter-century ago, OpTech has been committed to excellence and strives to provide scientific and technical solutions for global clients across a

range of service sectors. OpTech focuses on areas ranging from Supply Chain Management, Biotechnology, and Automotive Industry. OpTech has succeeded in exceeding client expectations and the achievement of outstanding corporate citizenship through its adherence to the highest levels of professional integrity.

From securing the defense contract to develop a nerve gas antidote or constructing an \$850 million state-of-the-art manufacturing plant to assemble the Toyota Tundra pick-up truck, OpTech has made great strides towards providing San Antonio a promising economic future.

Mr. Speaker, I ask my colleagues to join me in congratulating Operational Technologies on their continued success and contribution to San Antonio as a leading minority owned business.

SUPPORT FOR A TWO-STATE SOLUTION

HON. MICHAEL E. CAPUANO

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

Mr. CAPUANO. Mr. Speaker, I rise to express my support for a two-state solution to the conflict between Israelis and Palestinians. I believe peace can be achieved only through negotiations between the parties. I believe, further, that these negotiations must be based upon mutual respect and upon the unequivocal commitment of each to the rights of the other, including the right to live in peace and security in a sovereign state. Because I believe this, I supported H. Res. 268. I did not, however, vote "yes" because I felt the resolution was likely to promote those ends. I voted in the affirmative because I could not take exception to its substance.

I oppose and I believe the United States should continue to oppose a unilateral declaration of statehood by the Palestinians, with a veto in the Security Council, if necessary. I believe that Hamas should accept the conditions set forth by the Quartet—the UN, the EU, the Russian Federation, as well as the United States—to renounce violence and acknowledge the right of Israel to exist. That said, I am not sure that it is helpful to the Palestinians, or to Arab governments in transition to democracy, to threaten suspending assistance to the Palestinian Authority as they seek to bring the West Bank and Gaza closer to a position from which negotiations with Israel could take place. If the resolution had called for the outright suspension of aid, rather than the consideration of its suspension, I would have had more difficulty supporting it. I would prefer, too, that the resolution had encouraged Israel to take positive steps, such as limiting settlement expansion, towards reconciliation with its neighbors.

I look forward to constructive U.S. engagement in real bargaining, not just in an interminable "peace process." I hope leaders in Israel and in Palestine will have the courage to present realistic options to their people, and I would like to see the United States foster serious diplomacy.

A TRIBUTE TO AARON D. SPRENGELER

HON. TOM LATHAM

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

Mr. LATHAM. Mr. Speaker, I rise today to recognize and congratulate Aaron Daniel Sprengeler for achieving the rank of Eagle Scout.

The Eagle Scout rank is the highest advancement rank in scouting. Only about five percent of Boy Scouts earn the Eagle Scout Award. The award is a performance based achievement whose standards have been rigorously maintained over the years.

To earn the Eagle Scout rank, a Boy Scout is obligated to pass specific tests that are organized by requirements and merit badges, as well as completing an Eagle Project to benefit the community. Aaron's project was to oversee and construct stairs and a bridge at the McHose Park Disc Golf Course in Boone, Iowa. This project allowed Aaron to demonstrate both his organizational and leadership skills as he directed the trail's construction and design. Aaron's efforts not only improved the overall accessibility of the course, but also provided much needed safety improvements that disc golfers can now enjoy for years to come.

Mr. Speaker, the example set by this young man and his supportive family demonstrates the rewards of hard work, dedication and perseverance. Aaron's efforts embody the Iowa spirit and I am honored to represent him and his family in the United States Congress. I know that all of my colleagues will join me in congratulating him on achieving an Eagle Scout ranking and will wish him continued success in his future education and career.

PERSONAL EXPLANATION

HON. ALLYSON Y. SCHWARTZ

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

Ms. SCHWARTZ. Mr. Speaker, during roll-call vote No. 518, the Sherman Amendment on H.R. 2219, I mistakenly recorded my vote as "yes" when I should have voted "no".

DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2012

SPEECH OF

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2219) making appropriations for the Department of Defense for the fiscal year ending September 30, 2012, and for other purposes:

Mr. VAN HOLLEN. Mr. Chair, I rise in support of the FY2012 Defense Appropriations bill. I want to also thank Chairman YOUNG and Ranking Member DICKS for working together to craft this important bipartisan legislation.
