ADDITIONAL STATEMENTS

CONGRATULATING JOHN DONATO

• Mr. KING. Mr. President, I wish to congratulate John Donato of Smithfield, ME, for his achievements in coaching over the past 45 years. His hard work for girls' basketball teams across the State led to an impressive 500th win this past December, placing him in an exclusive club of extraordinary coaches. The season finished on a high note for his Lawrence High School team with a State championship win, marking his fifth State championship title over the course of his career.

Mr. Donato's coaching record is stunning. While he passed the 500 mark for basketball wins in December and now has 514, he has a grand total of 1,247 wins across all sports. His longest winning streak with a basketball team was an incredible 88 games. Mr. Donato has a long history of excellence in sports, from playing at the Boston Garden in semifinals games as a shooting guard in high school to bringing teams to wins as a coach at Houlton, Messalonskee, Mount View, Hall-Dale, and Lawrence High Schools. After attending Ricker College, Mr. Donato spent an impressive 18 years coaching basketball and 25 years coaching baseball at Houlton alone.

While he was coach, the Houlton girls' basketball team won nine Eastern Maine Class B titles in 11 years and four State championships in 6 years. They had 261 wins overall. On top of that, his baseball team won two Eastern Maine titles, with 324 wins overall, and the golf team won two State championships. Mr. Donato then moved to central Maine, and after a year coaching at Hall-Dale High School, he began coaching at Messalonskee High School. There his team went 17-1 during his first season, a major turnaround from their 5-13 run the previous year. He would spend 8 years at Messalonskee, followed by 4 years at Mount View High School, and then began coaching girls' basketball at Lawrence in 2010. The girls' State championship victory this year marks Lawrence's first in 21 years.

I am not the first to recognize Mr. Donato's great achievements. He was the McDonald's All-Star Coach of the Year 12 times, Eastern Maine Class B Coach of the Year 8 times, Kennebec Valley Athletic Conference Coach of the Year 4 times, and State of Maine Girls' Basketball Coach of the Year 5 times.

Mr. Donato is not only a coach, but also a teacher and former business owner, now in his 14th year teaching science at Lawrence High School. In each respect, he has proven a strong

commitment to his community. Whether in the gym or the classroom, Mr. Donato brings knowledge of leadership and team building that is invaluable for our students. I am proud to represent people such as Coach Donato, an outstanding citizen of Maine, in the U.S. Senate. On the occasion of his 500th win and fifth State championship title, I extend my congratulations to him and the teams he has coached over the years.●

KENNEBUNK ROTARY CLUB 90TH ANNIVERSARY

• Mr. KING. Mr. President, I wish to honor the many years of service provided by the Kennebunk Rotary Club, which is now entering its 90th year as an integral part of the Kennebunk community. The Kennebunk Rotary Club is an organization founded on a steadfast dedication to "Service Above Self", a motto that I believe we should all strive to fulfill.

I have had the privilege of speaking with rotary members on multiple occasions and I value their insight as important members of their local communities. I have also attended a number of rotary club meetings in Maine and as the son of a rotarian I have seen firsthand the positive impact that Rotary International has on communities in Maine and across the country.

For generations, local students, families, seniors, and people around the world have benefited from the Kennebunk Rotary Club and the many charitable events that it hosts annually. Indeed, some of these events have been a source of Kennebunk pride for years. These include cyber-crime awareness trainings for seniors, a 5K every summer, and a Christmas party to provide gifts for children who otherwise wouldn't have any under the tree.

In addition to these community events, the Kennebunk Rotary Club sponsors philanthropic programs such as the club's annual scholarship fund, which provides several local high school seniors with up to a \$1,500 to cover some college expenses. Scholarship programs such as the Kennebunk Rotary Club's open the door to success for Kennebunk graduates. The first recipient of this scholarship, Thomas Putnam, demonstrates the success of the program. Several years after he received his scholarship funds, he joined the Kennebunk Rotary Club and is today the director of the John F. Kennedy Presidential Library in Massachusetts.

Finally, the Kennebunk Rotary Club has been able to extend their love of community beyond the bounds of their scenic hometown, crossing international borders to help those in need. After a train carrying crude oil exploded in the small town of Lac-Mégantic, Quebec, the Kennebunk Rotary Club and the rest of Rotary International District 7780 sprang into action. They helped raise over \$25,000 in donations, which was used to provide

400 children with Christmas presents. It was my pleasure to work with Rotary International and U.S. Customs to ensure that those gifts arrived safely in Lac-Mégantic. Through collaboration and a little hard work, the Kennebunk Rotary Club was able to make a huge impact on the lives of many.

I would like to again thank the Kennebunk Rotary Club, and congratulate them on their 90 years of dedication to "Service Above Self." Their investment in Kennebunk, the great State of Maine, and communities across the globe has had a great effect on students, families, and seniors and will continue to open the doors of opportunity for years to come.●

RECOGNIZING RxIMPACT DAY

• Mr. TESTER. Mr. President, I recognize the seventh annual RxIMPACT Day on Capitol Hill. This is a special day where we recognize pharmacies' contribution to the American healthcare system. This year's event organized by the National Association of Chain Drug Stores, takes place on March 25-26. Nearly 400 individuals from the pharmacy community—including practicing pharmacists, pharmacy school faculty and students, State pharmacy leaders and pharmacy company executives—will visit Capitol Hill. They will share their views with Congress about the importance of supporting legislation that protects access to community and neighborhood pharmacies and that utilizes pharmacists to improve the quality and reduce the costs of providing health care.

Advocates from 45 States have traveled to Washington to talk about the pharmacy community's contributions in over 40,000 community pharmacies nationwide. These important health care providers are here to educate Congress about the value of pharmacists and protect access to the essential services they provide as part of our health care delivery system. And just as these providers traveled to meet with us, Members of Congress and their staff have toured retail chain pharmacies in our own communities more than 325 times since 2009.

As cochair of the Senate Community Pharmacy Caucus, I recognize that the local pharmacist is a trusted, highly accessible health care provider deeply committed to providing the highest quality care in the most efficient manner possible. Patients have always relied on their local pharmacist to meet their health care needs.

As demand for health care services continues to grow, pharmacists have expanded their role in health care delivery, partnering with physicians, nurses and other health care providers to meet their patients' needs. Innovative services provided by pharmacists do even more to improve patient health care. Pharmacists are highly valued by those that rely on them most—those in rural and underserved areas, as well as

older Americans, and those struggling to manage chronic diseases. Pharmacy services improve patients' quality of life as well as health care affordability. By helping patients take their medications effectively and providing preventive services, pharmacists help avoid more costly forms of care. Pharmacists also help patients identify strategies to save money, such as through better understanding of their pharmacy benefits, using generic medications, and obtaining 90-day supplies of prescription drugs from local pharmacies.

Pharmacists are the Nation's most accessible health care providers. In many communities, especially in rural areas, the local pharmacist is a patient's most direct link to health care. Eighty-nine percent of Americans reside within a 5-mile radius of a community pharmacy. Pharmacists are one of our Nation's most trusted health care professionals. Utilizing their specialized education, pharmacists play a major role in medication therapy management, disease-state management, immunizations, health care screenings, and other health care services designed to improve patient health and reduce overall health care costs. Pharmacists are also expanding their role into new models of care based on quality of services and outcomes, such as accountable care organizations, ACOs, and medical homes.

As we refine health care reform and seek new strategies to improve patient care, pharmacists will play a critical role. I believe Congress should look at every opportunity to make sure that pharmacists are allowed to utilize their training to the fullest to provide the services that can improve care and lower costs. In recognition of the seventh annual RxIMPACT Day on Capitol Hill, I would like to congratulate pharmacy leaders, pharmacists, students, executives, and the entire pharmacy community, for their contributions to the good health of the American people.●

MESSAGE FROM THE PRESIDENT

A message from the President of the United States was communicated to the Senate by Mr. Williams, one of his secretaries.
