

Currently, Sykes Chapel Missionary Baptist Church is under the leadership of Pastor Derell Wiley. He believes that we can truly move mountains through prayer and faith. His established mission for Sykes Chapel is: "Exalting the Savior, Equipping the Saints, and Evangelizing the Sinner." In his vision, souls are saved, minds are renewed, hearts are cleansed, and members are rejuvenated. He emphasizes that the atmosphere will be shifted and a change will occur when we work together and embrace others with love, for God is love.

They are a little country church, but they serve an awesome God, who is able to transform minds, spirits, and lives. Under Pastor Wiley's leadership, they are growing physically and spiritually—studying and standing on the word of God. The following ministries have been started: Youth Ministry, Jail Ministry and Counseling, and the Convalescent Home Ministry. In addition, the church webpage, www.sykeschapel.com, was established.

By faith, they are discovering their purposes and trusting God for His promises. As God leads and guides, the future ministries will be developed: family ministries, couple ministries, and single ministries, as we become spiritually and physically prepared for God's kingdom. By faith, mountains are being moved, sinners are seeking Christ, and Christians are being restored.

The Sykes Chapel Missionary Baptist Church, believes that the greatest privilege and responsibility is to create disciples for Christ. The members are therefore committed to fulfilling their purpose through worship, fellowship, ministry, and Christian education.

Mr. Speaker, I ask my colleagues to join me in recognizing Sykes Chapel Missionary Baptist Church for its dedication to serving our great community and country.

CELEBRATING THE CITY OF
DOWNEY'S 60TH ANNIVERSARY

HON. LUCILE ROYBAL-ALLARD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 13, 2016

Ms. ROYBAL-ALLARD. Mr. Speaker, I rise today to pay tribute to the City of Downey on its 60th anniversary, and I ask my colleagues to join me in congratulating Downey and its residents on this magnificent milestone. It is my great privilege to represent this distinguished and dynamic city as part of California's 40th Congressional District.

The City of Downey, home to more than 113,000 residents, is a diverse community with a small-town friendliness located in the middle of an expansive metropolitan area. Downey, named an All-America City in 2013, was incorporated in 1956 after a lively local debate in which residents campaigned for, and ultimately won, self-governance of the formerly unincorporated Downey community.

Since that time, Downey has consistently been known for its quality residential neighborhoods, excellent schools, rich aerospace history, and engaging civic life. From the first Taco Bell restaurant and the oldest operational McDonald's, to the Apollo Space Program and Space Shuttles, Downey embodies its motto, "Future Unlimited."

Like the proponents of Downey's incorporation in the 1950s—many of whom are still ac-

tively engaged in the community—the successive generations of Downey residents have been committed to making Downey the very best it can be. City leaders continuously strive to improve the high quality of life for which the City of Downey is known, by providing the best possible service to residents, businesses, and each other in a professional, ethical, and responsible manner.

Downey has experienced significant developments during the last decade, including the revitalization of its downtown; an arts and culture movement, the city's new branding identity, Discover Downey; and, most significantly, the redevelopment of the former NASA Industrial Plant Site.

Today, the NASA site has been transformed from a vacant and blighted eyesore to a new and thriving community asset. On the northern end of the NASA site, the Downey Landing Commercial Center boasts 375,000 square feet of high-quality retail options for Downey residents. Kaiser Medical Center Downey, a new 352-bed hospital, created approximately 3,000 jobs, and has many environmentally friendly features and new medical offices. Discovery Sports Complex provided Downey residents with its first new public park space in more than 30 years.

The Columbia Memorial Space Center, which honors the crew of STS-107 lost on February 1, 2003, has been named the official national memorial to the Space Shuttle *Columbia* by a joint resolution of the U.S. Senate and House of Representatives. The center opened its doors in 2009 and is a popular destination for students and educators seeking to learn about space and science.

Most recent is the development of the Promenade at Downey, a 656,000-square-foot shopping center and entertainment district. The Promenade is Downey's newest community gathering spot and tourist destination, merging retail, dining, and entertainment with a one-of-a-kind walk through history.

Close to 60 years after incorporation, Downey remains a special place. Downey's indescribable essence of community is why generations of residents remain there, and why Downey continues to be a beacon to its surrounding cities. The relationships between Downey's individuals and institutions—between its community organizations, schools, local businesses, houses of worship, and residents—mean that Downey is uniquely capable of facing the challenges of the 21st century with the same spirit of vigor and commitment that created the city. This spirit will guide Downey as it continues into the "Future Unlimited," ensuring public safety, encouraging economic growth, supporting environmental responsibility, and building on its illustrious past.

I hope my colleagues will join me in celebrating Downey's 60th anniversary, and in wishing the city continued prosperity, growth, and happiness in all the years to come.

DEPARTMENT OF THE INTERIOR,
ENVIRONMENT, AND RELATED
AGENCIES APPROPRIATIONS
ACT, 2017

SPEECH OF

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 12, 2016

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5538) making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2017, and for other purposes:

Mr. VAN HOLLEN. Mr. Chair, I rise in strong opposition to the Goodlatte amendment, which would jeopardize state efforts to clean up the Chesapeake Bay.

Mr. Chair, in my home state of Maryland, at the center of the Bay watershed, there's a lot of concern about pollution behind the Conowingo Dam. The sediment and nutrients there don't just materialize out of nothing. They come from Pennsylvania, down the Susquehanna River, and are caught by the dam in Maryland. Pennsylvania's water, and pollution, doesn't stop at the Mason-Dixon line.

The Bay states have recognized the need to work together to protect the Chesapeake for three decades. But for most of that time, we haven't made the progress we need because there was no way to make sure that every state was keeping its commitment. That's why the states asked for federal assistance in 2008 and the federal government agreed to act as a backstop, giving every state the confidence to take action because they know they and their partners will be held accountable.

This has been working and has been upheld by the federal courts. The states are not asking for repeal. But this amendment would remove the accountability provisions that have been critical to the plan's success.

If Pennsylvania doesn't meet its responsibilities, Maryland sees the consequences at the Conowingo Dam. If Maryland doesn't do its job, it jeopardizes Virginia's oyster populations. We have a collaborative process in place, and our states have made significant investments and important progress. I urge my colleagues to respect the states' partnership and oppose the Goodlatte amendment.

PERSONAL EXPLANATION

HON. JOYCE BEATTY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 13, 2016

Mrs. BEATTY. Mr. Speaker, unfortunately on July 11, 2016, I missed roll call vote 401.

On roll call vote 401, had I been present, I would have voted "aye" on final passage of H.R. 5602, "To amend title 31, United States Code, to authorize the Secretary of the Treasury to include all funds when issuing certain geographic targeting orders, and for other purposes."

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate of February 4,
