□ 1151

Mr. SCOTT of Virginia changed his vote from “yea” to “nay.”

So the bill was passed.

The result of the vote was announced as above recorded.

Pursuant to section 3 of House Resolution 725, the title of the bill was amended so as to read: “An Act to authorize the Attorney General and Secretary of Health and Human Services to award grants to address the national epidemics of prescription opioid abuse and heroin use, and to provide for the establishment of an inter-agency task force to review, modify, and update best practices for pain management and prescribing pain medication, and for other purposes.”

A motion to reconsider was laid on the table.

Stated for:

Mr. SCOTT of Virginia. Mr. Speaker, I inadvertently voted NAY on passage of S. 524, as amended by the House. I strongly support S. 524, as amended by the House.

PERSONAL EXPLANATION

Mr. SANFORD. Mr. Speaker, because I was in Nashville, Tennessee attending my son Landon's graduation from Vanderbilt University today, I was not present to vote. Had I been present, I would have voted “yea” on rollcall 190, “aye” on rollcall 191, “yea” on rollcall 192, and “nay” on rollcall 193.

PERSONAL EXPLANATION

Mr. KNIGHT. Mr. Speaker, on Friday, May 13th, I was absent due to obligations in the district. Had I been present for the day's vote series, I would have voted “yea” on rollcall No. 190, on ordering the previous question; “yea” on rollcall No. 191, on the rule providing for the consideration of S. 524; “nay” on rollcall No. 192, on approval of the journal; and “yea” on rollcall No. 193, on passage of S. 524 or the Comprehensive Addiction and Recovery Act of 2016, as modified by the House amendment.

MESSAGE FROM THE SENATE

A message from the Senate by Ms. Curtis, one of its clerks, announced that the Senate concurs in the amendment of the House of Representatives to bill (S. 1523) “An Act to amend the Federal Water Pollution Control Act to reauthorize the National Estuary Program, and for other purposes.”

MOTION TO GO TO CONFERENCE
ON S. 524, COMPREHENSIVE AD-
DICTION AND RECOVERY ACT

Mrs. BROOKS of Indiana. Mr. Speaker, I ask unanimous consent that the House insist on its amendments to the bill (S. 524) to authorize the Attorney General and Secretary of Health and Human Services to award grants to address the national epidemics of prescription opioid abuse and heroin use, and to provide for the establishment of an inter-agency task force to review, modify, and update best practices for pain management and prescribing pain medication, and for other purposes, and request a conference with the Senate thereon.

The SPEAKER pro tempore. The Clerk will report the title of the bill.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Indiana?

There was no objection.

MOTION TO INSTRUCT OFFERED BY MS. ESTY

Ms. ESTY. Mr. Speaker, I have a motion to instruct conferees at the desk.

The SPEAKER pro tempore. The Clerk will report the motion.

The Clerk read as follows:

Ms. Esty moves that the managers on the part of the House at the conference on the disagreeing votes of the two Houses on the House amendments to the bill S. 524 (an Act to authorize the Attorney General to award grants to address the national epidemics of prescription opioid abuse and heroin use) be instructed to recede to title III of the bill (relating to treatment and recovery programs).

The SPEAKER pro tempore. Pursuant to clause 7 of rule XXII, the gentlewoman from Connecticut (Ms. ESTY)

and the gentlewoman from Indiana (Mrs. BROOKS) each will control 30 minutes.

The Chair recognizes the gentlewoman from Connecticut.

Ms. ESTY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today to offer a motion which would instruct the appointed conference committee to prioritize prevention, treatment, and recovery programs for folks suffering from prescription opioid or heroin addiction, but all of the good legislation that we worked on so hard this past week in the House is close to futile without appropriate Federal funding.

It is all too easy for us to say we support helping folks who suffer from addiction to get the treatment and resources they so desperately need or to support community programs that spread awareness about the dangers of prescription drug use or to instruct and support medical professionals about the risks of opioid addiction, but it is time for us to put our money where our mouth is.

This year, the President requested that we appropriate \$1.1 billion to help the American people to prevent and treat addiction. It is time for us to act on that request. It is not enough to adopt important policies that we have this week on prevention and on treatment; we need funding.

We must provide adequate Federal funding to prevent addiction from occurring in the first place by expanding our prescription drug overdose prevention strategies. We must provide adequate Federal funding to help save the lives of those who have intentionally or accidentally overdosed by improving access to the overdose reversal drug naloxone and support targeted enforcement. And we must help our local law enforcement by supporting targeted enforcement activities.

Families across my district in Connecticut and across this great Nation are reaching out to our offices asking for support and help, asking us to come together and to address this public health crisis.

Recently, I was contacted by a family from my hometown about a young woman who was a classmate of one of my three children. They have lost track of this young woman. She has fallen into the grips of addiction and has disappeared for years from her family. They are trying to seek her out, find her, and get her treatment.

We were successful in finding her in a court. We were successful in getting her a bed. Sadly, she turned down treatment at this time. That is the story of what addiction does to families. We are hopeful that she will heed the voices of her family, that she will come back in and get treatment.

But that is also why prevention matters. Because it is so hard to treat addiction, we need to do everything we can to prevent folks from getting addicted in the first place.

That is why some of the provisions I included in this bill are so important:
