

Mr. Speaker, it is appropriate at this time that we acknowledge Mr. Lucio E. Perez for his years of devoted service to the Napa Valley community.

HONORING VERONICA LEWIS

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA
IN THE HOUSE OF REPRESENTATIVES

Friday, July 15, 2011

Ms. NORTON. Mr. Speaker, I rise today to salute an outstanding Federal employee and citizen of the District of Columbia, Veronica Lewis, who is retiring this month after forty-one years of service with the Federal Government. Ms. Lewis, a dedicated public servant, is known for her contributions to both the government and to her fellow employees.

Ms. Lewis has lived and worked in Washington, DC all of her life. She began her career as a public employee in 1970 as a personnel information assistant with the U.S. Department of Housing and Urban Development. In 1986, she became a secretary with the U.S. Securities and Exchange Commission (SEC), where she is still employed today, in the agency's Division of Corporation Finance. She has been a loyal and dedicated Federal employee for the past 4 decades.

Ms. Lewis attended public schools in the District of Columbia. Prior to her career with the Federal Government, she worked for the Metropolitan Police Department and also as a teacher's aide at Taft Junior High School.

In 2000, Ms. Lewis was one of the original founders of the Federal employee union that now represents all of the non-management employees at the SEC National Treasury Employees Union (NTEU), Chapter 293. She served as the union's chief steward for several years and, since 2006, has served as the vice president of Chapter 293.

Ms. Lewis has two children, Cecilia Vernetta Camp and Edward Walker, and three grandchildren, Angela Lewis-Camp, Veronica Lewis-Camp, and Edward Walker, Jr. In retirement, Ms. Lewis plans to travel as well as to volunteer at St. Jude Children's Hospital. Her hobbies are dancing, traveling and bicycling.

Mr. Speaker, Veronica Lewis has been a dedicated civil servant all of her adult life, both as an SEC employee and as a leader of NTEU Chapter 293. It is appropriate that we honor her today for her many contributions and congratulate her on her retirement from the Federal Government.

CONGRATULATING TIM SOLSO OF
CUMMINS, INC. ON HIS RETIREMENT

HON. MIKE PENCE

OF INDIANA
IN THE HOUSE OF REPRESENTATIVES

Friday, July 15, 2011

Mr. PENCE. Mr. Speaker, I rise today to honor and congratulate Tim Solso for his successful and influential career as the Chairman and Chief Executive Officer (CEO) of Cummins Inc., located in my hometown of Columbus, Indiana. After forty years of dedicated service, he is set to retire from Cummins on December 31st of this year.

During his career at Cummins, Tim Solso lived the American dream and proved that hard work pays off. He first joined Cummins in 1971 after receiving a Master of Business Administration degree from Harvard University and a bachelor's degree in psychology from DePauw University. His first position with Cummins was as an assistant to the Vice President of Personnel, and during his career Tim worked in several of Cummins' international locations—including Huddersfield, England, and Sao Paolo, Brazil. In 2000 he was named Chairman and CEO.

Under Tim's extraordinary leadership as CEO, Cummins experienced record profits of more than \$1 billion, and the company's shareholders enjoyed an astonishing return of 1,300 percent. International business at Cummins grew 20 percent from 2000 to 2010, and they have truly established themselves as a global leader in their industry.

Tim has also received many personal accolades for his achievements with Cummins including: named a top five finalist to Marketwatch's CEO of the Decade in 2010; named one of Barron's list of the thirty Most Respected CEOs for 2010 and 2011; selected as the national Six Sigma CEO of the year; received the Anti-Defamation League's Man of Achievement Award; named the International Executive of the Year by the Academy of International Business; and received the American Business Award for Best Chairman.

While I am confident that Cummins will continue to grow under new leadership, there is no doubt that Tim's legacy will continue to have a lasting impact on Cummins and on the Columbus community. I wish him the very best in his retirement and in the years to come.

RECOGNIZING MADELEINE JARAS,
ELMHURST, IL "MAYOR FOR A
DAY"

HON. PETER J. ROSKAM

OF ILLINOIS
IN THE HOUSE OF REPRESENTATIVES

Friday, July 15, 2011

Mr. ROSKAM. Mr. Speaker, I rise today to congratulate an aspiring leader from my Congressional District, Madeleine Jaras. Madeleine's essay was recently selected as the winner of the City of Elmhurst's "Mayor for a Day" competition. On behalf of this Congressional body, I welcome Madeleine and her family to our nation's capital.

The text of Madeleine's essay reads as follows: "If I were Mayor of Elmhurst, I would demonstrate my Trustworthiness to the citizens of Elmhurst by following through with my promises, being honest, being reliable, being loyal, being dependable, and having the courage to do the right thing, not always the easy thing. All these things are hard sometimes, but if I were Mayor, I would try my hardest to make the citizens safe, happy, and help the city of Elmhurst blossom into an even greater community than the past leaders have made it."

Even in her youth, Madeleine recognizes that in light of today's critical debates, tough decisions need to be made with great integrity. Madeleine's virtuous beliefs should serve as a reminder to all citizens and leaders that we should be courteous of others, and that honesty is of utmost importance. Her positive out-

look is exemplary of her outstanding character.

Mr. Speaker and Distinguished Colleagues, Madeleine Jaras is a promising young leader, full of modesty and confidence. It is truly a privilege to serve as her Representative. Please join me in honoring Madeleine's spirit and wishing her all the best in her future endeavors.

ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES
APPROPRIATIONS ACT, 2012

SPEECH OF

HON. JOHN D. DINGELL

OF MICHIGAN
IN THE HOUSE OF REPRESENTATIVES

Friday, July 8, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2354) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2012, and for other purposes:

Mr. DINGELL. Mr. Chair, I rise in strident opposition to H.R. 2354, the Energy and Water Appropriations Act for Fiscal Year 2012. This unfortunate bill is just another in a long line of Republican attempts to sabotage policies put in place to protect the health and safety of Americans, as well as to improve the environment while at the same time fostering economic recovery. I categorically reject the Republicans' cynical and shortsighted approach to governing and urge my colleagues to follow suit by opposing this bill.

I am not without justification in my criticism of H.R. 2354. To be clear, it contains a rider to block the Environmental Protection Agency's (EPA) ability to clarify the scope of the Clean Water Act, landmark legislation that I helped write and pass into law. The bill also blocks EPA's authority to oversee mountaintop removal coal mining, effectively allowing mountains to be carved away at corporate leisure. Finally, the bill would remove EPA's authority to make storm water programs more effective, which strikes me as curious given my Republicans' bent on making government leaner, meaner, and more effective. On a broader note, H.R. 2354 constitutes an attack on the integrity of the Clean Water Act, which has helped restore the chemical, physical, and biological integrity of the Nation's waters. Just as this bill would allow coal companies to carve away mountains, so too would it carve away EPA's precious and necessary authorities under the Clean Water Act.

H.R. 2354's assault on Americans and their environment extends beyond allowing the desecration of the beautiful waters they so treasure. The bill also curtails programs meant to advance economic recovery in a manner more sustainable for the environment. While I commend my colleagues on the House Appropriations Energy and Water Subcommittee for dedicating funding to repair the damage caused by the recent storms and floods, I do not agree with taking funding from critical infrastructure projects that offer enormous economic impacts in a myriad of communities across this country. If my colleagues recognize the storms and floods as emergency events, then they should have had the fortitude to allocate emergency funding to these
