

there is, all of a sudden, no subsidy. So, therefore, the President, by executive order, is saying that, oh, okay, these Members are now in ObamaCare, but because of their income, they are not eligible for any subsidy, so we are going to let them keep what the Office of Personnel Management gives them—our tax dollars—and 70 percent to 75 percent of the premium is paid by we, the people, to Members of Congress.

That is grossly unfair. I just want to make sure that all of my colleagues, Mr. Speaker, understand that, and I think they do.

Mr. ROE of Tennessee. I thank the gentleman.

In conclusion, let's go back and look at why we needed health care reform in this country. We needed it because costs were rising and because we had a problem with access for many of our people. That clearly was true. There was no question about it. There were also problems with preexisting conditions. We know that.

The Republican Study Committee has a plan out there called the American Health Care Reform Act. It addresses all of these issues. It truly does lower costs, and it does one important thing that I mentioned earlier in my remarks. I think the patient-doctor relationship—medical decisions—should be made between a patient, a doctor and the family. That is who should be making them, not the insurance company and not the Federal Government. You should be deciding what you purchase.

We have talked about a lot of complicated issues here tonight because

this is a very complicated bill, but it is important for everyone to understand it as best one can because it affects every American citizen. That is why we in the Doctors Caucus on the Republican side of the aisle read that bill and tried to understand it, because it was going to affect every citizen in a very personal way.

We want to continue this discussion on the House floor, and I have certainly enjoyed this 1 hour with you this evening.

Mr. Speaker, I yield back the balance of my time.

By unanimous consent, leave of absence was granted to:
