THE JOURNAL

The SPEAKER pro tempore. The unfinished business is the question on agreeing to the Speaker’s approval of the Journal, which the Chair will put de novo.

The question is on the Speaker’s approval of the Journal.

Pursuant to clause 1, rule I, the Journal stands approved.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 21

Mr. SENSENBRENNER. Mr. Speaker, I ask unanimous consent that the gentleman from Nebraska (Mr. SMITH) be removed as a cosponsor of H.R. 21.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

ADJOURNMENT FROM FRIDAY, MAY 1, 2015, TO TUESDAY, MAY 5, 2015

Mr. SENSENBRENNER. Mr. Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet at 11:30 a.m. on Tuesday, May 5, 2015.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

HONORING SHIRLEY VERDE AS VILLAGE OF PINECREST POLICE DEPARTMENT’S OFFICER OF THE FIRST QUARTER OF 2015

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, today I rise to recognize police officer Shirley Verde on being named the Village of Pinecrest Police Department’s Officer of the First Quarter of 2015.

Officer Verde has consistently shown her commitment to her community and her fellow officers through her professionalism and dedicated service. She also has proven herself as an invaluable member of the Pinecrest police DUI enforcement program.

A perfect example: in the early morning hours of March 1 of this year, Officer Verde successfully and safely resolved a situation where an impaired driver was traveling in the wrong direction on heavily trafficked U.S. 1. There is no doubt that her quick and decisive actions saved many lives.

Officer Verde is incredibly worthy of this honor, and I thank her for her dedication and service to the people of my hometown, the Village of Pinecrest.

STEM TO STEAM RESOLUTION

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, earlier today, I introduced the STEM to STEAM Resolution. We all know how important science, technology, engineering, and mathematics is to our system of education, but it is also important that we recognize that art and design are critical and complementary to

the traditional STEM fields. This is what my resolution accomplishes.

Art and design are key parts of the innovative process, and I urge all of my colleagues to keep this in mind as we consider education legislation. In classrooms and laboratories across the country, the innovative nature of art and design play an essential role in improving STEM education and advancing STEM research. In my home State, the Rhode Island School of Design continues to be a leader in this field, and I commend their efforts to unlock our full creative potential.

STEAM is a strategy for investing in job creation and ensuring that we have the best educated and creative college graduates on the planet. It is wonderful to see a growing interest in STEAM, and I hope we can turn this energy into policy changes this Congress.

#### HONORING THE HARD-WORKING MEN AND WOMEN OF THE OIL FIELDS OF WEST TEXAS

(Mr. CONAWAY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CONAWAY. Mr. Speaker, I rise today in support of the hard-working men and women of the oil patches of west Texas. I have lived most of my life around those oil fields. I grew up in Odessa, Texas, where my dad was a roughneck. I have seen up close the hard work these good men and women do and the risks they face every day.

These individuals, from wildcatters to roustabouts and roughnecks and company men and women, have led the charge in the American energy revolution. Each has played an integral part in rewriting America's energy story and changing our Nation's course toward energy independence.

We have witnessed the impact of their strong entrepreneurial spirit and innovative technological advances that have grown our economy, created jobs, and bolstered our national security. We depend on their exhaustive and dangerous work to power our homes, pave our roads, fuel our cars, farm our lands, and everything in between that keeps this Nation running.

It is imperative that Congress support energy policies that are as adaptive and innovative as these hard-working men and women. Our policies must cut through bureaucratic red tape to encourage exploration here at home, reduce job-killing regulations, and repeal the antiquated crude oil export ban of a bygone era.

To that end, I am introducing H. Res. 243 that will pledge the House's support to these criteria. I hope my colleagues will join me in this show of support for a hard-working industry.

#### HONORING JANE PHIPPS FOR 30 YEARS OF SERVICE TO THE HOUSE OF REPRESENTATIVES

(Mr. VEASEY asked and was given permission to address the House for 1 minute.)

Mr. VEASEY. Mr. Speaker, in April 1985, Jane Phipps began her first job as a receptionist for the office of John Murtha at the age of 19.

Mr. Speaker, I rise today to honor Jane Phipps for her 30 years of service to the United States House of Representatives. Jane Phipps has seen many historical and great Members move through the House of Congress here and has done a great job serving many Members honorably, but most of the time was spent working for Mr. Murtha for 25 years until he passed. After that, Jane continued her service with Congressman Mark Critz, and then she joined my office in 2013, which was my freshman year.

Jane is known in the office and around the House as someone who is very caring, very committed and passionate about her work, and she loves Maryland and knows so much about the history of the hometown where she is from. She has a great sense of humor and love of her family, including her father, who served honorably in World War II in the Marines.

I would like to take this moment to thank Jane Phipps for 30 years of service to the House and to personally thank her for all of her hard work for so many Members, including myself.

Our office has benefited greatly from her presence.

#### TOMORROW'S SOUTH DADE

(Mr. CURBELO of Florida asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CURBELO of Florida. Mr. Speaker, I rise today in strong support of the work being done to rejuvenate the South Dade neighborhoods in Florida's 26th Congressional District. Prepared by more than 300 residents and businesses, the plan entitled "Tomorrow's South Dade" is a community-driven effort to provide a vision for the future of the region over the next several decades.

South Dade has a rich history based in agriculture and military and is home to one of our country's great natural treasures, Everglades National Park. The leaders of Tomorrow's South Dade program have established nine committees to focus on different areas in which to strengthen the economy, including infrastructure, agriculture, and education.

I commend the bold leadership of Homestead Mayor Jeff Porter and Florida City Mayor Otis Wallace, and with the help of Bill Durquette of Homestead Hospital and Bob Epling of Community Bank of Florida, I am confident local government and businesses can work in unison for the betterment of our community.

I look forward to working with my colleagues in Congress to promote Tomorrow's South Dade and ensure future generations have a community they are proud to call home.

#### REMEMBERING ROCHELLE TATRAI RAY

(Mr. JOLLY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOLLY. Mr. Speaker, I rise today to extend my deepest condolences and those of Florida's 13th Congressional District to the family and friends of Rochelle Tatrai Ray. No words can truly convey the loss that has been felt since Rochelle's most tragic passing.

Rochelle was the president and CEO of Gulf Coast Jewish Family & Community Services and had been with the agency for 12 years. She was responsible for managing the organization's 600 employees, working with 60 different programs, covering 32 counties of the State of Florida.

She worked tirelessly to help those with serious physical disabilities and impacted many families around the country as an advocate for children's mental health policies. She frequently spoke around the country to share her passion for the welfare of children.

Rochelle's life was tragically cut short in an abhorrent case of domestic violence last December. Rochelle was just 46 years old. I wish to honor the life of Rochelle, who is survived by her two daughters, Marisa and Selena; her parents, Louis and Gai Linn Tatrai; and her sisters, Dana and Gai Linn. Rochelle will be greatly missed, but her memory will live on through those she has touched and influenced throughout her life.

May God bless Rochelle Tatrai Ray; may God bless her family, and may God bless the family of Gulf Coast Jewish Family & Community Services.

#### CELEBRATING THE CENTENNIAL OF WILLCOX, ARIZONA

(Ms. MCSALLY asked and was given permission to address the House for 1 minute.)

Ms. MCSALLY. Mr. Speaker, I rise to recognize the people of Willcox, Arizona, in my district, on their city's upcoming 100 years of incorporation on May 3.

Willcox is rich in history of the Southwest. Incorporated in 1915, the city was founded over 30 years earlier as a construction camp of the Southern Pacific Railroad. The railroad contributed greatly to Willcox's development as one of America's busiest ranching towns. In 1936, Willcox shipped more cattle directly from the range than any other shipping point in the U.S., and ranching is still an important part of that community today.

The city is the birthplace of Rex Allen, known as the Arizona Cowboy, and is home to the Headquarters Saloon, where the youngest of the fabled Earp brothers, Warren, was killed.

Today, the city lies at the heart of the region's blossoming wine industry, where three-quarters of all wine grapes produced in Arizona are grown.
