(8) the core competencies referred to in paragraph (7) should remain central to the strategic planning process of the OAS and the consideration of future mandates;

(9) any changes to OAS mandates should be accepted by the member states only after an analysis is conducted and formally presented consisting of a calculation of the financial costs associated with the mandate, an assessment of the comparative advantage of the OAS in the implementation of the mandate, and a description of the ways in which the mandate advances the organization's core mission;
