

administration, his phenomenal record in personal rehabilitation, and his work history in the grocery business, officials decided that he needed no more training, but could learn the program in his own location. He spent two years in that facility, mastering the business and improving his techniques. Then during the next several years he moved to better locations.

In 1992 Mr. Gleese bid on an excellent facility for his business and was denied the bid, then he appealed the decision, which eventually came down, but did not give him personal redress. The incident did correct unfair practices that had plagued many vendors in Mississippi for years. In April of 1994 Mr. Gleese, with the help of his wife, Mrs. Vanessa Gleese, became the manager of one of the largest food service operations in the state-vending program.

Mr. Gleese has always been active in the Missionary Baptist Church. From 1973 to 1990 he taught the adult Sunday school class in his own church, and in 1980 he became a deacon. He was ordained to the ministry in November of 1992 and is now senior associate minister at the College Hill Baptist Church.

In 1992 Mr. Gleese was first elected to the board of directors of the National Federation of the Blind, where he continues to serve with distinction. He has dedicated his life to educating the public, blind and sighted alike, about the abilities of blind people.

In August of 2001 Mr. Gleese accepted a position as an Independent Living Specialist with LIFE (Living Independence for Everyone) of central Mississippi. This position provided opportunities to work with adolescents with special health care needs in Mississippi between the ages of fourteen and twenty-one. In January of 2002 Mr. Gleese became the statewide project director for the Healthy Futures grants. This position enhances Mr. Gleese's opportunity to serve all adolescents with special health care needs, including blind people.

Mr. Speaker, I ask my colleagues to join me in recognizing Mr. Sam Gleese for his dedication to serving others and giving back to the community he grew up in.

IN RECOGNITION OF THE 160TH AN-
NIVERSARY OF ANDREW COL-
LEGE

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 15, 2014

Mr. BISHOP of Georgia. Mr. Speaker, I rise today to pay tribute to Andrew College as it celebrates its 160th anniversary on January 15, 1854. Andrew College is a small, two-year college in rural Southwest Georgia dedicated to meeting the needs of students as a mission of the United Methodist Church.

Approved by the Georgia General Assembly on January 15, 1854, Andrew's charter granted women access to college degrees 66 years before they were allowed to vote, making it the second-oldest educational institution in the nation to grant degrees to women. It was originally named Andrew Female College and operated as a women's four-year college for 63 years until 1917, when it became a junior college. In 1956, the institution became co-educational.

During its 160 years, the College has met its fair share of obstacles; it acted as a Confederate hospital during the Civil War and suffered a devastating fire to the campus in 1892. However, the school was rebuilt and revived by members of the community, and today it

helps students overcome obstacles of their own. Andrew prides itself on its history of providing an education to low-income and at-risk populations of Southwest Georgia, and teaches that life's challenges are often the catalyst for life's triumphs.

Under the current leadership of President David Seyle, Andrew continues to grow as an educational and spiritual leader in the Southeast, providing an academically challenging liberal arts curriculum within a nurturing community. Dr. Seyle and his administration work tirelessly to cultivate a new generation of leaders who welcome life's challenges with empathy and justice. As a champion of affordable education, Andrew College is an outstanding example of compassionate leadership and perseverance.

Mr. Speaker, I ask my colleagues to join me today in honoring Andrew College for achieving this historic milestone of 160 years, and for its commitment to higher education. I look forward to continuing to work with the administration, faculty and students to maintain Andrew's great legacy of personal, academic, and spiritual development.

H.R. 3362, THE EXCHANGE
INFORMATION DISCLOSURE ACT

HON. GENE GREEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 15, 2014

Mr. GENE GREEN of Texas. Mr. Speaker, I rise today to express my opposition to H.R. 3362, the Exchange Information Disclosure Act, which is yet another effort to undermine the Patient Protection and Affordable Care Act.

The Exchange Information Disclosure Act requires weekly reporting by the Department of Health and Human Services on health insurance enrollments through HealthCare.gov and any and all problems consumers experience when using the website.

While I support strong congressional oversight through sufficient reporting and transparency, the reporting required by this bill is overly burdensome, unfunded, and in excess of requirements for other public or private programs. And it includes another attack on navigators charged with enrolling uninsured and underinsured Americans in the new exchanges.

If this bill was a sincere effort to improve or build upon the landmark health care reform law, then it should have gone through the committee process. Instead, it was crafted to further bog down HHS and make the implementation of the ACA as difficult as possible.

Congress should be using our time to work on legislation to improve the historic law so that millions of Americans can take full advantage of affordable coverage and the landmark reforms and protections included in the ACA, rather than another attempt to delay and derail health care reform.
