

completing his undergraduate degree, he plans to earn his master's and doctorate degrees in a similar field. His determination and unwavering resolve to excel in his academic pursuits have not gone unnoticed. Mr. Rasmussen stands as a shining example to other Wolf Pack students of what hard work can accomplish.

Today I ask my colleagues and all Nevadans to join me in congratulating Mr. Rasmussen. He has worked hard to earn this incredible scholarship, and I wish him the best of luck in his future endeavors.●

#### TRIBUTE TO TAYLOR WILSON

● Mr. HELLER. Mr. President, today I wish to recognize a Nevada student, Taylor Wilson, who has gone above and beyond in his academic pursuits. Taylor built a nuclear reactor in his parents' garage and is 1 of only 32 people in the world to achieve a nuclear fusion reaction. Even more impressive, he achieved this feat at only 14 years old, making him the youngest individual in the world to create nuclear fusion.

From a young age, Taylor showed an interest in nuclear science. By age 10, he had already hung a periodic table in his room and memorized all of the atomic numbers, masses, and melting points. By age 13, he had set up his own nuclear laboratory in his family garage. Around this time, his family had heard about the Davidson Academy of Nevada in Reno, which educates some of the Nation's brightest and most determined students. Shortly thereafter, the Wilson family decided to make the move to the great State of Nevada and allow Taylor to attend school at the academy.

Upon arrival at the Davidson Academy of Nevada, Taylor began his work to build a nuclear reactor. By this time, he had acquired one of the most extensive collections of radioactive material in the world and began to gather pieces for his machine to attain his goal of nuclear fusion. With the help of numerous mentors from the University of Nevada, Reno and the Davidson Academy of Nevada, Taylor was successful in his endeavors. Shortly after his 14th birthday, Taylor and a mentor loaded deuterium fuel and powered his machine, ultimately confirming the presence of neutrons and nuclear fusion.

Taylor later decided his nuclear fusion machine would be best utilized as a bomb-sniffing application, using the fusion reactor to produce weapons-sniffing neutrons to scan containers as they passed through ports. In just a few weeks, Taylor continued his research and developed a concept for a device that would use a small reactor to indicate whether or not a weapon was inside. He was later contacted by the Department of Homeland Security for his innovative application.

For the last 3 years, Taylor has led major science fairs across the Nation and around the world and has been

awarded nine prestigious accolades for his work. Without a doubt, Taylor's efforts are truly remarkable. I am proud to have a student of such unwavering dedication representing Nevada and would like to extend my sincerest congratulations to him for his numerous awards.

Today I wish to recognize the incredible work of one of Nevada's own, Taylor Wilson. I ask my colleagues to join me and all Nevadans in recognizing him for his many achievements, and I wish him the best of luck in all of his future endeavors.●

#### MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Mr. Pate, one of his secretaries.

#### EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.

(The messages received today are printed at the end of the Senate proceedings.)

#### MESSAGES FROM THE HOUSE

##### ENROLLED BILL SIGNED

At 9:32 a.m., a message from the House of Representatives, delivered by Mr. Novotny, one of its reading clerks, announced that the Speaker has signed the following enrolled bill:

H.R. 3209. An act to amend the Internal Revenue Code of 1986 to permit the disclosure of certain tax return information for the purpose of missing or exploited children investigations.

The enrolled bill was subsequently signed by the President pro tempore (Mr. HATCH).

At 10:31 a.m., a message from the House of Representatives, delivered by Mr. Novotny, one of its reading clerks, announced that the House has agreed to the following concurrent resolution, in which it requests the concurrence of the Senate:

H. Con. Res. 139. Concurrent resolution providing for a correction in the enrollment of H.R. 2577.

The message further announced that the House agrees to the report of the committee of conference on the disagreeing votes of the two Houses on the amendment of the House to the amendment of the Senate to the bill (H.R. 2577) making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2016, and for other purposes.

The message also announced that the House of Representatives having proceeded to reconsider the resolution

(H.J. Res. 88) disapproving the rule submitted by the Department of Labor relating to the definition of the term "Fiduciary", returned by the President of the United States with his objections, to the House of Representatives, in which it originated, it was resolved, that the said resolution do not pass, two-thirds of the House of Representatives not agreeing to pass the same.

##### ENROLLED BILLS SIGNED

At 2:16 p.m., a message from the House of Representatives, delivered by Mr. Novotny, one of its reading clerks, announced that the Speaker has signed the following enrolled bills:

S. 2133. An act to improve Federal agency financial and administrative controls and procedures to assess and mitigate fraud risks, and to improve Federal agencies' development and use of data analytics for the purpose of identifying, preventing, and responding to fraud, including improper payments.

S. 2487. An act to direct the Secretary of Veterans Affairs to identify mental health care and suicide prevention programs and metrics that are effective in treating women veterans as part of the evaluation of such programs by the Secretary, and for other purposes.

The enrolled bills were subsequently signed by the President pro tempore (Mr. HATCH.)

#### MEASURES PLACED ON THE CALENDAR

The following bills were read the second time, and placed on the calendar:

H.R. 5447. An act to provide an exception from certain group health plan requirements for qualified small employer health reimbursement arrangements.

H.R. 5456. An act to amend parts B and E of title IV of the Social Security Act to invest in funding prevention and family services to help keep children safe and supported at home, to ensure that children in foster care are placed in the least restrictive, most family-like, and appropriate settings, and for other purposes.

#### ENROLLED BILLS PRESENTED

The Secretary of the Senate reported that on today, June 23, 2016, she had presented to the President of the United States the following enrolled bills:

S. 2133. An act to improve Federal agency financial and administrative controls and procedures to assess and mitigate fraud risks, and to improve Federal agencies' development and use of data analytics for the purpose of identifying, preventing, and responding to fraud, including improper payments.

S. 2487. An act to direct the Secretary of Veterans Affairs to identify mental health care and suicide prevention programs and metrics that are effective in treating women veterans as part of the evaluation of such programs by the Secretary, and for other purposes.

#### EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with
