

keep looking for it. (Rep. Stark would prefer to get insurers to take all customers at a common price, regardless of health status. Rep. Army would set up 'high-risk pools' to subsidize sick people's coverage in the 22 states that haven't already done so.)

"Too often, when Congress turns to health issues, it ends up applying legislative Band-Aids. It's time to address underlying causes. The biggest health problem facing the country is the uninsured. The tax code can be used to help them. We urge a bipartisan consensus to do so."

I urge my colleagues to cosponsor this legislation.

CONGRATULATING CALIFORNIA
FAMILY BUSINESS AWARD FI-
NALISTS

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 25, 1999

Mr. RADANOVICH. Mr. Speaker, I rise today to congratulate the Finalists for the first ever California Family Business Award. Ten Businesses from Bakersfield to Atwater are among the finalists.

Alert-O-Lite, Inc. in Fresno, provides traffic control and construction supply sales and rentals, and also operates a sign division, Signmax! The company has grown rapidly since its founding in 1971 by Eddie Hunsaker and Jake Jensen. Hunsaker bought out his partner in 1979 and brought his four children as partners in 1981. Revenues have doubled in the last seven years, and the company currently has three locations and 27 full-time employees. Alert-O-Lite was presented with the Top 5 Business Award in 1996.

Droogh Dairy in Lemoore, presently milking 1,100 cows with a herd size of 2,200, was founded by Case Droogh and his wife Corrie. They started in the dairy business in 1953 with a small farm in Paramount, California and several years later built a dairy with a herd size of 350 in Chino. They moved their dairy from Chino to Lemoore in 1974. In 1987 they remodeled to accommodate more than 1,000 cows and added a state-of-the-art milking system, fully computerized machines, and 5,000 acres of farmland for growing feed.

Ennis Homes in Porterville develops and builds single family and multifamily residential housing and professional offices and commercial complexes in the Central Valley. The company has grown tremendously in the past five years, with developments in Porterville, Tulare, Handford and Bakersfield. In 1995 it was named "Builder of the Year" by the Building Industry Association of Tulare and Kings County. Ennis Homes, founded in 1979 by Ben Ennis and his wife Roberta, was known as Ennis Development Corporation until March 1998.

Gray Lift, Inc. in Fresno, which provides material handling equipment, was established in 1957 by John L. Waugh, Sr. and Will Gray. From a single location in Fresno with nine employees and five service vehicles, it presently operates throughout 14 counties with approximately 160 full-time employees and more than 70 service vehicles. It has added branches in

Bakersfield, Santa Maria and Manteca, California. Three new divisions have been created since 1985; Forklift Wholesale Co., Warehouse Systems, and Construction Rental Services.

Grimmway Farms in Bakersfield is a fully integrated carrot and processed operation, from planting and growing to packing, processing and marketing. Grimmway harvests carrots from a total of 40,000 acres annually, with nearly half of the acreage devoted to "baby" carrots. The cut-and-peeled carrots account for more than half of the total dollar volume. To provide their buyers with year-round supplies, the company sources carrots from Bakersfield, Lancaster, the Imperial Valley and the Cuyama area in California, as well as Colorado.

Hester Orchard, Inc. in Visalia grows plums, walnuts, and oranges, dehydrates walnuts and pecans, and provides compost spreading and truck services. The farming operation started in 1940 with John Hester and his wife Ruth. In 1980, Hester Farms built a permanent office site to meet its growing needs. It is now farming 710 acres of owned and leased property in permanent tree crops. Commercial services include walnut harvesting; walnut hulling and drying at the rate of 220 tons per day; pecan hulling and drying; rental of dry storage space; and trucking.

Horstmann Financial and Insurance Services in Fresno has been providing life insurance services to Valley residents since 1958. John E. Horstmann is the founder of the company and is run by two generations of the family. In 1990, John Horstmann and seven other estate and business planners from across the country founded a national resource center for estate and business succession planning, based in Dallas. From the original eight members, the group has grown to include more than 100 professionals.

J.D. Heiskell & Co. in Tulare, has been in operation since 1886. They recently were named the highest volume single feed production facility in the United States, with nearly twice the volume of its nearest competitor. It was started by Jefferson Davis Heiskell as a branch of the Farmer's Union Warehouse Company of Stockton. Heiskell supervised the construction and operation of the Tulare Warehouse and a subsequent one in Delano. A decade later he bought the grain storage facility and later expanded into grain sales. In 1972, J.D. Heiskell and Co. built a modern computer-operated feed mill on its property. The company also owns and operates retail farm stores in Tulare, Visalia and Porterville. It is in its fourth generation of family operation.

Joseph Gallo Farms in Atwater operates 12,000 acres of land, raising five varieties of wine grapes, dairy cattle, dairy feed and cheese. It was founded in 1946 by Joseph Gallo, who owns Joseph Gallo Farms with his son Michael, CEO, and daughter Linda Gallo Jelacich. Gallo started out growing wine grapes, then cultivated other crops, as well as cattle, for market. The farm moved into milking in 1979, built a cheese-processing plant in 1982, began generic cheese processing in 1983, and developed the Joseph Farms brand in 1984. Joseph Farms, which processes approximately one million pounds of milk daily into award winning cheese, is presently the

largest selling, California-brand retail cheese. It is sold in more than 20 states and in Mexico, the South Pacific, Guam, the Caribbean, and Japan.

Lyles Diversified, Inc. in Fresno, is involved in shopping center and business park developments, real estate rental operations, underground pipeline and utility construction, heavy concrete and mechanical construction, manufacturing of closed circuit television surveillance equipment, and agricultural operations. The business was started as a proprietorship in 1945 by W.M. Lyles and Elizabeth V. Lyles, as a contractor specializing in oil field underground pipelines. It soon expanded into other types of underground construction; added orchard in 1974; started acquiring apartment complexes in the early 1970's, and later added office and hotel properties; and in the mid to late 1970's began to develop land for industrial and commercial use. It has grown into an organization consisting of Lyles Diversified, Inc., seven subsidiary corporations, and numerous partnerships. Three generations of Lyles family members currently are involved.

The winner of the California Family Business Award was J.D. Heiskell & Co. These businesses have all shown tremendous growth and achievement. I urge my colleagues to join me in wishing J.D. Heiskell & Co. along with the finalists, many more years of continued success.

S. 1196 A BILL TO IMPROVE THE
QUALITY, TIMELINESS, AND
CREDIBILITY OF FORENSIC
SCIENCE SERVICES FOR CRIMI-
NAL JUSTICE PURPOSES

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 25, 1999

Mr. BISHOP. Mr. Speaker, I rise to day to urge my colleagues to support a bill I introduced yesterday which will improve the quality, timeliness, and credibility of forensic science services for criminal justice purposes. I proudly sponsored the House companion to this bill.

With passage of this bill, the Congress will affirm to our law enforcement professionals that we care enough to provide them with the expertise that they need to do their jobs in an expeditious manner.

Across the country, state and local crime labs, Medical Examiners' and Coroners' offices face alarming shortages in forensic science resources. We see and hear of great advances in technology in all aspects of our lives. Yet, in my State of Georgia, the Georgia Bureau of Investigation headquarters in Decatur, Georgia must still catalog its cases manually. This is not right, Mr. Speaker. Our forensic labs lack the funding to create computer networks that would connect not only their forensic equipment with internal computers, but would also allow them to share information with crime labs across the country.

In a 1996 national survey of 299 crime labs, it was found that 8 out of 10 labs have experienced a growth in their caseloads which exceeds the growth in their budget. Crime data

need to be processed using the latest technological advances, in an expeditious manner as possible to ensure that all parties' interest are served.

The National Forensic Science Improvement Act has been endorsed by organizations such as the National Governors Association, the National Association of Attorneys General, the Association of State Criminal Investigative Agencies, and the International Association of Chiefs of Police.

This is common sense legislation Mr. Speaker. I urge all my colleagues to cosponsor and support this bill when it comes to the floor.

**BROTHERS OF MERCY CELEBRATE
75TH ANNIVERSARY**

HON. THOMAS M. REYNOLDS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, June 25, 1999

Mr. REYNOLDS. Mr. Speaker, I rise today in honor of the 75th Anniversary of the arrival of the Brothers of Mercy in the United States.

From their modest beginnings in June, 1856, when a German merchant named Peter Loetschert began helping the sick and the poor, the Brothers of Mercy grew rapidly. In 1924, two brothers arrived in Buffalo, New York, where they began what would be three-quarters of a century of service to the Western New York community.

Today, the Brothers of Mercy complex in Clarence, New York, has earned a reputation of excellence in compassionate and professional geriatric care. From Independent Housing and Adult Care to Nursing Care and Rehabilitation, the Brothers of Mercy and their more than 500 employees offer some of the most comprehensive long-term health care in our community.

It is my pleasure, Mr. Speaker, to offer my congratulations and best wishes to the Brothers of Mercy on their 75th Anniversary; and to further extend my hope that the Brothers of Mercy may enjoy another 75 years of assistance and compassion for the elderly population of our community.

**TRIBUTE TO THE LATE HON.
FLETCHER DANIELS**

HON. KAREN MCCARTHY

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Friday, June 25, 1999

Ms. MCCARTHY of Missouri. Mr. Speaker, I rise to remember the Hon. Fletcher Daniels, Missouri State Representative, District 41. Representative Daniels passed away in March, and he is sorely missed in my home State of Missouri and in our Greater Kansas City community. This Saturday, June 26, 1999, Missouri Governor Mel Carnahan will sign a resolution to officially rename the Missouri State Office Building in Kansas City the Fletcher Daniels State Office Building.

I served for a decade with State Representative Daniels in the Missouri General Assem-

bly and continued to seek his counsel and join in his advocacy in the United States Congress. Representative Daniels was a champion of the people, and together we elevated awareness about the plight of many disadvantaged people in the Kansas City area, such as Denise Anderson, who was enduring unbearable working conditions because her employer would not make reasonable accommodation for her handicap.

State Representative Daniels retired from a 30-year career with the U.S. Postal Service to serve on the Kansas City School Board until he was elected to the Missouri State House in 1984. He served in the Missouri House of Representatives for 15 years, and was the first African American Speaker Pro Tem in the history of our State. He also served with distinction on the Appropriations, Criminal and State Institutions, and Criminal Law committees.

Fletcher Daniels missed no opportunity to give back to his community and serve the people who live there. He was a member and Trustee of the Metropolitan Missionary Baptist Church of Kansas City from 1946 until his passing. He also served as the Chairman of the Board of the Kansas City Community Committee for Social Action, Vice President of the Kansas City Chapter of the NAACP, Board Member of the Advisory and Executive Committee of the Kansas City Chapter of the Urban League, and President and Principal Negotiator for the Citizen Coordinator Committee. He was unflinching in his commitment to improving the lives of those who lived in the Kansas City area, and especially those who suffer from inequity.

The Kansas City area and the State of Missouri mourns the loss of this exceptional community leader, and we join together to honor his memory by renaming the Missouri State Office Building for him. It is an honor that he, his loving wife, Sybil, and his family truly deserve.

**TRIBUTE TO CONGRESSIONAL
CHIEF OF STAFF TIM HUGO**

HON. BUD SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 25, 1999

Mr. SHUSTER. Mr. Speaker, I rise today to pay tribute to a man who has worked for me over the past twelve years. Tim Hugo, who has served as my Congressional Chief of Staff for more than three years will be leaving my office this month. Tim has accepted an excellent opportunity as Executive Director of a new high technology trade association, CapNet in Washington. Tim has done an absolutely outstanding job for me during the past three years.

A 1986 graduate of the College of William and Mary, Tim began working in my Congressional office in 1987. Tim has held various positions on my staff, from Legislative Assistant to Legislative Director to Chief of Staff. During the past twelve years Tim has pursued other endeavors which included serving in the U.S. Army as an Intelligence Specialist, and as a Special Assistant for the Assistant Secretary of Defense in the Pentagon. In addition, Tim

served as Legislative Director for Congresswoman Jennifer Dunn and as a Professional Staff Member on the Committee on House Administration.

As a fourteen term member of the House of Representatives, Tim has stood with me as a staff member for nearly half of my career in Congress. I place great value on the hard work of the people on my staff, but in no other position do I demand more than that of the Chief of Staff. Tim has carried a great deal of responsibility and demonstrated the skills it takes to be a caring and vigilant public servant. Tim has been an exemplary Chief of Staff. He is a person I can count on in the heat of the battle to make positive things happen for the citizens of the Ninth Congressional District and his contributions to this office and to the residents of my district will not be forgotten.

I thank Tim for his leadership and devotion and wish him well on his new career. He assumes his new position with my full support and confidence. I wish Tim, his wife Paula and daughter Katie all the best. I want them to know that Tim will be greatly missed.

**TRIBUTE TO THE CALIFORNIA
ADVOCATE NEWSPAPER**

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 25, 1999

Mr. RADANOVICH. Mr. Speaker, I rise today to pay tribute to the California Advocate Newspaper for their 32 years of service to the community. The California Advocate is a multicultural newspaper and is the voice for the minority community and the social conscious of the San Joaquin Valley.

Former Fresno City Councilman Les Kimber and wife Pauline began publishing the California Advocate Newspaper in 1967. The paper continues to initiate action to promote justice and equality for the minority community with an emphasis on self-esteem and self-determination. The California Advocate Newspaper is also a resource for minorities seeking employment opportunities, especially at Fresno City College and in the city's police and fire departments.

Les Kimber led the committee that hired the first African American on television in Fresno. He also headed the corporation that put together low income housing for West Frenans, and helped to establish the Ethnic Studies Department at California State University, Fresno. As an advocate and publisher, Kimber founded the United Black Men of Fresno, which is comprised of 100 men who promote economic development by stressing opportunities for minorities to become employers as well as employees.

The California Advocate Newspaper is a member of the West Coast Black Publishers Association and the National Newspaper Publishers Association. The Advocate has also received numerous awards: The ACLU Northern California Civil Liberties Award in 1975 for outstanding contributions; the Governors Award in 1985 for fighting crime; the Chicago Media Award in 1986; the West Coast Black Publishers Award in 1990; the NAACP Heritage
