

EXTENSIONS OF REMARKS

HONORING LIEUTENANT COLONEL
HAROLD FRITZ

HON. CHERI BUSTOS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 19, 2013

Mrs. BUSTOS. Mr. Speaker, I rise today to talk about Lieutenant Colonel Harold Fritz of Peoria, Illinois, who is one of only three living Medal of Honor recipients in Illinois today. The Medal of Honor is our Nation's highest military honor and is awarded for personal acts of valor that go well above and beyond the call of duty.

Lieutenant Colonel Fritz, who went by "Hal," was born in Chicago and currently lives in Peoria. He was awarded the Medal of Honor due to his brave service in Vietnam.

During a jungle firefight, then First Lieutenant Fritz displayed exemplary leadership despite suffering serious wounds. Lieutenant Colonel Fritz was leading his 7-vehicle armored column to meet and escort a truck convoy when they suddenly came under intense fire from enemy combatants. Lieutenant Colonel Fritz' vehicle was hit, and he was seriously wounded. Realizing that his men were completely surrounded and outnumbered, Lieutenant Colonel Fritz leaped to the top of his burning vehicle and directed the positioning of his remaining vehicles and men.

Without thinking of his own safety, he ran from vehicle to vehicle in complete view of the enemy gunners in order to help his men. Armed only with a pistol and bayonet, he led a small group of his men in a charge which inflicted heavy casualties on the enemy. Despite being wounded, Lieutenant Colonel Fritz assisted his men and refused medical attention until all of his wounded soldiers had been treated.

Lieutenant Colonel Fritz is currently the President of the Congressional Medal of Honor Society and resides in Peoria. I wish him all the best and want to thank him again for his brave and dedicated service to our Nation.

NATIONAL STRATEGIC AND CRITICAL MINERALS PRODUCTION ACT OF 2013

SPEECH OF

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 18, 2013

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 761) to require the Secretary of the Interior and the Secretary of Agriculture to more efficiently develop domestic sources of the minerals and mineral materials of strategic and critical importance to United States economic and national security and manufacturing competitiveness:

Mr. VAN HOLLEN. Mr. Chair, I rise in opposition to the so-called "National Strategic and Critical Minerals Protection Act," a bill that has very little to do with development of rare earth elements or minerals that are vulnerable to supply disruption.

The bill before us today is so broadly drafted that it would reduce or eliminate environmental review for almost all type of mines on public land, including common materials like sand, clay, and gravel. It needlessly limits judicial review of mining activities. And it arbitrarily prioritizes mining over every other use of public lands, including hunting, fishing, grazing, and conservation.

If the majority would like to encourage production of truly strategic and critical minerals on public lands, we should work together on a targeted solution that develops our natural resources while protecting our environment. Today's bill is not that solution. I urge a no vote.

IN RECOGNITION OF THE 60TH ANNIVERSARY OF KAISER PERMANENTE'S SOUTHERN CALIFORNIA PHYSICIANS MEDICAL GROUP

HON. JUAN VARGAS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 19, 2013

Mr. VARGAS. Mr. Speaker, I rise today to honor Kaiser Permanente's Southern California Physicians Medical Group (SCPMG) on their 60th Anniversary. As a leading provider of health care services for more than 500,000 San Diegans this is truly an historic occasion for their organization. Since its modest beginnings in 1953, SCPMG has grown to become the nation's second largest private multi-specialty group practice. In 1967, Kaiser Permanente introduced the "integrated" model of healthcare to San Diego with the opening of its first hospital and medical center.

With over 1,100 SCPMG physicians in the San Diego service area, they provide care at two medical centers and 24 outpatient offices and annually see more than 2.9 million patients. They have established San Diego Medical Center as a premier destination for the treatment of strokes as well as having been certified a "baby-friendly" hospital. SCPMG sites also serve as academic institutions where SCPMG physicians help mentor Kaiser Foundation graduate medical residents and fellows.

SCPMG is helping to shape the future of health care in our nation through the use of advanced technology and the creation of innovative solutions that will have a lasting impact. I would like to commend SCPMG on their 60th Anniversary and thank them for their contributions to the community.

PROCLAIMING NATIONAL GEAR UP WEEK IN EL PASO, TX

HON. BETO O'ROURKE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 19, 2013

Mr. O'ROURKE. Mr. Speaker, I am honored to recognize the week of September 23, 2013 as National GEAR UP Week at Socorro Independent School District and Ysleta Independent School District in El Paso, TX.

The Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) is a federally funded, competitive grant program designed to increase the number of low-income students who are prepared to enter and succeed in postsecondary education. GEAR UP serves low-income, minority and disadvantaged students and their families from underserved communities who might be the first person in their family to go to college. The program provides multi-year grants to states to deliver resources to students and their families, starting in middle school and onward, to help them achieve their dreams of attaining a postsecondary education.

GEAR UP includes interventions such as tutoring, mentoring, rigorous academic preparation, financial education and college scholarships to improve access to higher education for low income, minority and disadvantaged first-generation students and their families. The program is built around public-private partnerships, enlisting resources from government, business and community groups to support low-income students as they prepare to enter and succeed in college.

The GEAR UP-SOAR (Solutions for Optimal Academic Readiness) and GEAR UP-Proyecto MAS is a partnership of the Socorro Independent School District, Ysleta Independent School District and the University of Texas at El Paso. Over 8,000 El Paso students have benefited from their participation in these GEAR UP Projects focused on college readiness.

The program helps the University of Texas at El Paso, Socorro Independent School District and Ysleta Independent School District fulfill their missions to provide a quality education for all students, helping them achieve their highest potential. I thank GEAR UP for increasing the number of low-income and minority El Paso students who are college ready, and helping these students enter and succeed in higher education.

CELEBRATING THE 70TH BIRTHDAY OF CLAUDIA TERENCIA NESBITT WALKER

HON. DONNA M. CHRISTENSEN

OF THE VIRGIN ISLANDS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 19, 2013

Mrs. CHRISTENSEN. Mr. Speaker, I rise today to recognize the birthday of Pastor Claudia Terencia Nesbitt Walker who turned 70
