

HOUSE OF REPRESENTATIVES—Thursday, June 24, 1999

The House met at 10 a.m.

The Reverend Dr. Calvin V. French, Reorganized Church of Jesus Christ of Latter Day Saints, Washington, D.C., offered the following prayer:

Eternal Father, who neither slumbers nor sleeps, we look to Thee at the beginning of the new day for a blessing of enlightenment and wisdom upon this body as they do their work today.

We thank You that You have chosen men and women from the common walks of life, and with Your empowerment, made them leaders of uncommon strength. You have called them to serve with a sense of commitment as truly as if before the altars of Thy sanctuary.

Endow each Member of this body with a sense of divine vocation. May their diversity of thought and vision become the manifestation of strength that comes when diversity is crowned with Thy grace. We stand on common ground when we seek the common good. It is for this purpose we have assembled to ask Thy help.

Finally, we invoke the counsel of Thy servant, David, who said: "Blessed is the Nation whose God is the Lord." Our Forefathers understood that simple truth and so structured our Republic in the security of Thy word.

May the inspiration of the old Gospel hymn prevail today and in the days to come: "Thy word our law, Thy paths our chosen way." Amen.

PASS THE PATIENTS' BILL OF RIGHTS

(Ms. KILPATRICK asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KILPATRICK. Mr. Speaker, one of the most important things that this Congress can do is to pass an effective health plan for American citizens. That is why I am happy that 168 Democrats signed a discharge petition yesterday to bring our Patients' Bill of Rights to the House floor. Let us debate it, debate it now.

Yesterday, the Nation's doctors passed a resolution to unionize. They want to be able to practice medicine, to decide which care their patients should have, to decide what medicines, the length of stay their patients need.

Let us have meaningful debate on the Patients' Bill of Rights today. It is important, Americans want it, and Democrats want to get the job done.
