

## EXTENSIONS OF REMARKS

### RECOGNIZING THE DUNES 50TH ANNIVERSARY

**HON. PETER J. VISCLOSKY**

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 5, 2015*

Mr. VISCLOSKY. Mr. Speaker, it is with great pleasure and tremendous pride that I recognize the 50th anniversary of the Indiana Dunes National Lakeshore. The Indiana Dunes National Lakeshore is dedicated to preserving the lands along the southern shore of Lake Michigan that are protected within the park's boundary. Since its inception in 1966, the Indiana Dunes National Lakeshore has acquired and maintained over 15,000 acres of land and, in doing so, it provides a home for endangered plants and animals to thrive as well as a rich natural resource for residents of, and visitors to, Northwest Indiana to enjoy. On November 5, 2015, the Indiana Dunes National Lakeshore launched its 50th anniversary celebration, which will run through the end of 2016.

The Indiana Dunes long served as a destination for those weary of city life to escape and reconnect to nature at the turn of the twentieth century. Chicagoans in particular found respite among the shoreline, seeking peace among the valleys of the tranquil sand dunes. In 1896, University of Chicago botanist Henry Chandler Cowles traveled to Indiana and discovered the Indiana Dunes for the first time, where he found conditions to be an ideal location to study the relationship between plants and their environment. His observations documented the unique ecology of this region, laying the foundation upon which future organizations would base their arguments for protecting this resource from industrial development by designating it as a national park.

Following the appointment of Stephen Mather as the first director of the National Park Service, hearings were held in Chicago in 1916 to weigh public opinion on the creation of "Sand Dunes National Park." Over 400 people were in attendance at this meeting and forty-two people spoke in favor of the proposal. There were no opponents to the proposal, but the United States' entry into World War I changed national priorities, and plans for the park were shelved. The Great Depression followed the war, and many worried a national park that would allow for the preservation of the dunes would never come to fruition.

Post World War II America saw much growth in industrial development, and Indiana moved to capitalize on this trend by seeking a deepwater port on Lake Michigan. Port construction would require the demolition of Central Dunes. In 1952, the Save the Dunes Council, now known as Save the Dunes, was created when a group of concerned citizens came together and took on the extraordinary task of establishing the Indiana Dunes National Lakeshore to protest the destruction of the dunes and protect the remaining dune complex along the shoreline. With support

from then-Senator Paul Douglas, and through the tireless efforts of many, including the Council's founder, Dorothy Buell, and activists Herb and Charlotte Read, Ruth and Ed Osann, and Sylvia Troy, as well as countless others who championed the cause, the Indiana Dunes National Lakeshore was established in 1966 when the 89th Congress passed a bill authorizing the preservation of eight miles of shore and 8,330 acres of parkland along the lake.

Throughout the last three decades, the Indiana Dunes National Lakeshore and Save the Dunes have worked tirelessly to secure the lands within the park boundary, increasing its holding to 15,000 acres. Today, people can enjoy a variety of landscapes inside the park such as dunes, wetlands, prairies, rivers, and forests. In the coming year, Indiana Dunes National Lakeshore will sponsor several events to celebrate its history, including a year-long lecture series, a science conference, and a youth poetry and art contest in honor of those citizens involved in the creation of the park.

Mr. Speaker, I ask you and my other distinguished colleagues to join me in commemorating the 50th anniversary of the founding of the Indiana Dunes National Lakeshore. Throughout the years, the staff and volunteers of the Indiana Dunes National Lakeshore, Save the Dunes, and other organizations have dedicated themselves to preserving the natural landscape of the Lake Michigan shoreline, and their passionate commitment to the park is worthy of the highest praise.

### SIMPSON HOUSE SESQUICENTENNIAL CELEBRATION

**HON. CHAKA FATTAH**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 5, 2015*

Mr. FATTAH. Mr. Speaker, on November 13, 2015, administrators of the Simpson House, the oldest existing retirement community in the world that is historically related to the United Methodist Church will celebrate its Sesquicentennial Anniversary; a significant milestone for the Simpson House and the City of Philadelphia.

Founded in 1865, in Philadelphia, wounded Civil War soldiers needed care. Memorialized in the Ladies' United Aid Society meeting minutes is the sentiment that compassionate Methodist women found themselves, called to work in spheres of which they had never dreamed or had the remotest idea. At the end of the Civil War, in 1865, Jane Henry, Simpson House Foundress knew experienced empowered volunteers could capably address other issues of their era. When she felt a call to ensure that aged individuals who had no money, no family and no means of supporting themselves had a safe and secure place to live, she did not sit idly by. Rather, she took decisive actions which would lead to a meet-

ing on June 14th 1865, and the founding of the Methodist Episcopal Home for the Aged, today known as Simpson House.

Dedicated volunteers and staff have led and guided the Simpson House since the beginning. They include its Founder, Jane Henry, Mrs. Ellen Holmes Verner Simpson and her husband Bishop Matthew Simpson who served as the second president and member of the Advisory Committee; Arthur & Anne Flanagan, unpretentious and generous donors; Margaret McKay Gerhart, volunteer and executive director; and The Rev. David W. Powell, Executive Director. Richard Coyle, RN, NHA, Simpson House Executive Director and Kim W. Williams, Simpson House Senior Services President and CEO are their successors and guardians of the mission.

Generous and ongoing support from many donors helps make commitment to high quality and dignified housing and health care services to the women and men of the Greater Philadelphia Region possible. The Simpson House continues its commitment to benevolent and charity care, a promise since its founding.

Today the Simpson House offers independent living apartments; personal care apartments; memory support and skilled nursing care, serving an average of three hundred senior adults per year. A committed and dedicated staff of more than three hundred employees provides these service and care.

The Simpson House Sesquicentennial Anniversary celebrates the fifteen decades of service. They are honored to serve residents who wish to share their lives and common interests in a caring and active setting. I urge this body to join with me in celebrating the Simpson House and the quality affordable care and accommodations it provides for Philadelphia's older adults.

### IN RECOGNITION OF MARK FOLEY

**HON. WILLIAM R. KEATING**

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 5, 2015*

Mr. KEATING. Mr. Speaker, I rise today to recognize the distinguished career of Eastham Fire Chief Mark Foley on the occasion of his retirement.

Chief Foley dedicated his professional life to public service as a firefighter and emergency services expert. Respected by all for his commitment, leadership, and professionalism, he will retire after serving his community for 28 years.

Beginning his career in the Yarmouth Fire Department, Chief Foley has proven himself a remarkable first responder, rising through the ranks to Lieutenant over the 18 years he spent in the department. He also served as the Deputy Director of the Barnstable County Fire Rescue Training Academy. Adding to his growing list of qualifications, Chief Foley took a position as the Deputy Chief of the Eastham Fire Department before ascending to the position of Chief in 2013.

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

Firefighters are a pillar of strength, bravery, and poise in our society. They routinely risk their lives to protect our neighborhoods, safeguard our families, and provide urgent aid to those who need it most. Over the course of his impressive career, Chief Foley has demonstrated an unwavering devotion to these ideals and our communities are safer as a result.

Mr. Speaker, please join me in recognizing Eastham Fire Chief Mark Foley for over 28 years of distinguished public service. I ask that my colleagues join me in honoring all that Chief Foley has done for our community and wish him the best of luck in his future endeavors.

FUSION CENTER ENHANCEMENT  
ACT OF 2015

SPEECH OF

**HON. MICHAEL T. MCCAUL**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, November 2, 2015*

Mr. MCCAUL. Mr. Speaker, I submit the following exchange of letters between the Committee on Homeland Security and the Transportation and Infrastructure Committee, regarding H.R. 3598, for the record.

HOUSE OF REPRESENTATIVES, COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,  
*Washington, DC, November 2, 2015.*

Hon. MICHAEL T. MCCAUL,  
*Chairman, Committee on Homeland Security, Washington, DC.*

DEAR CHAIRMAN MCCAUL: I write concerning H.R. 3598, the "Fusion Center Enhancement Act of 2015." This legislation includes matters that I believe fall within the Rule X jurisdiction of the Committee on Transportation and Infrastructure.

In order to expedite floor consideration of H.R. 3598, the Committee on Transportation and Infrastructure agreed to forgo action on this bill despite the fact that the Parliamentarians were unable to fully litigate the jurisdictional question. However, this was conditional on our mutual understanding that forgoing consideration of the bill would not prejudice the Committee with respect to the appointment of conferees or to any future jurisdictional claim over the subject matters contained in the bill or similar legislation that fall within the Committee's Rule X jurisdiction.

I request that you please place a copy of this letter and your response acknowledging our jurisdictional interest into the Congressional Record.

Sincerely,

BILL SHUSTER,  
*Chairman.*

HOUSE OF REPRESENTATIVES,  
COMMITTEE ON HOMELAND SECURITY,  
*Washington, DC, November 3, 2015.*

Hon. BILL SHUSTER,  
*Chairman, Transportation and Infrastructure Committee, Washington, DC.*

DEAR CHAIRMAN SHUSTER, Thank you for your interest in H.R. 3598, the "Fusion Center Enhancement Act of 2015." I appreciate your cooperation in refraining from requesting a sequential referral on this bill in the interest of allowing it to move expeditiously under suspension of the House Rules on November 2, 2015. Because H.R. 3598 has now passed the House, the Parliamentarians can no longer render an official decision as to

any jurisdictional claim the Transportation and Infrastructure Committee may have had.

I therefore acknowledge that the question of the Transportation and Infrastructure Committee's jurisdictional interest in a certain provision of H.R. 3598 has not been fully adjudicated and that no final decision as to that point was made. I further agree that the absence of a final decision will not prejudice any claim the Transportation and Infrastructure Committee may have with respect to this legislation in the future.

A copy of this letter will be entered into the Congressional Record.

Sincerely,

MICHAEL T. MCCAUL,  
*Chairman.*

HIRE MORE HEROES ACT OF 2015

SPEECH OF

**HON. BILL SHUSTER**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2015*

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 22) to amend the Internal Revenue Code of 1986 to exempt employees with health coverage under TRICARE or the Veterans Administration from being taken into account for purposes of determining the employers to which the employer mandate applies under the Patient Protection and Affordable Care Act:

Mr. SHUSTER. Mr. Chair, I submit the following exchange of letters between myself and Chairman LAMAR SMITH.

HOUSE OF REPRESENTATIVES, COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,  
*Washington, DC, October 30, 2015.*

Hon. LAMAR SMITH,  
*Chairman, Committee on Science, Space, and Technology, Washington, DC.*

DEAR CHAIRMAN SMITH: Thank you for your letter regarding H.R. 3763, the Surface Transportation Reauthorization and Reform Act of 2015. I appreciate your willingness to support expediting the consideration of this legislation on the House floor.

I acknowledge that by waiving consideration of this bill, the Committee on Science, Space, and Technology does not waive any future jurisdictional claim to provisions in this or similar legislation. In addition, should a conference on the bill be necessary, I would support your effort to seek appointment of an appropriate number of conferees to any House-Senate conference involving provisions within this legislation on which the Committee on Science, Space, and Technology has a valid jurisdictional claim.

I will include our letters on H.R. 3763 in the Congressional Record during House floor consideration of the bill. I appreciate your cooperation regarding this legislation, and I look forward to working with the Committee on Science, Space, and Technology as the bill moves through the legislative process.

Sincerely,

BILL SHUSTER,  
*Chairman.*

HOUSE OF REPRESENTATIVES, COMMITTEE ON SCIENCE, SPACE, AND TECHNOLOGY,  
*Washington, DC, October 30, 2015.*

Hon. BILL SHUSTER,  
*Chairman, Committee on Transportation and Infrastructure, House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: I write to confirm our mutual understanding regarding H.R. 3763,

the "Surface Transportation Reauthorization and Reform Act of 2015," which your Committee ordered reported on October 23, 2015. H.R. 3763 contains provisions within the Committee on Science, Space, and Technology's Rule X jurisdiction. However, in order to expedite floor consideration of this important legislation, the committee waives consideration of the bill.

The Committee on Science, Space, and Technology takes this action only with the understanding that the Committee's jurisdictional interests over this and similar legislation are in no way diminished or altered, and with the understanding that an amendment which includes provisions of H.R. 3585, the Surface Transportation Research and Development Act of 2015, will be supported by you when it is submitted to the Rules Committee and offered on the Floor.

The Committee also reserves the right to seek appointment to any House-Senate conference on this legislation, with the understanding that you will support such a request.

I would appreciate your response to this letter confirming this understanding, and would request that you include a copy of this letter and your response in the Congressional Record during the floor consideration of this bill. Thank you in advance for your cooperation.

Sincerely,

LAMAR SMITH,  
*Chairman.*

IN RECOGNITION OF CITIZENS FOR  
CITIZENS, INC.

**HON. WILLIAM R. KEATING**

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 5, 2015*

Mr. KEATING. Mr. Speaker, I rise today to recognize Citizens for Citizens, Inc. on its 50th anniversary.

Citizens for Citizens, a Community Action Agency, assists over 42,000 households in the Greater Fall River and Greater Taunton areas in Massachusetts every year by providing short term services that support families during financial crises through its Fuel Assistance, Food Pantry and Rental Assistance programs.

Founded in 1965 under the leadership of its first Executive Director, Edward J. (Jud) Sullivan, Citizens for Citizens opened a Head Start program to provide pre-school education programs for children ages 3 to 5. Recognizing the needs of its community, the programs were quickly expanded to include employment opportunities for individuals over the age of 55 through the Senior Aide Program, nutritional services through the Women, Infants & Children (WIC) feeding program, and utility mitigation opportunities through the Fuel Assistance and Weatherization program. By 1982, Citizens for Citizens had also started an After School and Family Day Care program and Retired Senior Volunteer Program.

Today, Citizens for Citizens is an ever-present and integral part of our community's fabric. Hardly a demographic is overlooked by its wide variety of new and continuing programs. In addition to its initial focus on education and employment opportunities, Citizens for Citizens also provides elderly individuals with an opportunity to earn additional income by working with children with special needs through the Foster Grandparent program, and
