

me: show us the text, show Members of Congress the text, show our staff the text, show the public the text.

If this deal is as good as they have promised, then show us how great it is; but if this is nothing more than warmed over fast track or something else that is going to cost us jobs and depress our wages, then that is usually when this procedure is put in place. No offense to this President or to any President, but Congress has to have its say on fast track.

I just want to commend you, again, for doing this. I just wanted to come by for a very few minutes to talk about that, but as this procedure could be coming before us in the coming month or months, we have to be ready.

We are going to work together, as we have been, to make sure we do everything possible to make sure the public knows what is in this deal, and that means Congress has to have our say, and that is why we have to oppose fast track.

Again, I thank the gentleman for this time. I continue to look forward to working with you on this issue.

Mr. TONKO. Thank you, Representative POCAN. I again urge the general public out there to engage in this process. Let your Representative know if you believe we should have overview authority and that we should have the chance to know what is in these negotiated agreements.

This affects our American economy, the American Dream. It is about jobs. It is about wages. It is about critical labor standards. It is about critical environmental standards. We can make it happen. We can work on trade issues and have fair trade out there that will grow our economy and grow the American Dream for America's working families.

With that, Mr. Speaker, I yield back the balance of my time.
