

the Supreme Commanders offices, the United Nations headquarters and General MacArthur were their primary assignments.

A few weeks after arrival in Tokyo, Corporal Dixon was promoted to Sergeant and assigned as leader of a guard patrol. Truitt's discharge from the Army makes this statement, "Served in the Asiatic Pacific Theater for 15 months. Served in the Honor Guard Company, General Headquarters Tokyo, Japan. Assisted in the guarding and patrolling of General MacArthur's headquarters. Supervised 15 men of a patrol section. Kept section records and made recommendations to his commanding officer."

On August 15, 1945, the United States received Japan's notification of surrender. On September 2, 1945, General MacArthur signed the official documents ending World War II with Japan. With the war over, Truitt returned to the United States and reunited with his wife and young daughter. He received his Honorable Discharge on May 5, 1994.

During his military career, he received the following decorations and citations: Combat Infantryman Badge, The Good Conduct Medal, Asiatic Pacific Campaign Medal, Philippine Liberation Ribbon (with one Bronze Star), Army Occupation Medal, and World War II Victory Medal.

Mr. Speaker, please join me in thanking Sgt. Arnold Truitt Dixon for his honorable service to our great country and honoring him as he celebrates his 90th birthday.

ERADICATING HIV/AIDS IN OUR COMMUNITIES

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Mr. RANGEL. Mr. Speaker, today we unite in solidarity to eradicate HIV/AIDS in our communities across the world. We stand together to raise awareness about the epidemic so we can prevent further spread of the deadly virus and give hope to the 33.3 million people worldwide who are suffering from this terrible illness.

In the United States alone, the Centers for Disease Control and Prevention estimates that over one million people are HIV positive. What is even more tragic is that one in five people infected are unaware of it. HIV/AIDS is one of the leading causes of death for both the African American and Hispanic communities and presents a great hazard to our society.

I believe Congress has a moral obligation to continue funding to eliminate HIV/AIDS despite our budgetary challenges. Earlier this year I introduced the National Black Clergy for the Elimination of HIV/AIDS Act which would authorize several federal health agencies such as the National Institute of Health, Office of Minority Health of the Department of Health and Human Services, and the CDC to intensify awareness prevention, community outreach, testing, behavioral research, and increase grants to faith-based organizations in the African American community.

This year's theme for World AIDS Day is 'Getting to zero'. That means zero new infections, zero discrimination, and zero AIDS-related deaths. These are common goals shared globally regardless of race, religion or political

ideologies. Yet we can only accomplish these goals in America if we work together, Democrats and Republicans, in supporting bold initiatives and legislation to combat HIV/AIDS in our communities.

WORLD AIDS DAY

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Mr. DAVIS of Illinois. Mr. Speaker, the fight to arrest HIV/AIDS must continue.

Today is December 1, World Aids Day and in Chicago at the Ruth Rothstein Core Center at 2020 West Harrison St., Chicago, Governor Pat Quinn, and a group of AIDS professionals activists organized by Benny Montgomery, a retired member of my Congressional staff are holding a press conference as we do every year to kick off a day of awareness raising and action to help in the fight against HIV and AIDS. I am generally able to be with this group. However, my duties as a Member of Congress have kept me here in Washington, DC. Nevertheless, I am pleased to be represented by my assistant Ms. Cherita Logan, our Deputy District Director, who is a long time AIDS activist and education program director herself.

We recognize that although some programs has been made, as a matter of fact much progress has been made, but we still have much further to go; therefore I urge each one of us to do as much individually and collectively as we can to fight this dreadful disease.

HONORING HARRIS MEMORIAL CHURCH OF GOD IN CHRIST

HON. DALE E. KILDEE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Mr. KILDEE. Mr. Speaker, on December 4, 2011 Harris Memorial Church of God in Christ will celebrate its 65th year of devotion to the Lord. Founded in January of 1946 by the late Superintendent Theodore R. Harris the church started out as Elm Park Church of God in Christ in a partially finished structure. With the help of his bride Missionary Erna I. Harris they set out to create a place where souls could be saved and the community could be served. During the church's infancy Brother Willie Parker was called to join the congregation as an evangelist. Elder Parker was instrumental in hosting a revival that led to many saved souls and a steady increase in the membership.

As the congregation grew, Pastor Harris sought Gods vision and decided to build a sanctuary. In 1959, with great celebration and thanks to the Lord, the sanctuary was built. The congregation was empowered by the success the Lord had bestowed upon the young church and the congregation paid off the sanctuary in 1965. On Friday, July 25, 1980 Pastor Harris departed life to join the Lord. He was succeeded by his grandson Pastor Walter E. Bogan.

Having a close relationship with his grandfather, Pastor Bogan knew that his grand-

father's vision for the church included expanding its ministries. He wanted to fulfill that vision and began to look for locations that had the space for the expanded ministries. In 1983, 30 acres of land was purchased to build a house for the Lord and His ministries. On November 22, 1992 the church's construction was completed on Lippincott Ave. They reside at this location today and the expanded ministries strengthen souls every week. Walter Bogan's son is now the presiding Pastor at Harris Memorial and works to continue and expand the success of their many ministries.

Mr. Speaker, please join me in congratulating Harris Memorial Church of God in Christ on their success and dedication to the Flint Community. I pray that the ministers, staff, and congregation of Harris Memorial will continue their work and spread the Gospel of Jesus Christ for many, many years to come.

REGARDING ALAN P. GROSS

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Mr. VAN HOLLEN. Mr. Speaker, I rise to mark the second year anniversary of the unjust and inhumane incarceration in a Cuban prison of my constituent Allan P. Gross.

A 62-year-old international development specialist and social worker with 25 years of experience helping people in the West Bank, Gaza, Iraq, Afghanistan, Haiti and throughout Africa, Alan Gross has devoted his career to helping others with a single goal in mind: to improve the quality of life of the disadvantaged.

And, it is as a result of these humanitarian efforts that he has spent the last 2 years locked up in a Cuban prison.

Alan was arrested in Cuba while working on behalf of USAID to help the country's Jewish community establish an Intranet and improve its access to the Internet. The Jewish community in Cuba is small and dispersed, making it difficult to communicate amongst themselves and with the wider Jewish community around the world. Neither his presence nor his actions in Cuba were meant to pose a threat or danger to the Cuban government.

For the first 14 months of his captivity, Alan was held without charge. Then, in February 2011, he was charged with "acts to undermine the integrity and independence" of the State. After a two day trial, he was convicted and sentenced to 15 years in prison. His appeal on humanitarian grounds to the Cuban Supreme Court was denied on August 5, 2011.

Alan's health has deteriorated tremendously during his incarceration. He has lost approximately 100 pounds and he is suffering from a number of serious health issues, some of which his family fears may become permanent. Additionally, in August 2010, his 26-year-old daughter was diagnosed with breast cancer and, this year, his 89-year-old mother was also diagnosed with cancer.

Given the humanitarian nature of his activities in Cuba, and given his health and the health of his family, sentencing Alan Gross to 15 years in prison was inhumane.

If the Cuban government is serious about improving relations with the United States, it must recognize the harm its continued incarceration of Alan Gross is doing to that relationship.

The Cuban government must act now and release Alan Gross immediately and unconditionally—for the sake of the relationship between the United States and Cuban people and for the sake of the health of Alan Gross and his family.

HONORING SUPERIOR CHEVROLET

HON. HENRY C. "HANK" JOHNSON, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Mr. JOHNSON of Georgia. Mr. Speaker, I submit the following Proclamation:

Whereas, we need businesses to set up shop in our community to provide the goods and services that are needed in order for our citizens to survive and thrive on a day to day basis; and

Whereas, in 1969, Mr. Lamar Ferrell started Lamar Ferrell Chevrolet here in Decatur, Georgia to service the citizens of DeKalb County, Georgia and nearby communities; and

Whereas, when Mr. Ferrell passed away, the new owner Mr. Buddy Hyatt purchased the business and it has been family owned ever since under the name of Superior Chevrolet; and

Whereas, Superior Chevrolet continues to be a resource for citizens in DeKalb County and beyond with excellent service, providing employment opportunities and providing a product that "keeps America moving" contributing to the local and national economy; and

Whereas, the U.S. Representative of the Fourth District of Georgia is officially honoring, recognizing and congratulating Superior Chevrolet on their forty-second (42) anniversary as a business anchor in our District;

Now therefore, I, HENRY C. "HANK" JOHNSON, Jr. do hereby proclaim October 21, 2011 as Superior Chevrolet Day In the 4th Congressional District of Georgia

Proclaimed, this 21st day of October, 2011.

THIRD ANNIVERSARY OF
IMPRISONMENT OF ALAN GROSS

HON. THEODORE E. DEUTCH

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Mr. DEUTCH. Mr. Speaker, this Saturday marks the third anniversary since American U.S. AID worker Alan Gross was arrested and unjustly imprisoned in Cuba. It is the third year in a row that the Gross family will prepare to spend another holiday season without their beloved husband, father, and son.

Alan Gross, a resident of Maryland and a long time international development worker, traveled to Cuba in 2009 to help the island's small Jewish community establish better internet access. Upon his arrival, Mr. Gross declared all of his electronic items with Cuban customs officials. Yet on December 3, 2009, he was arrested and subsequently detained for 14 months without any charges filed against him. Earlier this year, he was charged with "acts to undermine the integrity and independence" of Cuba. Mr. Gross, a non-Spanish speaking man in his 60's who has worked on development projects in over 50 countries,

certainly was not trained or equipped to engage in subterfuge.

Alan Gross has been sentenced to 15 years in jail. This preposterous sentence has caused tremendous emotional pain and financial hardship for his family, and devastated the Jewish community. Alan's daughter is currently undergoing treatment for cancer, and his 89 year old mother is in poor health and fears she will never see her son again. Alan's wife, Judy, has been caring for her ill daughter and mother-in-law while working full time to support her family. Alan himself is suffering from severe health problems due to a lack of medical treatment during his incarceration.

In October, Governor Bill Richardson traveled to Cuba with the intent to discuss Alan Gross' release. During this visit, which had been approved by the Cuban Government, Governor Bill Richardson was denied even a single meeting with Alan to assess his health. Subsequently, the Cuban government refused to discuss Alan's case with Governor Richardson.

The Castro regime has chosen to align itself with the most repressive and violent regimes in the world, counting among its friends the Venezuelan and Iranian regimes. These regimes have disregarded judicial processes in order to unjustly hold American citizens to use as leverage. We will not sit idly by and allow an American citizen to suffer at the hands of these tyrants. The Castro regime must immediately allow Alan to receive proper medical treatment and take the necessary steps to bring him home to his family as soon as possible.

My colleagues and I will continue to speak out on behalf of Alan, his family, and the Jewish community, and continue to use every tool at our disposal to secure Alan's immediate release.

SUPPORTING THE GOALS AND
IDEALS OF WORLD AIDS DAY

HON. LAURA RICHARDSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Ms. RICHARDSON. Mr. Speaker, I rise today in support of the goals and ideals of World AIDS Day. A day dedicated to bringing awareness to those who have died from the disease and the strides that have been made in the fight against it.

This year marks 30 years after the first discovery of AIDS cases in the United States. The Center of Disease Control (CDC) estimates that 33.3 million people have HIV worldwide, with 1.2 million persons who are living with HIV in the United States. Every 9½ minutes, someone in the U.S. is infected with HIV. One in five living with HIV is unaware of their infection. By race, African Americans face the most severe HIV burden. The impact of the HIV/AIDS epidemic spans the nation with HIV diagnoses having been reported in all 50 states, the District of Columbia, and the U.S. dependencies, possessions, and associated nations.

The theme for World AIDS Day 2011 is "Getting to Zero." After 30 years of the global fight against HIV/AIDS, this year the focus is on achieving 3 targets: Zero new HIV infections. Zero discrimination. Zero AIDS-related deaths.

The goal of "Zero AIDS Related Deaths" signifies an increased access to available treatments for all those infected. Currently, only one third of the 15 million people living with HIV worldwide who are in need of lifelong treatment are receiving it. Universal access to antiretroviral treatments for those living with HIV will not only decrease the number of AIDS related deaths, but will increase the quality of life among those infected and decrease transmission.

World AIDS Day is an opportunity for all of us to learn the facts about HIV. By increasing the understanding of how HIV is transmitted, how it can be prevented, and the reality of living with HIV today—we can use this knowledge to take care of our own health and the health of others.

Since its discovery, countless researchers, healthcare providers, politicians, and educators have contributed to the global initiative to contain and eventually eliminate the presence of AIDS in all corners of the world. Recent scientific advancements have resulted in revolutionary breakthroughs with the potential to reverse the epidemic in coming years. I ask my colleagues to join me in this goal, to remember those who have died of the disease and to celebrate accomplishments achieved, specifically the increased access to treatment and prevention services.

It is imperative that we continue our efforts and work together to increase funding for HIV prevention and education, so that our children will be equipped with sufficient and appropriate knowledge of this growing threat within our communities until HIV/AIDS becomes a memory.

RECOGNIZING DR. ROGER GORDON
SMITH'S CAREER SERVICE TO
OUR NATION'S VETERANS

HON. STEVE COHEN

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 1, 2011

Mr. COHEN. Mr. Speaker, today I rise to honor an unsung hero of the Veterans Administration, Dr. Roger Gordon Smith, M.D. Dr. Smith was born on April 6, 1951, and just recently concluded his long career serving our nation's veterans on August 26th of this year.

Dr. Smith attended Battle Creek Central High School in Michigan, where he graduated in 1969. He earned his Bachelor's Degree in Chemistry with top honors from Howard University in 1973. He also earned his doctoral degree in medicine with scholastic honors from Howard University in 1977. Following that, he interned at Howard University Hospital until 1978, whereupon he obtained his license to practice medicine in the District of Columbia the following year.

With such an auspicious beginning to his career in medicine, one might have expected Dr. Smith to pursue a lucrative private practice. Instead, once he had paid off his medical school debts, Dr. Smith chose to apply his considerable talents toward a long career with the Veterans Administration Medical Center in Memphis, Tennessee. There, he attended to the often difficult and complex needs of disabled and retired veterans, most of whom were just returning from Vietnam.

Upon beginning work with the VA, Dr. Smith quickly faced skepticism and bigotry from
