

already seeing its impacts across the country. But it also provides economic opportunity, if we invest in R&D to develop new renewable sources and efficiency technologies. This bill would jeopardize American innovation in this critical area.

Today's bill also meddles in decision-making at our federal research institutions, decreasing funding at certain directorates at the National Science Foundation and imposing new requirements in the grant-making process. Our science agencies have a robust review process in place to fund the most critical research. Politics should have no part in that process.

Unlike earlier America COMPETES bills that were built on broad consensus, HR 1806 is opposed by the vast majority of our nation's scientific community. I urge my colleagues to listen to these scientists and bring forward a bill that invests in American innovation and supports the cutting-edge research necessary to maintain our leadership in the world.

SUPPORTING THE PEOPLE OF NEPAL

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 21, 2015

Mr. POE of Texas. Mr. Speaker, after the massive earthquake shook Nepal, Eric Jean and Della Hoffman were stranded on a remote trail with a group of other backpackers. Friends of theirs from their time in college at Rice University, which is in my district, contacted my office for help. We worked with the State Department to set them free. Five days after the earthquake, Special Forces came to the village and rescued them.

Ms. Hoffman would later recall, "I don't think we even knew what was happening until some of the villagers ran out of the hut and then, immediately after that, the boulders just started coming down from both sides of the canyon, including into the village and on top of the houses."

Six U.S. Marines and two Nepalese soldiers sacrificed their lives attempting to save others just like Eric and Della when their helicopter crashed.

I stand with my colleagues in support of House Resolution 235, and urge the administration to work with the Nepal government and the international community to deliver aid quickly, easily, and with long-term rebuilding in mind.

And that's just the way it is.

HONORING BUENA VISTA WINERY'S WINE TOOL MUSEUM

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 21, 2015

Mr. THOMPSON of California. Mr. Speaker, I rise today to recognize Buena Vista Winery on the occasion of the opening of their new, first-of-its-kind Wine Tool Museum. The oldest premium winery in the United States, Buena Vista has been in operation since 1857 when a Hungarian immigrant, Count Agoston Haraszthy, established the vineyards and built

the winery. Over the intervening years, the winery has had a colorful history, passing through many hands before ultimately being purchased by Jean-Charles Boisset in 2011. Boisset immediately hatched a plan to turn the property around that eventually culminated in the creation of the Wine Tool Museum, which officially opened to the public on March 24, 2015.

The Boisset family already had an impressive wine tool collection when Jean-Charles's sister encountered a man in Burgundy looking for a buyer for his enormous thirty thousand item collection of wine tools. With the combination of Boisset family implements and the new acquisitions, the Museum's collection encompasses items as diverse as antique plows and blades, secateurs, and wine harvest baskets.

Along with its impressive collection of tools, the Museum guides visitors through history with an educational film that traces winemaking in the region from the early days of Haraszthy through the plague of phylloxera. The first of its kind museum tells the story of California's wine community. People will not only be able see, but also learn about, the tools that brought wine from the vine to the bottle a century and a half ago.

Mr. Speaker, it is fitting and proper that we honor Buena Vista Winery at this time. Its commitment to not only preserving viticultural history, but demonstrating the evolution of the profession, will help increase awareness and appreciation for California and Sonoma's long history of winemaking.

RECOGNIZING THE SERVICE OF DEPUTY SHERIFF JOSE ALVARADO

HON. JOHN KATKO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 21, 2015

Mr. KATKO. Mr. Speaker, I rise today to recognize the service of José "Joey" Alvarado to the community of Wayne County, New York. Deputy Sheriff Alvarado has given 30 years of dedicated service to the Wayne County Sheriff's Office. In his role as Deputy Sheriff, he has played an essential role in safeguarding the rights and freedoms of the residents of his county.

Throughout his 30 years of service to the Wayne County Sheriff's Office, Deputy Sheriff Joey Alvarado has consistently performed with professionalism and dedication, working towards the goal of making his community a safer place.

Since 1985, Deputy Sheriff Joey Alvarado has served as a Jailer/Dispatcher, Correction Officer, and Deputy Sheriff. During his tenure as Deputy Sheriff, he was also assigned to the Sheriff's Office Special Investigation Unit. He has made an outstanding contribution through his career as Deputy Sheriff to the quality of life for all Wayne County residents.

I commend Deputy Sheriff Alvarado's sacrifice and contribution to the Wayne County community and wish him the very best in his retirement.

HONORING PENNSYLVANIA CYSTIC FIBROSIS, INC. (PACFI)

HON. TOM MARINO

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 21, 2015

Mr. MARINO. Mr. Speaker, I rise today in order to congratulate Pennsylvania Cystic Fibrosis, Inc. (PACFI) for 30 years of work in raising Cystic Fibrosis awareness and funding Cystic Fibrosis research efforts. PACFI is an independent, non-profit, all volunteer organization that provides crucial services and much needed support for Pennsylvania families affected by Cystic Fibrosis.

PACFI was founded on October 2, 1985. The PACFI organization is unique in that they do not have a paid staff and operate solely with volunteers. This allows PACFI to use 100% of donations they receive to provide benefits for Pennsylvania families such as paying for emergency and other medical expenses.

PACFI also works to fund Cystic Fibrosis research around the country. To date, they have raised more than \$565,000 for institutions and universities that are on the leading edge of Cystic Fibrosis research. These donations are helping to discover better treatment options and will hopefully lead to a cure.

PACFI is doing excellent work in Pennsylvania on one of the most common and fatal genetic diseases. Cystic Fibrosis affects approximately 1 in 2000 people and their life expectancy is only 35 years. I commend PACFI for doing great work in the field of Cystic Fibrosis research and supporting families that need assistance with the costs of Cystic Fibrosis treatment.

CONGRATULATING SOFIA VICTORIA DE LA PENNA ON FOUNDING THE FIT KIDS DAY NON-PROFIT

HON. MARIO DIAZ-BALART

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 21, 2015

Mr. DIAZ-BALART. Mr. Speaker, I rise today to congratulate Sofia Victoria de la Pena on her work founding Fit Kids Day, and establishing the group in the South Florida community.

Sofia Victoria was a ninth grader at Carrollton School of the Sacred Heart in Coconut Grove, FL when she recognized an increased need for health programs for children. She wanted to add to the work being done to combat childhood obesity, and came up with a plan. Her idea was an entire day focused on fitness, which became known as Fit Kids Day.

To get the event started, Sofia Victoria reached out to leading students at other schools to be ambassadors for the program. The students walked throughout their neighborhoods, to spread awareness for the event and attract community support. Local businesses chipped in to help with the first event, providing services and food to the participants, which were offered free of charge. Since the first Fit Kids Day, the program has expanded, and multiple cities have organized their own events. In these cities, mayors or city managers organize a day of activities that are popular in their area.
