

And there are other ways abridging or suppressing the right to vote, including:

1. Curtailing or eliminating early voting.
2. Ending same-day registration.
3. Not counting provisional ballots cast in the wrong precinct on Election Day will not count.
4. Eliminating adolescent pre-registration.
5. Shortening poll hours.
6. Lessening the standards governing voter challenges thus allowing self-proclaimed "ballot security vigilantes" like the King Street Patriots to cause trouble at the polls.

Mr. Speaker, on this day, the 53rd anniversary of the landmark Voting Rights Act signed into law by President Lyndon Johnson on August 6, 1965, I call upon House Speaker RYAN to bring legislation intended to protect the right to vote of all Americans to the floor for debate and vote.

Specifically, I call for the passage of the Voting Rights Advancement Act, (H.R. 2978) of which I am an original co-sponsor, which repairs the damage done to the Voting Rights Act by the Supreme Court's Shelby decision.

This legislation provides even greater federal oversight of jurisdictions which have a history of voter suppression and protects vulnerable communities from discriminatory voting practices.

Mr. Speaker, before concluding there is one other point I would like to stress.

In his address to the nation before signing the Voting Rights Act of 1965, President Johnson said:

Presidents and Congresses, laws and lawsuits can open the doors to the polling places and open the doors to the wondrous rewards which await the wise use of the ballot.

But only the individual Negro, and all others who have been denied the right to vote, can really walk through those doors, and can use that right, and can transform the vote into an instrument of justice and fulfillment.

In other words, political power—and the justice, opportunity, inclusion, and fulfillment it provides—comes not from the right to vote but in the exercise of that right.

And that means it is the civic obligation of every citizen to both register and vote in every election, state and local as well as federal.

Because if we can register and vote, but fail to do so, we are guilty of voluntary voter suppression, the most effective method of disenfranchisement ever devised.

And in recent years, Americans have not been doing a very good job of exercising our civic responsibility to register, vote, and make their voices heard.

Mr. Speaker, for millions of Americans, the right to vote protected by the Voting Rights Act of 1965 is sacred treasure, earned by the sweat and toil and tears and blood of ordinary Americans who showed the world it was possible to accomplish extraordinary things.

So on this 53rd anniversary of that landmark law, let us rededicate ourselves to honoring those who won for us this precious right by remaining vigilant and fighting against both the efforts of others to abridge or suppress the right to vote and our own apathy in exercising this sacred right.

TRIBUTE TO UNION COUNTY ISU EXTENSION AND OUTREACH

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 7, 2018

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to congratulate Union County ISU Extension and Outreach in Creston, Iowa on their 100-year anniversary. This is an important milestone in their history of service to Southwest Iowa and the Third Congressional District.

Iowa State University Extension and Outreach began in 1862 when President Lincoln signed into the Morrill Act, which established land-grant university systems. Extension and Outreach engaged farmers and homemakers to improve seeds, farming, and home practices. ISU Extension and Outreach now focuses on four main topics, ag and natural resources, health and well-being, economic development, and youth and 4-H outreach opportunities.

Throughout its many years of service, ISU Extension and Outreach has successfully met the needs of Southwest Iowa by providing excellent education for youth through 4-H and adults with necessary services to the communities. I congratulate Union County Extension on this historic anniversary and it is an honor to represent its employees in the United States Congress. I wish them nothing but continued success.

IN RECOGNITION OF MR. FERNANDO "FRED" C. MACHADO

HON. DAVID G. VALADAO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 7, 2018

Mr. VALADAO. Mr. Speaker, today I rise alongside Representative JIM COSTA and Representative DEVIN NUNES to recognize the life and public service of Fernando "Fred" C. Machado, a farmer, military veteran, and long-time advocate of California agriculture.

Mr. Fred Machado was born on March 4, 1932 and emigrated with his family from the Azores Islands of Portugal to the United States at the age of sixteen. Fred's parents, Joe F. and Margaret C. Machado, had seven children of which, Fred was the oldest. Growing up, Fred worked various farm jobs such as milking cows, driving trucks, picking cotton, and harvesting grapes.

At the age of nineteen, Fred joined the United States Navy and served aboard the USS *Montague* AKA 98 during the Korean Conflict. While in the military, he saved enough money to buy a car and a used tractor, and leased twenty-five acres. He realized his life-long ambition, to be a farmer, in 1956 when he bought his first forty acres. In 1957, he married his wife, Maxine Finney, and in 1970 expanded his personal farming operation to include a fifty-head Holstein dairy that grew over the years.

Mr. Machado joined the Fresno County Farm Bureau in 1957. In 1960, he attended an Easton Center meeting and became Vice Chairman. From there, Machado climbed the ranks, eventually serving as Fresno County Farm Bureau President from 1972 to 1974.

Mr. Machado was a major presence on agricultural boards and committees for decades throughout Fresno County and California. He served on the board of directors of the National Milk Producers Federation, Challenge Daily, Danish Creamery, and Ag One Foundation. Mr. Machado served three years on the Big Fresno Fair Board, appointed by President Ronald Reagan. In 1985, Frank Machado received Distinguished Service Awards from both the California Farm Bureau, as well as the Fresno County Farm Bureau.

Although dedicated to Central Valley agriculture, Fred Machado loved spending time with his family, especially his wife. Together, the couple have traveled to twenty-seven countries, and all fifty states. According to Fred, his most memorable trip was to South Korea where he was awarded the South Korea Veterans Peace Medal by the Ambassador of South Korea.

Sadly, on Monday, July 9, 2018, Fred Machado passed away. Although he left us too soon, Fred made a lasting, positive impact on the people he met. Fred is survived by his wife Maxine, their three children, and six grandchildren. Fred Machado left his community of Fresno County a far richer place, and for that we are blessed. He was a loving husband, caring father, agricultural champion, and military veteran. There is no doubt he will be deeply missed.

Mr. Speaker, today I ask my colleagues in the United States House of Representatives to join me in honoring the life of Fernando "Fred" C. Machado. Our thoughts and prayers are with his family and friends during this difficult time.
