RECOGNIZING THE 50TH ANNIVERSARY OF THE FOUNDING OF THE NATIONAL ASSOCIATION OF CONVENIENCE STORES

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, September 23, 2011

Ms. MATSUI. Mr. Speaker, I rise today to commemorate the 50th anniversary of the founding of the National Association of Convenience Stores (NACS).

Originally founded in 1961, today NACS represents more than 3,700 companies that do business in more than 50 countries worldwide.

The convenience retailing industry in America generates \$575 billion dollars in sales annually, in its more than 146,000-plus stores across the country, and employs 1.73 million Americans. The industry is growing steadily as well—sales are more than 13 times higher than what they were three decades ago. Cumulatively, the U.S. convenience store industry alone serves 160 million customers per day.

It is convenience stores that keep America's motors running. Convenience stores sell 80 percent of all fuel sales in the country, and 80 percent of convenience stores sell gasoline.

While NACS boasts the membership of 49 of the top 50 convenience store companies, the majority of its membership consists of small, independent operators that own 10 stores or less. More than half of convenience stores are owned by single-store operators. NACS helps member retailers to grow their businesses, from research and marketing to human resources and management.

NACS also helps to advocate for those issues that are vital to these small business owners. From motor fuel policy, to prevention of tobacco sales to minors, to the provision of health care for its 1.73 million employees, NACS is an industry leader in making sure their voices are heard.

Convenience stores provide a speed of transaction that is unparalleled, and the large number of locations limits travel time for consumers. Additionally, they are often the only source of food or fuel for families outside of normal business hours. The extended hours and flexibility of convenience stores mean that they play a vital role in the communities they serve and customers are able to quickly pick up what they want, when they need it.

Mr. Speaker, in recognizing the many contributions the National Association of Convenience Stores has made to our Nation and to our history, I join my colleagues in celebrating the 50th anniversary of its founding.

HONORING CHARLES KRUG WINERY OF ST. HELENA, CALIFORNIA

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, September 23, 2011

Mr. THOMPSON of California. Mr. Speaker, I rise today in recognition of Charles Krug Winery, Napa Valley's oldest and most historic winemaking establishment, and among the region's most highly acclaimed and admired firms. Charles Krug will be celebrating its 150th anniversary this year and in so doing will salute the century and a half of rich traditions and extraordinary wines cultivated under the esteemed brand.

In its long, storied history, Charles Krug has played host to and benefitted greatly from the hard work and immense accomplishments of some of the most famous and brilliant Wine Country luminaries. Among them were founder Charles Krug himself, Robert Mondavi, proprietor Peter Mondavi, Sr., and the current winemakers, brothers Peter, Jr., and Marc Mondavi. Today, the winery produces a line of super-premium and reserve wines, all made with estate-grown, sustainably farmed fruit from each of Napa Valley's esteemed sub-appellations: St. Helena, Carneros, Howell Mountain and Yountville.

Charles Krug was the first outfit in the Napa Valley to implement a handful of revolutionary techniques and technologies including the use of the cider press in 1858, the differentiation of product labels by vintage and varietal, the use of glass-lined tanks and the use of French oak barrels in 1963. The winery's estate vineyards have also been the sites of some historic innovations in the field of viticulture. Krug was the first vintner to purchase and develop vineyard land in the Howell Mountain area of Napa Valley. Peter Mondavi, Sr., avoided a costly replanting of the winery's vineyards when he bucked industry and rejected recommendations to plant the AXR1 rootstock, which was later found to be vulnerable to industry-ravaging phylloxera damage. More impressive still, he was among the first vintners to develop vineyards in and around Carneros, demonstrating that Chardonnay, Pinot Noir and Merlot wines made from the grapes of this sub-appellation could reach high standards of quality.

Though Charles Krug Winery emerged as an early leader in the Napa Valley wine community, the company's commitment to serving the greater needs of the industry has always been a constant. Krug founded the St. Helena Viticultural Society in 1875, and assisted shortly thereafter with the establishment of the Napa and Sonoma Wine Company, a collaborative effort between producers to improve the quality of wine shipped to the East Coast. Today, after a century and a half's worth of work, the Charles Krug brand retains its place as one of the premier winemaking establishments in the Napa Valley region with a portfolio of wines that compete with the highest ranks of the national and international arenas.

Therefore, Mr. Speaker, it is appropriate at this time for us to congratulate and applaud the proprietors and staff of Charles Krug Winery for their outstanding and ongoing work, embodying and representing some of the best that Napa Valley and California have to offer. We wish them all much success in the future.

IN RECOGNITION OF THE DAVID WEBSTER GREENER WAY TO WORK DAY

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, September 23, 2011

Mr. KUCINICH. Mr. Speaker, I rise to recognize September 23, 2011, as the Cleveland Metropolitan Bar Association's (CMBA) 3rd Annual "David Webster Greener Way to Work Day," and to remember David Webster, legal scholar, litigator, entrepreneur, and environmentalist, who died at age 46 from cancer on March 13, 2009, but whose achievements were many in his short life.

David Webster overcame alcoholism at a young age and went on to sponsor others in recovery. He accomplished much and saw life as an adventure. At Case Western Reserve School of Law, he graduated magna cum laude and was an editor of Law Review, where he met his wife Beth.

Upon graduation from law school, David became a commercial lawyer with broad experience in matters involving banking, commodity trading, securities, technology, real estate, intellectual property, and his passion, environmental law. Merging his knowledge of commodity trading and environmental law, he founded INHALE, which later became the Clean Air Conservancy, an organization which worked within the manufacturing economy and the commodities market to reduce air pollution by acquiring and retiring pollution allowances. Outside Magazine dubbed the Clean Air Conservancy one of the 10 best small environmental non-profits.

David Webster was an aggressive litigator who took on music giant Sony and won a judgment of more than \$5 million for the late Cleveland music producer Steve Popovich over credit for Meatloaf's hottest album, "Bat out of Hell." He was a founding partner of the law firm Webster & Dubyak and was also actively involved in the Cuyahoga County Bar Association, the Federal Bar Association, and the American Bar Association. He was a driving force behind the merger of the Cuyahoga County and the Cleveland Bar Associations and was the President-elect of the merged CMBA at the time of his passing.

Mr. Speaker and colleagues, today, we observe the 3rd Annual David Webster Greener Way to Work Day. The CMBA encourages us to find a greener way to travel to and from work, whether through public transportation, biking, walking or carpooling. The CMBA will honor David's memory with a noon luncheon at the CMBA offices with a special tribute presentation. Please join me in honoring the memory of David Webster by joining with the CMBA in taking action to protect our environment.
