The result of the vote was announced as above recorded.
A motion to reconsider was laid on the table.

PULMONARY FIBROSIS AWARENESS MONTH

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, September is Pulmonary Fibrosis Awareness Month and a time to shine a light on a disease that is deadly. While some may not be familiar with pulmonary fibrosis, approximately 200,000 Americans suffer from the disease.

This serious illness takes the lives of 40,000 Americans every single year, which equates to about one death every 13 minutes. That is the same mortality rate as breast cancer.

There is no known cure for pulmonary fibrosis. There is no known treatment to extend the life of a pa-

tient or improve the symptoms. As a result, the median survival rate is just 2½ years, and as many as 80 percent of patients die within 5 years of diagnosis.

Mr. Speaker, we have an opportunity to bring attention to this serious illness that affects so many. With more research and a renewed commitment, we will find a cure to this deadly disease, and I will keep working to make this a reality.

CONFECTIONARY INDUSTRY

(Mr. DANNY K. DAVIS of Illinois asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DANNY K. DAVIS of Illinois. Mr. Speaker, the confectionary industry directly employs 70,000 people in the United States and more than 400,000 jobs in agriculture, retail, transportation, and other industries that rely, in part, on the sale of confections for their livelihood.

For every job that is created in confectionary, another six are supported in related industries, which means that candy drives a multiplier effect of 6 to 1.

Chicago was once known as the candy capital of the world. However, due to an unfair sugar program, many decent and good-paying manufacturing jobs are now located outside the United States.

The candy industry is comprised of hundreds of small- and medium-sized family-owned businesses, as well as the multinational companies with global brands that operate more than 1,000 manufacturing facilities in all 50 States.

The confectionary industry is doing its part to help address the ongoing conversation about food and nutrition, policy wellness, and food safety. NCA member companies are providing consumers with the information options and support they need to make the choices that are right for them.

Candy helps to make America just a little sweeter.

WELCOMING POPE FRANCIS

(Mr. HILL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HILL. Mr. Speaker, next week, the Holy Father, Pope Francis, will make his historic trip to the United States. I ask that all Americans join me in welcoming the Holy Father, both as Pope and as a man. This is Pope Francis' first visit to the United States ever and will be the first time in history that a pope will address a joint session of the Congress.

The Pope's message to fight against complacency and corruption and to help those in poor communities have resonated with the American people and invigorated Catholic communities throughout our country.

I am eager for the Pope to see the United States of America, her people at
