REVISIONS TO THE ALLOCATIONS OF THE FISCAL YEAR 2014 BUDGET RESOLUTION RELATED TO LEGISLATION REPORTED BY THE COMMITTEE ON APPROPRIATIONS

U.S. HOUSE OF REPRESENTATIVES, COMMITTEE ON THE BUDGET, Washington, DC, July 8, 2013.

Mr. RYAN of Wisconsin. Mr. Speaker, pursuant to section 314(a) of the Congressional Budget Act of 1974, I hereby submit for printing in the Congressional Record revisions to the aggregate budget levels and committee allocations set forth pursuant to H. Con. Res. 25, the Concurrent Resolution on the Budget for Fiscal Year 2014, as put into effect by H. Res. 243. The revisions are for new budget authority and outlays consistent with a technical correction to the FY2014 discretionary spending caps allowed under the Budget Control Act of 2011 as published by the Office of Management and Budget on May 20, 2013. A corresponding table showing the revised budget aggregates and allocations is attached. A letter from the Director of the Office of Management and Budget that further explains the technical correction is also attached.

This revision represents an adjustment for purposes of enforcing sections 302 and 311 of the Budget Act. For the purposes of the Budget Act, these revised allocations are to be considered as allocations included in the levels of the budget resolution, pursuant to section 101 of H. Con. Res. 25 and H. Rept. 113-17, as adjusted.

Sincerely,

PAUL D. RYAN OF WISCONSIN, Chairman, House Budget Committee.

EXECUTIVE OFFICE OF THE PRESIDENT,

OFFICE OF MANAGEMENT AND BUDGET, Washington, DC, June 5, 2013.

Hon. PAUL RYAN, Chairman, Committee on the Budget, House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: This letter responds to your May 21, 2013, request for additional information on the corrections made to the

OMB Sequestration Preview Report to the President and Congress for Fiscal Year 2014 and the OMB Report to the Congress on the Joint Committee Reductions for Fiscal Year 2014. The corrections addressed computational errors OMB identified in some of the underlying calculations and resulted in no net change in the total reduction required by section 251A of the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA), as amended.

The attached table lists, for each direct spending account that was corrected, the originally calculated baseline and sequester amounts, the corrected baseline and sequester amounts, and the amount of the change. As shown at the bottom of Table 3 of the corrected version of the OMB Report to the Congress on the Joint Committee Reductions for Fiscal Year 2014, the corrections have the net effect of increasing the sequestration of non-defense direct spending outlays for Fiscal Year (FY) 2014 to \$18.058 billion. The corrections also expand the sequestrable base, which lowers the sequestration percentage for non-defense direct spending from 7.3 percent to 7.2 percent.

Finally, I can confirm that as a result of these corrections, the non-defense discretionary cap for FY 2014 is \$469.391 billion. The defense discretionary cap for FY 2014 is \$498.082 billion. These amounts are shown in Table 2 of the corrected version of the OMB Sequestration Preview Report to the President and Congress for Fiscal Year 2014.

If you have any questions, please contact Kristen J. Sarri, Associate Director for Legislative Affairs, at (202) 395-4790.

Sincerely,

SYLVIA M. BURWELL, Director.
