

Then in 1974, Congress passed a little piece of legislation called Jackson-Vanik, which helped put pressure on the Soviet Union to remove its emigration restrictions. When this happened, Dr. Brin reached out to Dr. Kirwan and said: "Do you think you can help me?" And boy, did Dr. Kirwan help him out.

Thanks to the work of Dr. Kirwan and the USM Board of Regents, not only could Dr. Brin get out of Russia, he was able to come to the University of Maryland. With him, Dr. Brin brought his son Sergey. Sergey was a brilliant little boy—some may even say a bit difficult. He was so smart that he was able to graduate from College Park in 1993 at the age of 17. From there, Sergey went on to Stanford where he worked out of one of those garages we all hear about.

Well, the rest is history. Sergey Brin, of course, is Google. And had it not been for Dr. Kirwan meeting Dr. Brin, Congress doing Jackson-Vanik, the University of Maryland providing a home for Dr. Brin, we would not have Google. I think that is a fabulous story that shows what good immigration policy can do, and also what a gifted, talented, and dedicated humanitarian Dr. Kirwan is.

Though he changed the world, what has never changed is the man himself. Dr. Kirwan is a man we admire, a man we respect, and a man we value. It is safe to say that Dr. Kirwan is a man we have such affection for, for his passion for education, for his deep concern and caring for our students. For Dr. Kirwan, it was never about building buildings, it was about building a future for our young people and for the great State of Maryland.

Dr. Kirwan, there will never be enough "thank you's" in the world but: thank you, thank you, thank you for your determination and dedication to making Maryland a better place. We will all miss you dearly but wish you much success in your retirement.●

RECOGNIZING SAFE HAVEN ENTERPRISES

● Mr. VITTER. Mr. President, small businesses are often on the forefront of innovation and safety. American entrepreneurs create and take advantage of opportunities to transform the ways in which we secure our property, aid in natural disasters, and protect our families. This week I would like to recognize Safe Haven Enterprises of Jennings, LA as Small Business of the Week.

In 1998, Alta Baker founded Safe Haven Enterprises, SHE, with the goal of providing strong buildings and mobile units that would protect folks and their property in times of disaster. Today, SHE has grown into an enterprise that produces 22 different types of structures ranging from office complexes to ballistic-resistant doors to first response units for natural disasters. In order to ensure that SHE's manufacturing can withstand various

environments, including hurricane-strength weather and direct RPG attacks, each product has been field tested since 2003, providing exceptional security and peace of mind for U.S. embassies, government facilities, offshore oil rigs, electric companies, and private homes in Louisiana and around the world. Most recently, SHE buildings have been tested in conflict areas in the Middle East—protecting scores of American military personnel and property.

Safe Haven Enterprises is located in a U.S. Small Business Administration Historically Underutilized Business Zone, or HUBZone, and has aided the local economy through the creation of high-quality, technical jobs in Southwest Louisiana. SHE president and CEO Alta Baker has received numerous recognitions, including the 2014 Women in Construction NYC's Outstanding Woman Business of the Year award and the 2010 U.S. Chamber of Commerce Faces of Trade Award. SHE also holds numerous certifications from institutions such as the U.S. Department of State, the U.S. Coast Guard, and the Canadian Standards Association certifications for many of its technical structures.

Congratulations again to Safe Haven Enterprises for being selected as Small Business of the Week. Thank you for your commitment to producing safe, reliable shelters for the greatest times of need.●
