

When she and Richard Cantrell first opened Cantrell and Green in 1971, their first office was a public phone booth on the corner of Broadway and Pine Avenue in downtown Long Beach. Later, good friend and union official, Tony Rodriguez from the United Rubber Workers Union, would offer them a small office at his Local.

Marilyn and Richard would go on to build Cantrell and Green into one of the most well-known and respected workers' compensation firms in Southern California. Their practice also included social security, labor law, and personal injury claims.

Not only did Marilyn Green talk the talk, she walked the walk. When asked why she would settle in a practice not as lucrative as other areas of practice, Marilyn said "If I wanted to make money, I would never have chosen a workers' compensation practice. However, I love and believe in what I do and that is why I became a lawyer."

Over the years, Marilyn was honored by many organizations, including being named as Long Beach Bar Association Lawyer of the Year.

She was a true professional in her work, a good friend to many, and a powerful force for good in our community who will be sorely missed.

RECOGNIZING THE TREZEVANT HIGH SCHOOL MIGHTY PURPLE BEARS ON WINNING THE TSSAA BLUECROSS BOWL DIVISION 1 CLASS 2A FOOTBALL STATE CHAMPIONSHIP

HON. STEVE COHEN

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Friday, December 18, 2015

Mr. COHEN. Mr. Speaker, I rise today to recognize the Mighty Purple Bears of Trezevant High School and Coach Teli White and his coaching staff on winning the TSSAA BlueCross Bowl Division 1 Class 2A Football State Championship game against Marion County High School on Saturday, December 5, 2015 in Cookeville, TN.

The Mighty Purple Bears were led by Jr. standout Running Back and Strong Safety Cordarrion Richardson, who carried the ball 41 times for 342 yards scoring 3 touchdowns and throwing for 1 touchdown. Cordarrion's play set a new state record by surpassing Omar Williams of St. George's 322 yards record set in 2011.

Under Coach White's leadership, Trezevant advanced to the championship game by defeating Oakhaven High School (Memphis, TN) 54-0, Douglass High School (Memphis, TN) 54-0, Manassas High School (Memphis, TN) 22-0, Trinity Christian Academy (Jackson, TN) 52-14, and Marion County High School (Jasper, TN) 40-35. The Mighty Purple Bears finished their season 12-3.

This is Trezevant's first state title. I am extremely proud of their academic and athletic success. I know the mighty Purple Bears will keep riding the waves of success and represent their community and the city of Memphis with pride. Go Purple Bears.

MILITARY CONSTRUCTION AND VETERANS AFFAIRS AND RELATED AGENCIES APPROPRIATIONS ACT, 2016

SPEECH OF

HON. GENE GREEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 17, 2015

Mr. GENE GREEN of Texas. Mr. Speaker, I rise in opposition to the H-2B riders included in the FY2016 Appropriations Omnibus. These provisions, which were included without debate or advanced warning, would more than triple the number of H-2B foreign worker visas available for the coming year, negatively impacting working families in districts like my own in Houston and Harris County, Texas.

The H-2B Program was created by Congress to provide temporary, nonagricultural workers for American companies when there were no qualified American workers available to fill a position. The Program, unfortunately, is not working as intended. Instead, it is being used by some employers to hire cheaper, foreign workers, leaving too many highly-skilled American workers out of a job.

Mr. Speaker, this is simply wrong and a terrible holiday surprise for the thousands of working families in our country who will be left out of a job next year by the expansion of the H-2B Program. These anti-worker provisions in this legislation will degrade wages and conditions for workers in hazardous industries and gut standards that ensure that U.S. workers can fairly compete for jobs.

I call on my colleagues to join me to protect American workers from unfair foreign worker competition and eliminate the expansion of the H-2B Program.

THE FAST ACT (H.R. 22)

HON. BETTY McCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Friday, December 18, 2015

Ms. MCCOLLUM. Mr. Speaker, after years of unnecessary delays and short term patches, I am pleased that Congress has finally passed a long term surface transportation bill that addresses the needs of our nation's crumbling infrastructure.

The FAST Act (H.R. 22) provides \$281 billion for highway, transit, and highway safety programs. This is \$26.8 billion above fiscal year 2015 levels and \$12.8 billion above what would have been allocated in the earlier House-passed version of the bill. For Minnesotans, this means a 5% increase in federal highway funding and an 8% increase for transit support.

H.R. 22 establishes two new initiatives that will provide dedicated federal funding specifically targeted at reducing freight bottlenecks around the country. This legislation promotes safety by boosting funding for railway-highway grade crossings, motor carrier safety grants, and includes \$200 million to help commuter railroads implement Positive Train Control. The FAST Act also reauthorizes the Ex-Im Bank, which aids small to medium-sized businesses in attracting new customers and provide critical resources necessary to export goods and services around the globe.

While I am disappointed that some of the funding levels in the conference agreement are not as robust as I would like, I recognize the importance of giving federal, state and local planners and contractors the long-term stability and resources necessary to repair our highways and bridges, prioritize rail, and pipeline safety, and grow our transit infrastructure as a whole. This is a significant accomplishment, and shows that it is possible for this Congress to work together in a bipartisan manner.

I urge my colleagues to join me in supporting this legislation and continuing to invest in American infrastructure.

MILITARY CONSTRUCTION AND VETERANS AFFAIRS AND RELATED AGENCIES APPROPRIATIONS ACT, 2016

SPEECH OF

HON. LUCILLE ROYBAL-ALLARD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 17, 2015

Ms. ROYBAL-ALLARD. Mr. Speaker, as the ranking member of the Appropriations Subcommittee on Homeland Security, I can attest that Division F of the bill before us today, which provides funds for the Department of Homeland Security, is the result of careful consideration, intense scrutiny, and bipartisan collaboration. I want to thank Chairman CARTER for his leadership and his partnership in crafting our portion of the bill.

The bill provides significant resources for critical priorities, including funding: to recapitalize the Coast Guard air and marine fleets; to fully fund FEMA's disaster relief activities, including wildfire management assistance grants, and to significantly enhance support for flood mapping and pre-disaster mitigation; to maintain funding for FEMA terrorism preparedness grants, including \$50 million in new funding to help communities counter violent extremism and prepare for complex, coordinated terrorist attacks; to allow the Secret Service to continue implementing the recommendations of the Protective Mission Panel; and to enhance cybersecurity across the federal government, along with significant additional funds to help protect DHS's own cyber systems.

I am pleased that the bill does not include the harmful immigration policy riders that were adopted during committee consideration of the House bill.

I am also pleased that the omnibus incorporates a number of amendments and priorities I fought for during the Appropriations Committee markups. These include my amendment with Congresswoman LEE which creates and funds a comprehensive, non-partisan child poverty study, and my amendment to defund the licensing or relicensing of Class B animal dealers who sell "random source" dogs and cats for use in research. It is also important to note that my colleagues and I were successful in preserving funding for the Agency for Healthcare Research and Quality (AHRQ) and the Corporation for National and Community Service (CNCS).

This funding bill is not entirely what I had hoped for. Many of my colleagues feel the same way, and I share many of their concerns.
