

IN RECOGNITION OF DAVID
BOSTON

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 31, 2012

Mr. BURGESS. Mr. Speaker, I rise today to recognize David Boston, a talented and respected builder from Crossroads, Texas. After many years of private custom home building, and ten years of employment with the Federal Emergency Management Agency (FEMA), Mr. Boston is retiring.

Mr. Boston was a sought-after custom home builder in Denton for many years. After retiring from that profession, he accepted a part-time position with FEMA in 2002. Four years later in 2006, Mr. Boston accepted a full-time position with the agency. He served as a National Hazard Mitigation Specialist where he investigated properties that were damaged by disasters like Hurricanes Katrina, Rita, and Ike. In his tenure at FEMA, he investigated over 46,000 sites.

Due to his prior experience building private homes, Mr. Boston was able to deal favorably with sub-contractors. Because of this advantage, he saved FEMA and American taxpayers nearly \$25 million. In addition to his commitment and dedication to FEMA, Mr. Boston was always equally dedicated to the home owners and businesses with whom he worked.

Mr. Boston retired in May, 2012 after ten years of service. Upon his retirement, he will serve as a Republican precinct chair beginning in August of 2012. As Mr. Boston retires from a long and dedicated career, I would like to recognize his accomplishment and service, as well as congratulate him on a job well done. His experience and skills are evident to all he worked with. It is an honor to have the opportunity to recognize and represent Mr. Boston in the U.S. House of Representatives.

RETIREMENT OF MAJOR GENERAL
GINA FARRISEE

HON. BRETT GUTHRIE

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 31, 2012

Mr. GUTHRIE. Mr. Speaker, today I wish to recognize the dedication and selfless service of Major General Gina Farrissee, who will culminate her 34-year Army career as the Commanding General of Human Resources Command in Ft. Knox, Kentucky.

As a Member of Congress, a Kentuckian, and a former Army Officer, it is an honor to recognize Major General Farrissee today before the United States House of Representatives. She is a native of Virginia, a 1978 graduate of the University of Richmond and the National Defense University in 1998. She was commissioned a Second Lieutenant in the U.S. Army, serving her career as an Adjutant General Officer.

Major General Farrissee's career highlights include a variety of command and staff positions at Army installations around the world to include Germany, Ft. Bliss, TX; Ft. Lewis, WA; Ft. Benjamin Harrison, IN; and Ft. Jackson, SC. During several key assignments in the Pentagon she worked for the Chief of Staff of

the Army, the Assistant Secretary of Defense for Force Management Policy and four years as the Army's Director of Military Personnel Management. Her highly successful command assignments included battalion command at Ft. Lewis, brigade command at Ft. Benjamin Harrison and the Army's Soldier Support Institute at Ft. Jackson. Most recently, Major General Farrissee headed Army Human Resources Command, at Ft. Knox in my district. Her selfless service, professionalism and expertise were highlighted while assigned as the 61st Adjutant General of the Army.

Throughout her service, Major General Farrissee has been a shining example for our Nation. It has been my pleasure to highlight Major General Farrissee's long and decorated career today. On behalf of a grateful Nation, I join my colleagues today in commending and thanking Major General Farrissee for a lifetime of service during peace and wartime to her country. Her sacrifices and contributions will be forever remembered in the Soldiers and families she mentored and inspired. Those same Soldiers will miss her leadership, technical competence, mentorship and enthusiasm, as well as her daily inspiration—"It's a Great Day to be a soldier. . . . Hooah!"

For all she and her family have given to our country, we are in debt. We wish her and her husband David, all the best as they continue their journey.

INTRODUCING A RESOLUTION IN
SUPPORT OF THE XIX INTER-
NATIONAL AIDS CONFERENCE

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 31, 2012

Mr. HASTINGS of Florida. Mr. Speaker, I rise today to introduce a resolution in support of the XIX International AIDS Conference (AIDS 2012), which takes place from July 22, 2012, through July 27, 2012, at the Walter E. Washington Convention Center in Washington, DC. AIDS 2012 is organized by the International AIDS Society (IAS) and brings together more than 20,000 delegates from nearly 200 countries, including 2,000 journalists. My resolution supports a stronger international response to HIV/AIDS that seeks to prevent the transmission of HIV, increase access to testing, treatment, and care, improve health outcomes for all people living with HIV/AIDS, foster greater scientific and programmatic collaborations around the world to end HIV/AIDS, and protect the rights of people living with HIV/AIDS.

According to UNAIDS, the Joint United Nations Programme on HIV/AIDS, there are approximately 33.4 million people living with HIV worldwide, and nearly 30 million people have died of AIDS since the first cases were reported in 1981. The United States is heavily engaged in both international and domestic efforts to address the HIV/AIDS pandemic, including the United States President's Emergency Plan for AIDS Relief (PEPFAR) and the Global Fund to Fight AIDS, Tuberculosis, and Malaria. Taxpayers in the United States have paid more than \$45 billion through PEPFAR and the Global Fund, which have enjoyed broad bipartisan support in Congress.

Since 1985, the now biennial International AIDS Conference has brought together lead-

ing scientists, public health experts, policymakers, community leaders, and individuals living with HIV/AIDS from around the world to enhance the global response to HIV/AIDS, evaluate recent scientific developments, share knowledge, and facilitate a collective strategy to combat the HIV/AIDS pandemic. AIDS 2012 is a tremendous opportunity to strengthen the role of the United States in global HIV/AIDS initiatives within the context of significant global economic challenges, reenergize the response to the domestic epidemic, and focus particular attention on the devastating impact of HIV/AIDS that continues in the United States.

The theme of AIDS 2012, "Turning the Tide Together," embodies the promise and urgency of utilizing recent scientific advances in HIV/AIDS treatment and biomedical prevention, continuing research for an HIV vaccine and cure, and increasing effective, evidence-based interventions in key settings to change the course of the HIV/AIDS crisis. AIDS 2012 seeks to engage governments, non-governmental organizations, policymakers, the scientific community, the private sector, civil society, faith-based organizations, the media, and people living with HIV/AIDS to more effectively address regional, national, and local responses to HIV/AIDS around the world and overcome barriers that limit access to preventative care, treatment, and other services.

My resolution supports the goal of bringing renewed awareness of, and commitment to, addressing the HIV/AIDS crisis in the United States and abroad. In particular, it recognizes that formulating sound public health policy, protecting human rights, addressing the needs of women and girls, directing effective programming toward the populations at the highest risk of infection, ensuring accountability, and combating stigma, poverty, and other social challenges related to HIV/AIDS are key to overcoming HIV/AIDS. It also encourages the ongoing development of innovative therapies and advances in clinical treatment for HIV/AIDS in the public and private sectors.

Mr. Speaker, 25 years after the III International AIDS Conference was held in Washington, DC, we are now at a point where we have the tools necessary to prevent the spread of HIV and bring an end to the crisis. Now is the time to commit. HIV/AIDS is not a partisan issue. But it will take a bipartisan effort to overcome HIV/AIDS as a nation once and for all. Continued commitment by the United States to HIV/AIDS research, prevention, and treatment programs is crucial to protecting global health. I urge my colleagues to support my resolution, which recognizes the importance of the XIX International AIDS Conference in the global effort to end the HIV/AIDS pandemic and create an "AIDS-free generation."

DAVID HERMAN

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 31, 2012

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and applaud David Herman for his service to our community.

David Herman, a native of Wheat Ridge, Colorado, is a world-class BMX rider and a
