

These policies help businesses retain key talent, reduce absenteeism, and enhance employee productivity. President Obama's Council on Economic Advisors found that as more firms adopt flexibility practices the benefits to society, in the form of reduced traffic, improved employment outcomes, and more efficient allocation of workers to employers, may be greater than the gains to individual firms and workers. In addition, a 2011 U.S. Government Accountability Office report found that a flexible work environment can increase and enhance employment opportunities for people with disabilities.

Flexibility is clearly a win-win for employees and employers. I offer special thanks to Senator BOB CASEY for introducing Senate companion legislation, and to my colleagues Representatives JOHN LEWIS, GEORGE MILLER, and JOSÉ SERRANO for their cosponsorship.

HONORING MR. ROELOF VAN ARK

**HON. JIM COSTA**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 29, 2012*

Mr. COSTA. Mr. Speaker, I rise to recognize Mr. Roelof van Ark, who will soon end his term as the chief executive of the California High-Speed Rail Authority (CAHSRA). There is no textbook on how to build high-speed rail in America; it has never been done before. For the past two years Mr. van Ark has written the first chapters of that book by dedicating himself wholly to building the nation's first true high-speed rail system in California. He deserves our recognition and true appreciation for all the work he has done for California and our nation.

For three decades, Mr. van Ark has worked on high-speed rail and other transportation systems throughout the world. Before becoming only the second chief executive since the Authority was formed in 1996, he led ALSTOM Transportation, Inc., for five years. Mr. van Ark previously worked in Germany and South Africa for Siemens Transportation Systems, a global leader in high-speed rail systems. During his more than 20 year tenure with Siemens, he successfully constructed complex infrastructure projects such as the "Skytrain" in Bangkok, several subways throughout China, and high-speed rail lines in Germany. He ended his time with Siemens while working in Sacramento as President and Chief Executive Officer of the company.

His lifetime of experience enabled him to bring such tremendous expertise and leadership to the implementation of California's high-speed rail project.

I applaud Roelof van Ark for his years of tireless work on behalf of the California High-Speed Rail Authority and the state of California. Mr. van Ark has truly laid the groundwork for the nation's first high-speed rail system, and I hope he will join me in riding the first train that departs from San Francisco en route to Los Angeles via the San Joaquin Valley. All Californians will be better off due to the service and sacrifice of this great leader.

Mr. Speaker, it is with great appreciation that I ask my colleagues to stand with me in thanking Roelof for his work in advancing modern modes of transportation within the United States and around the world. Please

join me today in recognizing the commitment, dedication and success of Mr. Roelof van Ark and wish him well as he embarks on new endeavors.

IN RECOGNITION OF JANICE G. MURPHY

**HON. DENNIS J. KUCINICH**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 29, 2012*

Mr. KUCINICH. Mr. Speaker, I rise today in recognition of Janice G. Murphy and to acknowledge her receipt of the Walks of Life Award from the Irish American Archive Society. A Cleveland native, Mrs. Murphy has dedicated her life to improving the health of others.

Mrs. Murphy began her career in the health care industry while serving as a nun with the Sisters of Notre Dame. She left the convent upon discovery of her true calling in life and began classes at Fairview Hospital's School of Nursing. She later earned a bachelor's degree in nursing from Bowling Green State University and a master's degree from the University of Akron.

Mrs. Murphy worked as a nurse at Fairview Hospital in oncology and later coronary care. She was named chief nursing officer and in 2007, became the hospital's chief operating officer. While leading Fairview Hospital, Mrs. Murphy was also the president of Lakewood Hospital, a role in which she served for nearly three years. Today she remains the president of Fairview Hospital.

In addition to running two of Cleveland's premier hospitals, Mrs. Murphy serves on the boards of the Ursuline Community Advisory Board, North Coast Health Ministry, St. Joseph Academy and Hospice of Western Reserve. She has also been awarded the Cleveland Clinic Western Region Leadership Award and Baldwin Wallace Healthcare Award.

Mr. Speaker and colleagues, please join me in congratulating Janice G. Murphy as she is honored by the Irish American Archive Society.

IN RECOGNITION OF THE 20TH ANNIVERSARY OF U.S.-AZERBAIJAN DIPLOMATIC RELATIONS

**HON. GENE GREEN**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 29, 2012*

Mr. GENE GREEN of Texas. Mr. Speaker, I rise today to ask my Colleagues to join me in recognizing the 20th year of diplomatic relations with our friend and key ally, Azerbaijan.

On February 19, 1992, the United States and Azerbaijan initiated formal diplomatic relations and on March 6 of that year Azerbaijan opened their embassy in the United States. The United States opened our embassy in Baku, Azerbaijan on March 16.

After the fall of the former Soviet Union and the independence of the Republic of Azerbaijan, we have seen a growing need for strong allies in the region. Azerbaijan, a predominantly secular Muslim country bordered by Russia to the north and Iran to the south,

is a natural partner to promote peace, stability, and economic prosperity in this important part of the world.

Azerbaijan was among the first to join us in the War Against Terror, sending troops to Afghanistan that served alongside our servicemen and women, and later in Iraq. Today, Azerbaijan offers a crucial route to transport supplies to our troops in Afghanistan.

Azerbaijan is also a key contributor in promoting energy security internationally. The opening of the BTC pipeline in 2005 allowed Caspian oil to reach the world market via Georgia and Turkey, bypassing Russia.

With the recent arrival of Ambassador Elin Suleymanov to Washington, DC, I look forward to working with the Embassy to further strengthen this important relationship.
